EFFECTIVE DATE

Pub. L. 102-190, div. A, title III, §331(b), Dec. 5, 1991, 105 Stat. 1340, provided that: “Section 2708 of title 10, United States Code, shall apply with respect to contracts entered into after the expiration of the 60-day period beginning on the date of the enactment of this Act [Dec. 5, 1991].”

§ 2709. Investment control process for environmental technologies

(a) INVESTMENT CONTROL PROCESS.—The Secretary of Defense shall ensure that the technology planning process developed to implement section 2501 of this title and section 270(b) of the National Defense Authorization Act for Fiscal Year 1997 (Public Law 104-201; 110 Stat. 2469) provides for an investment control process for the selection, prioritization, management, and evaluation of environmental technologies by the Department of Defense, the military departments, and the Defense Agencies.

(b) PLANNING AND EVALUATION.—The environmental technology investment control process

required by subsection (a) shall provide, at a minimum, for the following:

(1) The active participation by end-users of environmental technology, including the officials responsible for the environmental security programs of the Department of Defense and the military departments, in the selection and prioritization of environmental technologies.

(2) The development of measurable performance goals and objectives for the management and development of environmental technologies and specific mechanisms for assuring the achievement of the goals and objectives.

(3) Annual performance reviews to determine whether the goals and objectives have been achieved and to take appropriate action in the event that they are not achieved.

PURPOSES OF SECTION 323 OF PUB. L. 106-65

Pub. L. 106-65, div. A, title III, §323(a), Oct. 5, 1999, 113 Stat. 562, provided that: “The purposes of this section [enacting this section, amending section 2706 of this title, and enacting provisions set out as a note under section 2706 of this title] are—

“(1) to hold the Department of Defense and the military departments accountable for achieving performance-based results in the management of environmental technology by providing a connection between program direction and the achievement of specific performance-based results;

“(2) to assure the identification of end-user requirements for environmental technology within the military departments;

“(3) to assure results, quality of effort, and appropriate levels of service and support for end-users of environmental technology within the military departments; and

“(4) to promote improvement in the performance of environmental technologies by establishing objectives for environmental technology programs, measuring performance against such objectives, and making public reports on the progress made in such performance.”

§ 2710. Inventory of unexploded ordnance, discarded military munitions, and munitions constituents at defense sites (other than operational ranges)

(a) INVENTORY REQUIRED.—(1) The Secretary of Defense shall develop and maintain an inventory of defense sites that are known or suspected to contain unexploded ordnance, discarded military munitions, or munitions constituents.

(2) The information in the inventory for each defense site shall include, at a minimum, the following:

(A) A unique identifier for the defense site.

(B) An appropriate record showing the location, boundaries, and extent of the defense site, including identification of the State and political subdivisions of the State, including the county, where applicable, in which the defense site is located and any Tribal lands encompassed by the defense site.
