In subsection (a) the words “enlisted members of the naval service and enlisted members of the Coast Guard when it is operating as a service in the Navy” are substituted for the words “enlisted naval personnel” to execute the definition of “naval personnel” made applicable to this section by 5 U.S.C. 421g. The definition in that section also covers personnel of the Coast and Geodetic Survey, but since that service has no enlisted members reference to it is unnecessary. In executing this definition the words “while on active duty” are omitted as unnecessary, since members not on active duty would not be subject to assignment by the Secretary of the Navy.

In subsection (b) the word “transferred” before the words “member of the Fleet Reserve” is omitted as unnecessary, since the categories of such members other than “transferred” have not been administratively used, and authority for them is omitted in this title. The words “and the Fleet Marine Corps Reserve” are added, as the words “Fleet Reserve” are used in a generic sense to cover such members. The words “when not on active duty” are added. When the personnel concerned are on active duty, they are treated in the same manner as others on active duty.
