**§ 460mmm-3. Black Ridge Canyons Wilderness designation**

Certain lands in Mesa County, Colorado, and Grand County, Utah, which comprise approximately 75,550 acres as generally depicted on the Map, are hereby designated as wilderness and therefore as a component of the National Wilderness Preservation System. (B) other applicable law, including this subchapter.

**(b) Uses**

<sup>1</sup> So in original. Probably should be section “460mmm(a)”.

**(c) Withdrawals**

Subject to valid existing rights, all Federal land within the Conservation Area and the Wilderness and all land and interests in land acquired for the Conservation Area or the Wilderness by the United States are withdrawn from—

(1) all forms of entry, appropriation, or disposal under the public land laws;

(2) location, entry, and patent under the mining laws; and

(3) the operation of the mineral leasing, mineral materials, and geothermal leasing laws, and all amendments thereto.

Nothing in this subsection shall be construed to affect discretionary authority of the Secretary under other Federal laws to grant, issue, or renew rights-of-way or other land use authorizations consistent with the other provisions of this subchapter.

**(d) Off-highway vehicle use**

**(1) In general**

Except as provided in paragraph (2), use of motorized vehicles in the Conservation Area—

(A) before the effective date of a management plan under subsection (h), shall be allowed only on roads and trails designated for use of motor vehicles in the management plan that applies on October 24, 2000, to the public lands in the Conservation Area; and

(B) after the effective date of a management plan under subsection (h), shall be allowed only on roads and trails designated for use of motor vehicles in that management plan.

**(2) Administrative and emergency response use**

Paragraph (1) shall not limit the use of motor vehicles in the Conservation Area as needed for administrative purposes or to respond to an emergency.

**(e) Wilderness**

Subject to valid existing rights, lands designated as wilderness by this subchapter shall be managed by the Secretary, as appropriate, in accordance with the Wilderness Act (16 U.S.C. 1131 et seq.) and this subchapter, except that, with respect to any wilderness areas designated by this subchapter, any reference in the Wilderness Act to the effective date of the Wilderness Act shall be deemed to be a reference to October 24, 2000.

**(f) Hunting, trapping, and fishing**

**(1) In general**

Hunting, trapping, and fishing shall be allowed within the Conservation Area and the Wilderness in accordance with applicable laws and regulations of the United States and the States of Colorado and Utah.

**(2) Area and time closures**

The head of the Colorado Division of Wildlife (in reference to land within the State of Colorado), the head of the Utah Division of Wildlife (in reference to land within the State of Utah), or the Secretary after consultation with the Colorado Division of Wildlife (in reference to land within the State of Colorado) or the head of the Utah Division of Wildlife (in reference

to land within the State of Utah), may issue regulations designating zones where, and establishing limited periods when, hunting, trapping, or fishing shall be prohibited in the Conservation Area or the Wilderness for reasons of public safety, administration, or public use and enjoyment.

**(g) Grazing**

**(1) In general**

Except as provided by paragraph (2), the Secretary shall issue and administer any grazing leases or permits in the Conservation Area and the Wilderness in accordance with the same laws (including regulations) and Executive orders followed by the Secretary in issuing and administering grazing leases and permits on other land under the jurisdiction of the Bureau of Land Management.

**(2) Grazing in wilderness**

Grazing of livestock in the Wilderness shall be administered in accordance with the provisions of section 4(d)(4) of the Wilderness Act (16 U.S.C. 1133(d)(4)), in accordance with the guidelines set forth in Appendix A of House Report 101-405 of the 101st Congress.

**(h) Management plan**

**(1) In general**

Not later than 3 years after October 24, 2000, the Secretary shall develop a comprehensive management plan for the long-range protection and management of the Conservation Area and the Wilderness and the lands described in paragraph (2)(E).

**(2) Purposes**

The management plan shall—

(A) describe the appropriate uses and management of the Conservation Area and the Wilderness;

(B) take into consideration any information developed in studies of the land within the Conservation Area or the Wilderness;

(C) provide for the continued management of the utility corridor, Black Ridge Communications Site, and the Federal Aviation Administration site as such for the land designated on the Map as utility corridor, Black Ridge Communications Site, and the Federal Aviation Administration site;

(D) take into consideration the historical involvement of the local community in the interpretation and protection of the resources of the Conservation Area and the Wilderness, as well as the Ruby Canyon/Black Ridge Integrated Resource Management Plan, dated March 1998, which was the result of collaborative efforts on the part of the Bureau of Land Management and the local community; and

(E) include all public lands between the boundary of the Conservation Area and the edge of the Colorado River and, on such lands, the Secretary shall allow only such recreational or other uses as are consistent with this subchapter.

**(i) No buffer zones**

The Congress does not intend for the establishment of the Conservation Area or the Wilderness

to lead to the creation of protective perimeters or buffer zones around the Conservation Area or the Wilderness. The fact that there may be activities or uses on lands outside the Conservation Area or the Wilderness that would not be allowed in the Conservation Area or the Wilderness shall not preclude such activities or uses on such lands up to the boundary of the Conservation Area or the Wilderness consistent with other applicable laws.

**(j) Acquisition of land**

**(1) In general**

The Secretary may acquire non-federally owned land within the exterior boundaries of the Conservation Area or the Wilderness only through purchase from a willing seller, exchange, or donation.

**(2) Management**

Land acquired under paragraph (1) shall be managed as part of the Conservation Area or the Wilderness, as the case may be, in accordance with this subchapter.

**(k) Interpretive facilities or sites**

The Secretary may establish minimal interpretive facilities or sites in cooperation with other public or private entities as the Secretary considers appropriate. Any facilities or sites shall be designed to protect the resources referred to in section 460mmm(b) of this title.

**(l) Water rights**

**(1) Findings**

Congress finds that—

(A) the lands designated as wilderness by this subchapter are located at the headwaters of the streams and rivers on those lands, with few, if any, actual or proposed water resource facilities located upstream from such lands and few, if any, opportunities for diversion, storage, or other uses of water occurring outside such lands that would adversely affect the wilderness or other values of such lands;

(B) the lands designated as wilderness by this subchapter generally are not suitable for use for development of new water resource facilities, or for the expansion of existing facilities;

(C) it is possible to provide for proper management and protection of the wilderness and other values of such lands in ways different from those utilized in other legislation designating as wilderness lands not sharing the attributes of the lands designated as wilderness by this subchapter.

**(2) Statutory construction**

(A) Nothing in this subchapter shall constitute or be construed to constitute either an express or implied reservation of any water or water rights with respect to the lands designated as a national conservation area or as wilderness by this subchapter.

(B) Nothing in this subchapter shall affect any conditional or absolute water rights in the State of Colorado existing on October 24, 2000.

(C) Nothing in this subsection shall be construed as establishing a precedent with regard to any future national conservation area or wilderness designations.

(D) Nothing in this subchapter shall be construed as limiting, altering, modifying, or amending any of the interstate compacts or equitable apportionment decrees that apportion water among and between the State of Colorado and other States.

**(3) Colorado water law**

The Secretary shall follow the procedural and substantive requirements of the law of the State of Colorado in order to obtain and hold any new water rights with respect to the Conservation Area and the Wilderness.

**(4) New projects**

(A) As used in this paragraph, the term “water resource facility” means irrigation and pumping facilities, reservoirs, water conservation works, aqueducts, canals, ditches, pipelines, wells, hydropower projects, and transmission and other ancillary facilities, and other water diversion, storage, and carriage structures. Such term does not include any such facilities related to or used for the purpose of livestock grazing.

(B) Except as otherwise provided by subsection (g) or other provisions of this subchapter, on and after October 24, 2000, neither the President nor any other officer, employee, or agent of the United States shall fund, assist, authorize, or issue a license or permit for the development of any new water resource facility within the wilderness area designated by this subchapter.

(C) Except as provided in this paragraph, nothing in this subchapter shall be construed to affect or limit the use, operation, maintenance, repair, modification, or replacement of water resource facilities in existence on October 24, 2000, within the boundaries of the Wilderness.

**(5) Boundaries along Colorado River**

(A) Neither the Conservation Area nor the Wilderness shall include any part of the Colorado River to the 100-year high water mark.

(B) Nothing in this subchapter shall affect the authority that the Secretary may or may not have to manage recreational uses on the Colorado River, except as such authority may be affected by compliance with paragraph (3). Nothing in this subchapter shall be construed to affect the authority of the Secretary to manage the public lands between the boundary of the Conservation Area and the edge of the Colorado River.

(C) Subject to valid existing rights, all lands owned by the Federal Government between the 100-year high water mark on each shore of the Colorado River, as designated on the Map from the line labeled “Line A” on the east to the boundary between the States of Colorado and Utah on the west, are hereby withdrawn from—

- (i) all forms of entry, appropriation, or disposal under the public land laws;
- (ii) location, entry, and patent under the mining laws; and
- (iii) the operation of the mineral leasing, mineral materials, and geothermal leasing laws.
