

tion ownership or power purchase arrangements remain in effect.

**(d) Certain transmission rights**

The Commission may exercise authority under this chapter to make transmission rights not used to meet an obligation covered by subsection (b) available to other entities in a manner determined by the Commission to be just, reasonable, and not unduly discriminatory or preferential.

**(e) Obligation to build**

Nothing in this chapter relieves a load-serving entity from any obligation under State or local law to build transmission or distribution facilities adequate to meet the service obligations of the load-serving entity.

**(f) Contracts**

Nothing in this section shall provide a basis for abrogating any contract or service agreement for firm transmission service or rights in effect as of August 8, 2005. If an ISO in the Western Interconnection had allocated financial transmission rights prior to August 8, 2005, but had not done so with respect to one or more load-serving entities' firm transmission rights held under contracts to which the preceding sentence applies (or held by reason of ownership or future ownership of transmission facilities), such load-serving entities may not be required, without their consent, to convert such firm transmission rights to tradable or financial rights, except where the load-serving entity has voluntarily joined the ISO as a participating transmission owner (or its successor) in accordance with the ISO tariff.

**(g) Water pumping facilities**

The Commission shall ensure that any entity described in section 824(f) of this title that owns transmission facilities used predominately to support its own water pumping facilities shall have, with respect to the facilities, protections for transmission service comparable to those provided to load-serving entities pursuant to this section.

**(h) ERCOT**

This section shall not apply within the area referred to in section 824k(k)(2)(A) of this title.

**(i) Jurisdiction**

This section does not authorize the Commission to take any action not otherwise within the jurisdiction of the Commission.

**(j) TVA area**

(1) Subject to paragraphs (2) and (3), for purposes of subsection (b)(1)(B), a load-serving entity that is located within the service area of the Tennessee Valley Authority and that has a firm wholesale power supply contract with the Tennessee Valley Authority shall be considered to hold firm transmission rights for the transmission of the power provided.

(2) Nothing in this subsection affects the requirements of section 824k(j) of this title.

(3) The Commission shall not issue an order on the basis of this subsection that is contrary to the purposes of section 824k(j) of this title.

**(k) Effect of exercising rights**

An entity that to the extent required to meet its service obligations exercises rights described

in subsection (b) shall not be considered by such action as engaging in undue discrimination or preference under this chapter.

FERC RULEMAKING ON LONG-TERM TRANSMISSION RIGHTS IN ORGANIZED MARKETS

Pub. L. 109-58, title XII, §1233(b), Aug. 8, 2005, 119 Stat. 960, provided that: "Within 1 year after the date of enactment of this section [Aug. 8, 2005] and after notice and an opportunity for comment, the [Federal Energy Regulatory] Commission shall by rule or order, implement section 217(b)(4) of the Federal Power Act [16 U.S.C. 824q(b)(4)] in Transmission Organizations, as defined by that Act [16 U.S.C. 791a et seq.] with organized electricity markets."

**§ 824r. Protection of transmission contracts in the Pacific Northwest**

**(a) Definition of electric utility or person**

In this section, the term "electric utility or person" means an electric utility or person that—

(1) as of August 8, 2005, holds firm transmission rights pursuant to contract or by reason of ownership of transmission facilities; and

(2) is located—

(A) in the Pacific Northwest, as that region is defined in section 839a of this title; or

(B) in that portion of a State included in the geographic area proposed for a regional transmission organization in Commission Docket Number RT01-35 on the date on which that docket was opened.

**(b) Protection of transmission contracts**

Nothing in this chapter confers on the Commission the authority to require an electric utility or person to convert to tradable or financial rights—

(1) firm transmission rights described in subsection (a); or

(2) firm transmission rights obtained by exercising contract or tariff rights associated with the firm transmission rights described in subsection (a).

(June 10, 1920, ch. 285, pt. II, §218, as added Pub. L. 109-58, title XII, §1235, Aug. 8, 2005, 119 Stat. 960.)

**§ 824s. Transmission infrastructure investment**

**(a) Rulemaking requirement**

Not later than 1 year after August 8, 2005, the Commission shall establish, by rule, incentive-based (including performance-based) rate treatments for the transmission of electric energy in interstate commerce by public utilities for the purpose of benefitting consumers by ensuring reliability and reducing the cost of delivered power by reducing transmission congestion.

**(b) Contents**

The rule shall—

(1) promote reliable and economically efficient transmission and generation of electricity by promoting capital investment in the enlargement, improvement, maintenance, and operation of all facilities for the transmission
