

“(6) to promote and develop environmentally sound and sustainable resource management practices.

“SEC. 3. ESTABLISHMENT OF THE INSTITUTE.

“(a) IN GENERAL.—The Secretary of the Interior (referred to in this Act as the ‘Secretary’), acting through the Director of the National Park Service, shall establish the National Cave and Karst Research Institute (referred to in this Act as the ‘Institute’).

“(b) PURPOSES.—The Institute shall, to the extent practicable, further the purposes of this Act.

“(c) LOCATION.—The Institute shall be located in the vicinity of Carlsbad Caverns National Park, in the State of New Mexico. The Institute shall not be located inside the boundaries of Carlsbad Caverns National Park.

“SEC. 4. ADMINISTRATION OF THE INSTITUTE.

“(a) MANAGEMENT.—The Institute shall be jointly administered by the National Park Service and a public or private agency, organization, or institution, as determined by the Secretary.

“(b) GUIDELINES.—The Institute shall be operated and managed in accordance with the study prepared by the National Park Service pursuant to section 203 of the Act entitled ‘An Act to conduct certain studies in the State of New Mexico’, approved November 15, 1990 (Public Law 101-578; 16 U.S.C. 4310 note).

“(c) CONTRACTS AND COOPERATIVE AGREEMENTS.—The Secretary may enter into a contract or cooperative agreement with a public or private agency, organization, or institution to carry out this Act.

“(d) FACILITY.—

“(1) LEASING OR ACQUIRING A FACILITY.—The Secretary may lease or acquire a facility for the Institute.

“(2) CONSTRUCTION OF A FACILITY.—If the Secretary determines that a suitable facility is not available for a lease or acquisition under paragraph (1), the Secretary may construct a facility for the Institute.

“(e) ACCEPTANCE OF GRANTS AND TRANSFERS.—To carry out this Act, the Secretary may accept—

“(1) a grant or donation from a private person; or

“(2) a transfer of funds from another Federal agency.

“SEC. 5. AUTHORIZATION OF APPROPRIATIONS.

“There are authorized to be appropriated such sums as are necessary to carry out this Act.”

CONGRESSIONAL FINDINGS

Pub. L. 101-578, title II, §201, Nov. 15, 1990, 104 Stat. 2859, provided that: “The Congress makes the following findings:

“(1) The World’s most exposed fossil reef, Capitan Reef, in southern New Mexico that includes Carlsbad Caverns, contains over 300 caves, including 75 identified caves in Carlsbad Caverns National Park and 22 caves in Guadalupe Mountains National Park.

“(2) Recent explorations of Lechuguilla Cave at Carlsbad Caverns National Park have provided much new information about the wonders of this cave including the fact that it is the second deepest cave in the United States and contains outstanding world-class cave features such as gypsum crystal chandeliers and gypsum flowers.

“(3) The Lechuguilla Cave has been described by cave researchers as possibly the finest cave in America.

“(4) The interest and excitement of cave researchers throughout the world have been focused on Carlsbad Caverns National Park.

“(5) Cave researchers could use this research institute as an operational base for study of caves in other regions and as a focal point for storage of data on cave geology and speleology.

“(6) The Congress, with the passage of Public Law 100-691, the Federal Cave Resources Protection Act of 1988 [16 U.S.C. 4301 et seq.], recognized the significance of cave resources on Federal lands and established the policy that Federal lands be managed in a

manner which protects and maintains, to the extent practicable, significant cave resources.”

CAVE RESEARCH INSTITUTE STUDY

Pub. L. 101-578, title II, §203, Nov. 15, 1990, 104 Stat. 2860, directed Secretary of the Interior, not later than one year after Nov. 15, 1990, to prepare and transmit to Congress a study on the feasibility of establishing a Cave Research Institute.

AUTHORIZATION OF APPROPRIATIONS

Pub. L. 101-578, title II, §204, Nov. 15, 1990, 104 Stat. 2860, provided that: “There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this title [enacting this section and provisions set out as notes above].”

CHAPTER 64—NORTH AMERICAN WETLANDS CONSERVATION

Sec.	
4401.	Findings and statement of purpose.
4402.	Definitions.
4403.	Establishment of North American Wetlands Conservation Council.
4404.	Approval of wetlands conservation projects.
4405.	Conditions relating to wetlands conservation projects.
4406.	Amounts available to carry out this chapter.
4407.	Allocation of amounts available to carry out this chapter.
4408.	Restoration, management, and protection of wetlands and habitat for migratory birds on Federal lands.
4409.	Report to Congress.
4410.	Revisions to Plan.
4411.	Relationship to other authorities.
4412.	Limitation on assessments against Migratory Bird Conservation Fund.
4413.	Other agreements.
4414.	Assessment of progress in wetlands conservation.

§ 4401. Findings and statement of purpose

(a) Findings

The Congress finds and declares that—

(1) the maintenance of healthy populations of migratory birds in North America is dependent on the protection, restoration, and management of wetland ecosystems and associated habitats in Canada, as well as in the United States and Mexico;

(2) wetland ecosystems provide essential and significant habitat for fish, shellfish, and other wildlife of commercial, recreational, scientific, and aesthetic values;

(3) almost 35 per centum of all rare, threatened, and endangered species of animals are dependent on wetland ecosystems;

(4) wetland ecosystems provide substantial flood and storm control values and can obviate the need for expensive manmade control measures;

(5) wetland ecosystems make a significant contribution to water availability and quality, recharging ground water, filtering surface runoff, and providing waste treatment;

(6) wetland ecosystems provide aquatic areas important for recreational and aesthetic purposes;

(7) more than 50 per centum of the original wetlands in the United States alone have been lost;

(8) wetlands destruction, loss of nesting cover, and degradation of migration and win-
