- (2) consistent with this chapter.

(b) Joint management committee recommendations

For any year in which both parties to the Agreement approve recommendations made by the joint management committee with respect to the catch level, the Secretary shall implement the approved recommendations. Any regulation promulgated by the Secretary to implement any such recommendation shall apply, as necessary, to all persons and all vessels subject to the jurisdiction of the United States wherever located.

(c) Years with no approved catch recommendations

- (2) base the total allowable catch on the best scientific information available;

- (4) establish the United State’s¹ share of the total allowable catch based on paragraph 2 of Article III of the Agreement and make any adjustments necessary under section 5 of Article II of the Agreement.
