

(if any) designated under section 933(g) of this title, information about any sequestration if required by subsection (b), and other data and explanations that enhance public understanding of this chapter and actions taken under it.

(b) Sequestration order

If the annual report issued at the end of a session of Congress under subsection (a) shows a debit on either PAYGO scorecard for the budget year, OMB shall prepare and the President shall issue and include in that report a sequestration order that, upon issuance, shall reduce budgetary resources of direct spending programs by enough to offset that debit as prescribed in section 935 of this title. If there is a debit on both scorecards, the order shall fully offset the larger of the two debits. OMB shall transmit the order and the report to the House of Representatives and the Senate. If the President issues a sequestration order, the annual report shall contain, for each budget account to be sequestered, estimates of the baseline level of budgetary resources subject to sequestration, the amount of budgetary resources to be sequestered, and the outlay reductions that will occur in the budget year and the subsequent fiscal year because of that sequestration.

§ 935. Calculating a sequestration

(a) Reducing nonexempt budgetary resources by a uniform percentage

(1) In general

OMB shall calculate the uniform percentage by which the budgetary resources of non-exempt direct spending programs are to be sequestered such that the outlay savings resulting from that sequestration, as calculated under subsection (b), shall offset the budget-year debit, if any, on the applicable PAYGO scorecard. If the uniform percentage calculated under the prior sentence exceeds 4 percent, the Medicare programs described in section 906(d) of this title shall be reduced by 4 percent and the uniform percentage by which the budgetary resources of all other non-exempt direct spending programs are to be sequestered shall be increased, as necessary, so that the sequestration of Medicare and of all other nonexempt direct spending programs together produce the required outlay savings.

(2) Programs and activities in unified budget only

Subject to the exemptions set forth in section 11,¹ OMB shall determine the uniform percentage required under paragraph (1) with re-

spect to programs and activities contained in the unified budget only.

(b) Outlay savings

In determining the amount by which a sequestration offsets a budget-year debit, OMB shall count—

(1) the amount by which the sequestration in a crop year of crop support payments, pursuant to section 906(j) of this title, reduces outlays in the budget year and the subsequent fiscal year;

(2) the amount by which the sequestration of Medicare payments in the 12-month period following the sequestration order, pursuant to section 906(d) of this title, reduces outlays in the budget year and the subsequent fiscal year; and

(3) the amount by which the sequestration in the budget year of the budgetary resources of other nonexempt mandatory programs reduces outlays in the budget year and in the subsequent fiscal year.
