§ 1435. Requirements for statewide system

(a) In general

A statewide system described in section 1433 of this title shall include, at a minimum, the following components:

(1) A rigorous definition of the term “developmental delay” that will be used by the State in carrying out programs under this subchapter in order to appropriately identify infants and toddlers with disabilities that are in need of services under this subchapter.

(2) A State policy that is in effect and that ensures that appropriate early intervention services based on scientifically based research, to the extent practicable, are available to all infants and toddlers with disabilities and their families, including Indian infants and toddlers with disabilities and their families residing on a reservation geographically located in the State and infants and toddlers with disabilities who are homeless children and their families.

(3) A timely, comprehensive, multidisciplinary evaluation of the functioning of each infant or toddler with a disability in the State, and a family-directed identification of the needs of each family of such an infant or toddler, to assist appropriately in the development of the infant or toddler.

(4) For each infant or toddler with a disability in the State, an individualized family service plan in accordance with section 1436 of this title, including service coordination services in accordance with such service plan.

(5) A comprehensive child find system, consistent with subchapter II, including a system for making referrals to service providers that includes timelines and provides for participation by primary referral sources and that ensures rigorous standards for appropriately identifying infants and toddlers with disabilities for services under this subchapter that will reduce the need for future services.

(6) A public awareness program focusing on early identification of infants and toddlers with disabilities, including the preparation and dissemination by the lead agency designated or established under paragraph (10) to all primary referral sources, especially hospitals and physicians, of information to be given to parents, especially to inform parents with premature infants, or infants with other physical risk factors associated with learning or developmental complications, on the availability of early intervention services under this subchapter and of services under section 1419 of this title, and procedures for assisting such sources in disseminating such information to parents of infants and toddlers with disabilities.

(7) A central directory that includes information on early intervention services, resources, and experts available in the State and research and demonstration projects being conducted in the State.

(8) A comprehensive system of personnel development, including the training of paraprofessionals and the training of primary referral sources with respect to the basic components of early intervention services available in the State that—

(A) shall include—

(i) implementing innovative strategies and activities for the recruitment and retention of early education service providers;

(ii) promoting the preparation of early intervention providers who are fully and appropriately qualified to provide early intervention services under this subchapter; and

(iii) training personnel to coordinate transition services for infants and toddlers served under this subchapter from a program providing early intervention services under this subchapter and under subchapter II (other than section 1419 of this title), to a preschool program receiving funds under section 1419 of this title, or another appropriate program; and

(B) may include—

(i) training personnel to work in rural and inner-city areas; and
