(1) Purposes and methods of expenditures

First. (A) Such appropriation shall be expended by the trustees of the American Printing House for the Blind each year in manufacturing and furnishing books and other materials specially adapted for instruction of the blind; and the total amount of such books and other materials so manufactured and furnished by such appropriation shall each year be distributed among all the public and private nonprofit institutions in the States, Territories, and possessions of the United States, the Commonwealth of Puerto Rico, and the District of Columbia, in which blind pupils are educated. Each public and private nonprofit institution for the education of the blind shall receive, in books and other materials, upon requisition of its superintendent, that portion of the appropriation as is shown by the ratio between the number of blind pupils in that institution and the total number of blind pupils in all of the public and private nonprofit institutions in which blind pupils are educated. Each chief State school officer shall receive, in books and other materials, upon requisition, that portion of the appropriation as is shown by the ratio between the number of blind pupils in public and private nonprofit institutions (in the State) in which blind pupils are educated, other than institutions to which the preceding sentence is applicable, and the total number of blind pupils in the public and private nonprofit institutions in which blind pupils are educated in all of the States, Territories, and possessions of the United States, the Commonwealth of Puerto Rico, and the District of Columbia. The ratio referred to in each of the two immediately preceding sentences shall be computed upon the first Monday in January of each year; and for purposes of such sentences the number of blind pupils in public and private nonprofit institutions in which blind pupils are educated shall be authenticated in such manner and as often as the trustees of the American Printing House for the Blind shall require. For purposes of sec-

(B) The portion of the appropriation received by each chief State school officer, in such books and other materials under subparagraph (A) of this paragraph which represents the number of blind pupils in private nonprofit institutions in such State in which blind pupils are educated shall be distributed among such institutions on the basis of the number of blind pupils in each such institution as compared to the total number of such pupils in all of the private nonprofit institutions in which blind pupils are educated in such State.

(C) All books and other materials furnished pursuant to sections 101, 102, and 104 of this title, and control and administration of their use, shall vest only in a public agency. Such books and materials made available pursuant to sections 101, 102 and 104 of this title for use of teachers and blind pupils in any State, Territory, or possession of the United States, the Commonwealth of Puerto Rico, and the District of Columbia in any school shall be limited to those books and materials which have been approved by an appropriate educational authority or agency of such State, Territory, possession, Commonwealth, or District, or any local educational authority thereof, for use, or are used, in a public elementary or secondary school therein.

No part of the appropriation shall be expended in the erection or leasing of buildings; but the trustees of the American Printing House for the Blind may use each year a reasonable sum of the annual appropriation for salaries and other expenses of experts and other staff to assist special committees which may be appointed in performance of their functions, and for expenses of such special committees.
