

the extent feasible, be obtained from data bases of other Federal agencies.

(d) Compilation

Not later than 90 days after the expiration of 1 year after the data management systems are placed into effect under subsection (a) and annually thereafter, the Secretary of Health and Human Services shall compile a summary of the information described in subsection (b) with respect to the previous year. When the Food and Drug Administration is able to make summaries under subsection (c), the Secretary shall include in the compilation under the preceding sentence a compilation of the information described in subsection (c). Compilations under this subsection shall be made available to Federal and State agencies and other interested persons.

SHORT TITLE

Pub. L. 100-418, title IV, §4701, Aug. 23, 1988, 102 Stat. 1411, provided that: "This subtitle [subtitle G (§§4701-4704) of title IV of Pub. L. 100-418, enacting this chapter] may be cited as the 'Pesticide Monitoring Improvements Act of 1988'."

IMPORTED MEAT, POULTRY PRODUCTS, EGGS, AND EGG PRODUCTS

Pub. L. 100-418, title IV, §4506, Aug. 23, 1988, 102 Stat. 1404, required the Secretary of Agriculture, not later than 90 days after Aug. 23, 1988, to submit a report to Congress concerning the planned distribution, in fiscal years 1988 and 1989, of the resources of the Department of Agriculture available for sampling imported covered products to ensure compliance with the requirements of the Federal Meat Inspection Act (21 U.S.C. 601 et seq.), the Poultry Products Inspection Act (21 U.S.C. 451 et seq.), and the Egg Products Inspection Act (21 U.S.C. 1031 et seq.) that govern the level of residues of pesticides, drugs, and other products permitted in or on such products.

§ 1402. Foreign pesticide information

(a) Cooperative agreements

The Secretary of Health and Human Services shall enter into cooperative agreements with the governments of the countries which are the major sources of food imports into the United States subject to pesticide residue monitoring by the Food and Drug Administration for the purpose of improving the ability of the Food and Drug Administration to assure compliance with the pesticide tolerance requirements of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] with regard to imported food.

(b) Information activities

(1) The cooperative agreements entered into under subsection (a) with governments of foreign countries shall specify the action to be taken by the parties to the agreements to accomplish the purpose described in subsection (a), including the means by which the governments of the foreign countries will provide to the Secretary of Health and Human Services current information identifying each of the pesticides used in the production, transportation, and storage of food products imported from production regions of such countries into the United States.

(2) In the case of a foreign country with which the Secretary is unable to enter into an agreement under subsection (a) or for which the information provided under paragraph (1) is insufficient to assure an effective pesticide monitoring program, the Secretary shall, to the extent practicable, obtain the information described in paragraph (1) with respect to such country from other Federal or international agencies or private sources.

(3) The Secretary of Health and Human Services shall assure that appropriate offices of the Food and Drug Administration which are engaged in the monitoring of imported food for pesticide residues receive the information obtained under paragraph (1) or (2).

(4) The Secretary of Health and Human Services shall make available any information obtained under paragraph (1) or (2) to State agencies engaged in the monitoring of imported food for pesticide residues other than information obtained from private sources the disclosure of which to such agencies is restricted.

(c) Coordination with other agencies

The Secretary of Health and Human Services shall—

(1) notify in writing the Department of Agriculture, the Environmental Protection Agency, and the Department of State at the initiation of negotiations with a foreign country to develop a cooperative agreement under subsection (a); and

(2) coordinate the activities of the Department of Health and Human Services with the activities of those departments and agencies, as appropriate, during the course of such negotiations.

(d) Report

Not later than one year after August 23, 1988, the Secretary of Health and Human Services shall report to the Committee on Agriculture, Nutrition, and Forestry and the Committee on Labor and Human Resources of the Senate and the House of Representatives on the activities undertaken by the Secretary to implement this section. The report shall be made available to appropriate Federal and State agencies and to interested persons.

§ 1403. Pesticide analytical methods

The Secretary of Health and Human Services shall, in consultation with the Administrator of the Environmental Protection Agency—

(1) develop a detailed long-range plan and timetable for research that is necessary for the development of and validation of—

(A) new and improved analytical methods capable of detecting at one time the presence of multiple pesticide residues in food, and

(B) rapid pesticide analytical methods, and

(2) conduct a review to determine whether the use of rapid pesticide analytical methods by the Secretary would enable the Secretary to improve the cost-effectiveness of monitoring and enforcement activities under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.], including increasing the number of pesticide residues which can be detected and the number of tests for pesticide residues which can be conducted in a cost-effective manner.

The Secretary shall report the plan developed under paragraph (1), the resources necessary to carry out the research described in such paragraph, recommendations for the implementation of such research, and the result of the review conducted under paragraph (2) not later than the expiration of 240 days after August 23, 1988, to the Committee on Agriculture, Nutrition, and Forestry and the Committee on Labor and Human Resources of the Senate and the House of Representatives.
