Any such facility agreement may not in any way limit the right of the owner or operator of the facility to withhold consent to an inspection request.

(b) Types of facility agreements

(1) Schedule 2 facilities

The United States National Authority shall ensure that facility agreements for plants, plant sites, or other facilities or locations that are subject to inspection pursuant to paragraph 4 of Article VI of the Convention are concluded unless the owner, operator, occupant, or agent in charge of the facility and the Technical Secretariat agree that such an agreement is not necessary.

(2) Schedule 3 facilities

The United States National Authority shall ensure that facility agreements are concluded for plants, plant sites, or other facilities or locations that are subject to inspection pursuant to paragraph 5 or 6 of Article VI of the Convention if so requested by the owner, operator, occupant, or agent in charge of the facility.

Facility agreements shall—

- (1) identify the areas, equipment, computers, records, data, and samples subject to inspection;

- (ii) such individual has committed any act or activity which would be a felony under the laws of the United States; or
- (iii) the participation of such individual as a member of an inspection team would pose a risk to the national security or economic well-being of the United States.

(B) Not subject to judicial review

Any objection by the President to an individual serving as an inspector, whether made pursuant to this section or otherwise, shall not be reviewable in any court.
