### § 1001b. Findings and declaration of policy

#### (a) Findings

The Congress finds that—

(1) single-employer defined benefit pension plans have a substantial impact on interstate commerce and are affected with a national interest;

(2) the continued well-being and retirement income security of millions of workers, retirees, and their dependents are directly affected by such plans;

(3) the existence of a sound termination insurance system is fundamental to the retirement income security of participants and beneficiaries of such plans; and

(4) the current termination insurance system in some instances encourages employers to terminate pension plans, evade their obligations to pay benefits, and shift unfunded pension liabilities onto the termination insurance system and the other premium-payers.

#### (b) Additional findings

The Congress further finds that modification of the current termination insurance system and an increase in the insurance premium for single-employer defined benefit pension plans—

(1) is desirable to increase the likelihood that full benefits will be paid to participants and beneficiaries of such plans;

(2) is desirable to provide for the transfer of liabilities to the termination insurance system only in cases of severe hardship;

(3) is necessary to maintain the premium costs of such system at a reasonable level; and

(4) is necessary to finance properly current funding deficiencies and future obligations of the single-employer pension plan termination insurance system.

#### (c) Declaration of policy

It is hereby declared to be the policy of this title—

(1) to foster and facilitate interstate commerce;

(2) to encourage the maintenance and growth of single-employer defined benefit pension plans;

(3) to increase the likelihood that participants and beneficiaries under single-employer defined benefit pension plans will receive their full benefits;

(4) to provide for the transfer of unfunded pension liabilities onto the single-employer pension plan termination insurance system only in cases of severe hardship;

(5) to maintain the premium costs of such system at a reasonable level; and

(6) to assure the prudent financing of current funding deficiencies and future obligations of the single-employer pension plan termination insurance system by increasing termination insurance premiums.

(2)(A) Except as provided in subparagraph (B), the terms “employee pension benefit plan” and “pension plan” mean any plan, fund, or program which was heretofore or is hereafter established or maintained by an employer or by an employee organization, or by both, to the extent that by its express terms or as a result of surrounding circumstances such plan, fund, or program—

(ii) results in a deferral of income by employees for periods extending to the termination of covered employment or beyond,

regardless of the method of calculating the contributions made to the plan, the method of calculating the benefits under the plan or the method of distributing benefits from the plan. A distribution from a plan, fund, or program shall not be treated as made in a form other than retirement income or as a distribution prior to termination of covered employment solely because such distribution is made to an employee who has attained age 62 and who is not separated from employment at the time of such distribution.
