CERTIFICATION REGARDING USE OF EXCHANGE STABILIZATION FUND AND FEDERAL RESERVE IN RELATION TO ECONOMIC CRISIS IN MEXICO

Memorandum of President of the United States, June 29, 1995, 60 F.R. 35113, provided:

Memorandum for the Secretary of the Treasury

On January 31, 1995, I approved a program of assistance to Mexico, in the form of swap facilities and securities guarantees in an amount not to exceed \$20 billion, using the Exchange Stabilization Fund (the “ESF program”).

By virtue of the authority vested in me by the Constitution and the laws of the United States, including section 301 of title 3, United States Code, and section 406 of the Emergency Supplemental Appropriations and Rescissions for the Department of Defense to Preserve and Enhance Military Readiness Act of 1995 (Public Law 104-6) [set out above], I hereby certify that:

(1) There is no projected cost (as defined in the Federal Credit Reform Act of 1990 [2 U.S.C. 661 et seq.]) to the United States from the proposed swap transaction.

(2) All loans, credits, guarantees, and currency swaps to Mexico from the Exchange Stabilization Fund or the Federal Reserve System are adequately backed to ensure that all United States funds are repaid.

(3) The Government of Mexico is making progress in ensuring an independent central bank.

(4) Mexico has in effect a significant economic reform effort.

(5) The Executive Branch has provided the documents requested by House Resolution 80 adopted March 1, 1995, and described in paragraphs (1) through (28) of that Resolution. All documents identified as responsive to the Resolution have been provided to the entire House of Representatives. Pursuant to the terms of the

Resolution, the Executive Branch has not provided those documents as to which the Executive Branch has informed the House that it would be inconsistent with the public interest to provide the documents to the House. Pursuant to arrangements for safekeeping of classified materials in House facilities, classified documents have been provided to the House by making them available either at designated, secure House facilities or at Executive Branch facilities. Each agency, including the Federal Reserve Board, has advised the House of the procedures employed by that agency to provide the documents requested by House Resolution 80.

I have been informed that the Board of Governors of the Federal Reserve System has provided the documents requested by House Resolution 80 and described in paragraphs (1) through (28) of that Resolution.

I hereby delegate to you the reporting requirement contained in section 406 of Public Law 104-6 [set out above]. You are authorized and requested to report this certification immediately to the Speaker of the House and appropriate congressional committees, as defined in section 407 of Public Law 104-6 [set out above].

I also hereby delegate to you the reporting requirement contained in section 403 of Public Law 104-6 [set out above].

You are authorized and directed to publish this memorandum in the Federal Register.

WILLIAM J. CLINTON.

IMPROVEMENT OF INTERNATIONAL STANDARDS AND COOPERATION TO FIGHT TERRORIST FINANCING

Pub. L. 108–458, title VII, §§7701, 7702, 7704, Dec. 17, 2004, 118 Stat. 3858–3860, provided that:

“SEC. 7701. IMPROVING INTERNATIONAL STANDARDS AND COOPERATION TO FIGHT TERRORIST FINANCING.

“(a) FINDINGS.—Congress makes the following findings:

“(1) The global war on terrorism and cutting off terrorist financing is a policy priority for the United States and its partners, working bilaterally and multilaterally through the United Nations, the United Nations Security Council and its committees, such as the 1267 and 1373 Committees, the Financial Action Task Force (FATF), and various international financial institutions, including the International Monetary Fund (IMF), the International Bank for Reconstruction and Development (IBRD), and the regional multilateral development banks, and other multilateral fora.

“(2) The international financial community has become engaged in the global fight against terrorist financing. The Financial Action Task Force has focused on the new threat posed by terrorist financing to the international financial system, resulting in the establishment of the FATF’s Eight Special Recommendations on Terrorist Financing as the international standard on combating terrorist financing. The Group of Seven and the Group of Twenty Finance Ministers are developing action plans to curb the financing of terror. In addition, other economic and regional fora, such as the Asia-Pacific Economic Cooperation (APEC) Forum, and the Western Hemisphere Financial Ministers, have been used to marshal political will and actions in support of combating the financing of terrorism (CFT) standards.

“(3) FATF’s Forty Recommendations on Money Laundering and the Eight Special Recommendations on Terrorist Financing are the recognized global standards for fighting money laundering and terrorist financing. The FATF has engaged in an assessment process for jurisdictions based on their compliance with these standards.

“(4) In March 2004, the IMF and IBRD Boards agreed to make permanent a pilot program of collaboration with the FATF to assess global compliance with the FATF Forty Recommendations on Money Laundering and the Eight Special Recommendations on Terrorist Financing. As a result, anti-money laundering (AML) and combating the financing of terrorism (CFT) assessments are now a regular part of their Financial Sector Assessment Program (FSAP) and Offshore Financial Center assessments, which provide for a comprehensive analysis of the strength of a jurisdiction’s financial system. These reviews assess potential systemic vulnerabilities, consider sectoral development needs and priorities, and review the state of implementation of and compliance with key financial codes and regulatory standards, among them the AML and CFT standards.

“(5) To date, 70 FSAPs have been conducted, with over 24 of those incorporating AML and CFT assessments. The international financial institutions (IFIs), the FATF, and the FATF-style regional bodies together are expected to assess AML and CFT regimes in up to 40 countries or jurisdictions per year. This will help countries and jurisdictions identify de-
