SUBCHAPTER I—COLLECTION AND
ANALYSIS OF SAMPLES

§ 40701. The Debbie Smith DNA Backlog Grant Program

(a) Authorization of grants

The Attorney General may make grants to eligible States or units of local government for use by the State or unit of local government for the following purposes:

(1) To carry out, for inclusion in the Combined DNA Index System of the Federal Bureau of Investigation, DNA analyses of samples collected under applicable legal authority.

(2) To carry out, for inclusion in such Combined DNA Index System, DNA analyses of samples from crime scenes, prioritizing, to the extent practicable consistent with public safety considerations¹ samples from rape kits, samples from other sexual assault evidence, and samples taken in cases without an identified suspect.

(3) To increase the capacity of laboratories owned by the State or by units of local government to carry out DNA analyses of samples specified in paragraph (1) or (2).

(4) To collect DNA samples specified in paragraph (1).

(5) To ensure that DNA testing and analysis of samples from crimes, including sexual assault and other serious violent crimes, are carried out in a timely manner.

(6) To implement a DNA arrestee collection process consistent with subchapter III of this chapter.

(7) To conduct an audit consistent with subsection (n) of the samples of sexual assault evidence that are in the possession of the State or unit of local government and are awaiting testing.

(8) To ensure that the collection and processing of DNA evidence by law enforcement agencies from crimes, in particular, sexual assault and other violent crimes against persons, is carried out in an appropriate and timely manner and in accordance with the protocols and practices developed under subsection (o)(1).

(9) To increase the capacity of State and local prosecution offices to address the backlog of violent crime cases in which suspects have been identified through DNA evidence.

(b) Eligibility

For a State or unit of local government to be eligible to receive a grant under this section, the chief executive officer of the State or unit of local government shall submit to the Attorney General an application in such form and containing such information as the Attorney General may require. The application shall, as required by the Attorney General—

(1) provide assurances that the State or unit of local government has implemented, or will implement not later than 120 days after the date of such application, a comprehensive plan for the expeditious DNA analysis of samples in accordance with this section;

(2) include a certification that each DNA analysis carried out under the plan shall be maintained pursuant to the privacy requirements described in section 12592(b)(3) of this title;

(3) include a certification that the State or unit of local government has determined, by statute, rule, or regulation, those offenses under State law that shall be treated for purposes of this section as qualifying State offenses;

(4) specify the allocation that the State or unit of local government shall make, in using grant amounts to carry out DNA analyses of samples, as between samples specified in subsection (a)(1) and samples specified in subsection (a)(2);

(5) specify that portion of grant amounts that the State or unit of local government shall use for the purpose specified in subsection (a)(3);

(6) if submitted by a unit of local government, certify that the unit of local government has taken, or is taking, all necessary steps to ensure that it is eligible to include, directly or through a State law enforcement agency, all analyses of samples for which it has requested funding in the Combined DNA Index System;

(7) specify that portion of grant amounts that the State or unit of local government shall use for the purpose specified in subsection (a)(4); and

(8) provide assurances that the DNA section of the laboratory to be used to conduct DNA analyses has a written policy that prioritizes the analysis of, to the extent practicable consistent with public safety considerations, samples from homicides and sexual assaults.

(c) Formula for distribution of grants

(1) In general

The Attorney General shall distribute grant amounts, and establish appropriate grant conditions under this section, in conformity with a formula or formulas that are designed to effectuate a distribution of funds among eligible States and units of local government that—

(A) maximizes the effective utilization of DNA technology to solve crimes and protect public safety; and

(B) allocates grants among eligible entities fairly and efficiently to address jurisdictions in which significant backlogs exist, by considering—

(i) the number of offender and casework samples awaiting DNA analysis in a jurisdiction;

(ii) the population in the jurisdiction; and

(iii) the number of part 1 violent crimes in the jurisdiction.

(2) Minimum amount

The Attorney General shall allocate to each State not less than 0.50 percent of the total amount appropriated in a fiscal year for grants under this section, except that the United States Virgin Islands, American Samoa, Guam, and the Northern Mariana Islands shall each be allocated 0.125 percent of the total appropriation.

¹ So in original. Probably should be followed by a comma.
