PART B—URANIUM REVITALIZATION

§ 2296b. Overfeed program

(a) Uranium purchases

To the maximum extent permitted by sound business practice, the Corporation shall purchase uranium in accordance with subsection (b) and overfeed it into the enrichment process to reduce the amount of power required to produce the enriched uranium ordered by enrichment services customers, taking into account costs associated with depleted tailings.

(b) Use of domestic uranium

Uranium purchased by the Corporation for purposes of this section shall be of domestic origin and purchased from domestic uranium producers to the extent permitted under the multilateral trade agreements (as defined in section 3501(4) of title 19) and the North American Free Trade Agreement.

AMENDMENTS

1999—Subsec. (b). Pub. L. 106-36 substituted “multilateral trade agreements (as defined in section 3501(4) of title 19) and the North American Free Trade Agreement” for “General Agreement on Tariffs and Trade and the United States-Canada Free Trade Agreement”.

§ 2296b-1. National Strategic Uranium Reserve

There is hereby established the National Strategic Uranium Reserve under the direction and control of the Secretary. The Reserve shall consist of natural uranium and uranium equivalents contained in stockpiles or inventories currently held by the United States for defense purposes. Effective on October 24, 1992, and for 6 years thereafter, use of the Reserve shall be restricted to military purposes and government research. Use of the Department of Energy’s stockpile of enrichment tails existing on October 24, 1992, shall be restricted to military purposes for 6 years thereafter.

§ 2296b-2. Sale of remaining DOE inventories

The Secretary, after making the transfer required under section 2297c-6¹ of this title, may sell, from time to time, portions of the remaining inventories of raw or low-enriched uranium of the Department that are not necessary to national security needs, to the Corporation, at a fair market price. Sales under this section may be made only if such sales will not have a substantial adverse impact on the domestic uranium mining industry. Proceeds from sales under this subsection shall be deposited into the general fund of the United States Treasury.
