AMENDMENTS

2014—Subsec. (a). Pub. L. 113-291 amended subsec. (a) generally. Prior to amendment, subsec. (a) read as follows: “Not later than October 1, 2013, the Board shall enter into an agreement with an agency of the Federal Government to procure the services of the Inspector General of such agency for the Board, in accordance with the Inspector General Act of 1978 (5 U.S.C. App.). Such Inspector General shall have expertise relating to the mission of the Board.”

§ 2286l. Authority of Inspector General

Notwithstanding any other provision of law, in this fiscal year and each fiscal year thereafter, the Inspector General of the Nuclear Regulatory Commission is authorized to exercise the same authorities with respect to the Defense Nuclear Facilities Safety Board, as determined by the Inspector General of the Nuclear Regulatory Commission, as the Inspector General exercises under the Inspector General Act of 1978 (5 U.S.C. App.) with respect to the Nuclear Regulatory Commission.

SUBCHAPTER XVIII—EURATOM COOPERATION

§ 2291. Definitions

As used in this subchapter—

(a) “The Community” means the European Atomic Energy Community (EURATOM).

(b) The “Commission” means the Atomic Energy Commission, as established by the Atomic Energy Act of 1954, as amended [42 U.S.C. 2011 et seq.].

(c) “Joint program” means the cooperative program established by the Community and the United States and carried out in accordance with the provisions of an agreement for cooperation entered into pursuant to the provisions of section 2153 of this title, to bring into operation in the territory of the members of the Community powerplants using nuclear reactors of types selected by the Commission and the Community, having as a goal a total installed capacity of approximately one million kilowatts of electricity by December 31, 1963, except that two reactors may be selected to be in operation by December 31, 1965.

(d) All other terms used in this subchapter shall have the same meaning as terms described in section 2014 of this title.

TRANSFER OF FUNCTIONS

Atomic Energy Commission abolished and functions transferred by sections 5814 and 5841 of this title. See also Transfer of Functions notes set out under those sections.

§ 2292. Authorization of appropriations for research and development program; authority to enter into contracts; period of contracts; equivalent amounts for research and development program

There is authorized to be appropriated to the Commission, in accordance with the provisions of section 2017(a)(2) of this title, the sum of \$3,000,000 as an initial authorization for fiscal year 1959 for use in a cooperative program of research and development in connection with the types of reactors selected by the Commission and the Community under the joint program. The Commission may enter into contracts for such periods as it deems necessary, but in no event to exceed five years, for the purpose of conducting the research and development program authorized by this section: *Provided*, That the Community authorizes an equivalent amount for use in the cooperative program of research and development.

§ 2293. Omitted

CODIFICATION

Section, Pub. L. 85-846, §4, Aug. 28, 1958, 72 Stat. 1084; Pub. L. 87-206, §18, Sept. 6, 1961, 75 Stat. 479, related to

guarantee contracts between the Atomic Energy Commission and operators of reactors under the cooperation program which were to extend no later than Dec. 31, 1975.

§ 2294. Authorization for sale or lease of uranium and plutonium; amounts; lien for non-payment; uranium enrichment services

Pursuant to the provisions of section 2074 of this title, there is hereby authorized for sale or lease to the Community—

an amount of contained uranium 235 which does not exceed that necessary to support the fuel cycle of power reactors located within the Community having a total installed capacity of thirty-five thousand megawatts of electric energy, together with twenty-five thousand kilograms of contained uranium 235 for other purposes;

one thousand five hundred kilograms of plutonium; and

thirty kilograms of uranium 233;

in accordance with the provisions of an agreement or agreements for cooperation between the Government of the United States and the Community entered into pursuant to the provisions of section 2153 of this title: *Provided*, That the Government of the United States obtains the equivalent of a first lien on any such material sold to the Community for which payment is not made in full at the time of transfer. The Commission may enter into contracts to provide, after December 31, 1968, for the producing or enriching of all, or part of, the above-mentioned contained uranium 235 pursuant to the provisions of section 2201(v)(B) of this title in lieu of sale or lease thereof.

Section was enacted as part of the EURATOM Cooperation Act of 1958 which comprises this subchapter, and not as part of the Atomic Energy Act of 1954 which comprises this chapter.

AMENDMENTS

1973—Pub. L. 93-88 substituted “an amount of contained uranium 235 which does not exceed that necessary to support the fuel cycle of power reactors located within the Community having a total installed capacity of thirty-five thousand megawatts of electric energy, together with twenty-five thousand kilograms of contained uranium for other purposes” for “two hundred fifteen thousand kilograms of contained uranium 235”.

1967—Pub. L. 90-190 increased from seventy thousand to two hundred fifteen thousand kilograms of contained uranium 235 and from five hundred to one thousand five hundred kilograms of plutonium respectively the amount of material authorized to be sold or leased to the Community, and inserted provision authorizing the Commission, after Dec. 31, 1968, to perform uranium enrichment services for the Community, pursuant to the provisions of section 2201(v)(B) of this title, in lieu of the sale or lease of such material.

1964—Pub. L. 88-394 increased the amount of contained uranium 235 from thirty thousand kilograms to seventy thousand kilograms, and plutonium, from nine kilograms to five hundred kilograms.

1961—Pub. L. 87-206 substituted “Nine kilograms” for “One kilogram” of plutonium and inserted item reading “Thirty kilograms of uranium 233” and “or agreements”.

§ 2295. Acquisition of nuclear materials

(a) Authorization; restriction of amounts of plutonium or uranium; amount and use of plutonium authorized to be acquired

The Atomic Energy Commission is authorized to purchase or otherwise acquire from the Community special nuclear material or any interest therein from reactors constructed under the joint program in accordance with the terms of an agreement for cooperation entered into pursuant to the provisions of section 2153 of this title: *Provided*, That neither plutonium nor uranium 233 nor any interest therein shall be acquired under this section in excess of the total quantities authorized by law. The Commission is authorized to acquire from the Community pursuant to this section up to four thousand one hundred kilograms of plutonium for use only for peaceful purposes.

(b) Terms and periods of contracts to acquire plutonium

Any contract made under the provisions of this section to acquire plutonium or any interest therein may be at such prices and for such period of time as the Commission may deem necessary: *Provided*, That with respect to plutonium produced in any reactor constructed under the joint program, no such contract shall be for a period greater than ten years of operation of such reactors or December 31, 1973 (or December 31, 1975, for not more than two reactors selected under section 2291(c) of this title, whichever is earlier: *And provided further*, That no such contract shall provide for compensation or the payment of a purchase price in excess of the Commission's established price in effect at the time of delivery to the Commission for such material as fuel in a nuclear reactor.

(c) Terms and periods of contracts to acquire uranium

Any contract made under the provisions of this section to acquire uranium enriched in the isotope uranium 235 may be at such price and for such period of time as the Commission may deem necessary: *Provided*, That no such contract shall be for a period of time extending beyond the terminal date of the agreement for cooperation with the Community or provide for the acquisition of uranium enriched in the isotope U-235 in excess of the quantities of such material that have been distributed to the Community by the Commission less the quantity consumed in the nuclear reactors involved in the joint program: *And provided further*, That no such contract shall provide for compensation or the payment of a purchase price in excess of the Atomic Energy Commission's established charges for such material in effect at the time delivery is made to the Commission.

(d) Contracts for purchase of special nuclear materials

Any contract made under this section for the purchase of special nuclear material or any interest therein may be made without regard to
