

exercise, diet, and self-management of chronic diseases.

(B) Evaluation

The evaluation under subparagraph (A) shall consist of the following:

(i) Evidence review

The Secretary shall review available evidence, literature, best practices, and resources that are relevant to programs that promote healthy lifestyles and reduce risk factors for the Medicare population. The Secretary may determine the scope of the evidence review and such issues to be considered, which shall include, at a minimum—

- (I) physical activity, nutrition, and obesity;
- (II) falls;
- (III) chronic disease self-management; and
- (IV) mental health.

(ii) Independent evaluation of evidence-based community prevention and wellness programs

The Administrator of the Centers for Medicare & Medicaid Services, in consultation with the Assistant Secretary for Aging, shall, to the extent feasible and practicable, conduct an evaluation of existing community prevention and wellness programs that are sponsored by the Administration on Aging to assess the extent to which Medicare beneficiaries who participate in such programs—

- (I) reduce their health risks, improve their health outcomes, and adopt and maintain healthy behaviors;
- (II) improve their ability to manage their chronic conditions; and
- (III) reduce their utilization of health services and associated costs under the Medicare program for conditions that are amenable to improvement under such programs.

(3) Report

Not later than September 30, 2013, the Secretary shall submit to Congress a report that includes—

- (A) recommendations for such legislation and administrative action as the Secretary determines appropriate to promote healthy lifestyles and chronic disease self-management for Medicare beneficiaries;
- (B) any relevant findings relating to the evidence review under paragraph (2)(B)(i); and
- (C) the results of the evaluation under paragraph (2)(B)(ii).

(4) Funding

NATIONAL MILESTONES TO MEASURE SUCCESS IN CURTAILING THE OPIOID CRISIS

Pub. L. 115-271, title VII, § 7023, Oct. 24, 2018, 132 Stat. 4012, provided that:

“(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act [Oct. 24, 2018], the Secretary of Health and Human Services (referred to in this section as the ‘Secretary’), in coordination with the Administrator of the Drug Enforcement Administration and the Director of the Office of National Drug Control Policy, shall develop or identify existing national indicators (referred to in this section as the ‘national milestones’) to measure success in curtailing the opioid crisis, with the goal of significantly reversing the incidence and prevalence of opioid misuse and abuse, and opioid-related morbidity and mortality in the United States within 5 years of such date of enactment.

“(b) NATIONAL MILESTONES TO END THE OPIOID CRISIS.—The national milestones under subsection (a) shall include the following:

“(1) Not fewer than 10 indicators or metrics to accurately and expeditiously measure progress in meeting the goal described in subsection (a), which shall, as appropriate, include, indicators or metrics related to—

“(A) the number of fatal and non-fatal opioid overdoses;

“(B) the number of emergency room visits related to opioid misuse and abuse;

“(C) the number of individuals in sustained recovery from opioid use disorder;

“(D) the number of infections associated with illicit drug use, such as HIV, viral hepatitis, and infective endocarditis, and available capacity for treating such infections;

“(E) the number of providers prescribing medication-assisted treatment for opioid use disorders, including in primary care settings, community health centers, jails, and prisons;

“(F) the number of individuals receiving treatment for opioid use disorder; and

“(G) additional indicators or metrics, as appropriate, such as metrics pertaining to specific populations, including women and children, American Indians and Alaskan Natives, individuals living in rural and non-urban areas, and justice-involved populations, that would further clarify the progress made in addressing the opioid crisis.

“(2) A reasonable goal, such as a percentage decrease or other specified metric, that signifies progress in meeting the goal described in subsection (a), and annual targets to help achieve that goal.

“(c) CONSIDERATION OF OTHER SUBSTANCE USE DISORDERS.—In developing the national milestones under subsection (b), the Secretary shall, as appropriate, consider other substance use disorders in addition to opioid use disorder.

“(d) EXTENSION OF PERIOD.—If the Secretary determines that the goal described in subsection (a) will not be achieved with respect to any indicator or metric established under subsection (b)(2) within 5 years of the date of enactment of this Act, the Secretary may extend the timeline for meeting such goal with respect to that indicator or metric. The Secretary shall include with any such extension a rationale for why additional time is needed and information on whether significant changes are needed in order to achieve such goal with respect to the indicator or metric.

“(e) ANNUAL STATUS UPDATE.—Not later than one year after the date of enactment of this Act, the Secretary shall make available on the Internet website of the Department of Health and Human Services, and submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives, an update on the progress, including expected progress in the subsequent year, in achieving the goals detailed in the national milestones. Each such update shall include the progress made in the first year or since the previous report, as applicable, in meeting each indicator or metric in the national milestones.”
