take into account climate, fuel costs, fuel availability, ability to provide the non-Federal share of the costs, and such other factors that he deems appropriate.

(Pub. L. 94–163, title III, §392, as added Pub. L. 95–619, title III, §302(a), Nov. 9, 1978, 92 Stat. 3242.)

§ 6371b. Preliminary energy audits and energy audits

(a) Application by Governor

The Governor of any State may apply to the Secretary at such time as the Secretary may specify after promulgation of guidelines under section 6371a(a) of this title for grants to conduct preliminary energy audits and energy audits of school facilities and hospital facilities in such State under this part.

(b) Grants for conduct of preliminary energy audits

Upon application under subsection (a) the Secretary may make grants to States for purposes of conducting preliminary energy audits of school facilities and hospital facilities under this part in accordance with the guidelines prescribed under section 6371a(a)(1) of this title. If a State does not conduct preliminary energy audits within two years after November 9, 1978, the Secretary may conduct such audits within such State.

(c) Grants for conduct of energy audits

Upon application under subsection (a) the Secretary may make grants to States for purposes of conducting energy audits of school facilities and hospital facilities under this part in accordance with the guidelines prescribed under section 6371a(a)(2) of this title.

(d) Audits conducted prior to grant of financial assistance

If a State without the use of financial assistance under this section, conducts preliminary energy audits or energy audits which comply with the guidelines prescribed by the Secretary or which are approved by the Secretary the funds allocated for purposes of this section shall be added to the funds available for energy conservation projects for such State and shall be in addition to amounts otherwise available for such purposes.

(e) Restriction on use of funds; grant covering total cost of energy audits

- (1) Except as provided in paragraph (2), amounts made available under this section (together with any other amounts made available from other Federal sources) may not be used to pay more than 50 percent of the costs of any preliminary energy audit or any energy audit.
- (2) Upon the request of the Governor, the Secretary may make grants to a State for up to 100 percent of the costs of any preliminary energy audits and energy audits, subject to the requirements of section 6371g(a)(3) of this title.

(Pub. L. 94–163, title III, \$393, as added Pub. L. 95–619, title III, \$302(a), Nov. 9, 1978, 92 Stat. 3242.)

§6371c. State plans

(a) Invitation to State energy agency to submit plan; contents

The Secretary shall invite the State energy agency of each State to submit, within 90 days after the effective date of the guidelines prescribed pursuant to section 6371a of this title, or such longer period as the Secretary may, for good cause, allow, a State plan under this section for such State. Such plan shall include—

- (1) the results of preliminary energy audits conducted in accordance with the guidelines prescribed under section 6371a(a)(1) of this title, and an estimate of the energy savings that may result from the modification of maintenance and operating procedures and installation of energy conservation measures in the schools and hospitals in such State;
- (2) a recommendation as to the types of energy conservation projects considered appropriate for schools and hospitals in such State, together with an estimate of the costs of carrying out such projects in each year for which funds are appropriated;
- (3) a program for identifying persons qualified to carry out energy conservation projects;
- (4) procedures to insure that funds will be allocated among eligible applicants for energy conservation projects within such State, including procedures—
- (A) to insure that funds will be allocated on the basis of relative need taking into account such factors as cost, energy consumption and energy savings, and
- (B) to insure that equitable consideration is given to all eligible public or nonprofit institutions regardless of size and type of ownership;
- (5) a statement of the extent to which, and by which methods, such State will encourage utilization of solar space heating, cooling, and electric systems and solar water heating systems where appropriate;
- (6) procedures to assure that all assistance under this part in such State will be expended in compliance with the requirements of an approved State plan for such State, and in compliance with the requirements of this part;
- (7) procedures to insure implementation of energy conserving maintenance and operating procedures in those facilities for which projects are proposed; and
- (8) policies and procedures designed to assure that financial assistance provided under this part in such State will be used to supplement, and not to supplant, State, local, or other funds.

(b) Approval of plans

The Secretary shall review and approve or disapprove each State plan not later than 60 days after receipt by the Secretary. If such plan meets the requirements of subsection (a), the Secretary shall approve the plan. If a State plan submitted within the 90-day period specified in subsection (a) has not been disapproved within the 60-day period following its receipt by the Secretary, such plan shall be treated as approved by the Secretary. A State energy agency may submit a new or amended plan at any time
