§ 1437s. Public housing homeownership and management opportunities

(a) Homeownership opportunities in general

Low-income families residing in a public housing project shall be provided with the opportunity to purchase the dwelling units in the project through a qualifying resident management corporation as follows:

(1) Formation of resident management corporation

As a condition for public housing homeownership—

(A) the adult residents of a public housing project shall have formed a resident management corporation in accordance with regulations and requirements of the Secretary prescribed under this section and section 1437r of this title;

(B) the resident management corporation shall have entered into a contract with the public housing agency establishing the respective management rights and responsibilities of the resident management corporation and the public housing agency; and

(C) the resident management corporation shall have demonstrated its ability to manage public housing effectively and efficiently for a period of not less than 3 years.

(2) Homeownership assistance

(A) The Secretary may provide assistance from the Capital Fund to a public housing project in which homeownership activities under this section are conducted.

(B) The Secretary may provide financial assistance to public housing agencies, resident management corporations, or resident councils that obtain, by contract or otherwise, training, technical assistance, and educational assistance as the Secretary determines to be

necessary to promote homeownership opportunities under this section.

(C) This paragraph shall not have effect after February 4, 1991. The Secretary may not provide financial assistance under subparagraph (B), after such date, unless the Secretary determines that such assistance is necessary for the development of a homeownership program that was initiated, as determined by the Secretary, before November 28, 1990.

(3) Conditions of purchase by a resident management corporation

(A) A resident management corporation may purchase from a public housing agency one or more multifamily buildings in a public housing project following a determination by the Secretary that—

(i) the resident management corporation has met the conditions of paragraph (1);

(ii) the resident management corporation has applied for and is prepared to undertake the ownership, management, and maintenance of the building or buildings with continued assistance from the Secretary;

(iii) the public housing agency has held one or more public hearings to obtain the views of citizens regarding the proposed purchase and, in consultation with the Secretary, has certified that the purchase will not interfere with the rights of other families residing in public housing, will not harm the efficient operation of other public housing, and is in the interest of the community;

(iv) the public housing agency has certified that it has and will implement a plan to replace public housing units sold under this section within 30 months of the sale, which plan shall provide for replacement of 100 percent of the units sold under this section by—

(I) production, acquisition, or rehabilitation of vacant public housing units by the public housing agency; and

(II) acquisition by the resident management corporation of nonpublicly owned, decent, and affordable housing units, which the resident management corporation shall operate as rental housing subject to tenant income and rent limitations comparable to the limitations applicable to public housing; and

(v) the building or buildings meet the housing quality standards applicable under section 1437d(f) of this title, and the physical condition, management, and operation of the building or buildings are sufficient to permit affordable homeownership by the families residing in the project.

(B) The price of a building purchased under the preceding sentence shall be approved by the Secretary, in consultation with the public housing agency and resident management corporation, taking into account the fair market value of the property, the ability of resident families to afford and maintain the property, and such other factors as the Secretary determines to be consistent with increasing the supply of dwelling units affordable to very low income families.

(C) This paragraph shall not have effect after February 4, 1991. The authority for a resident management corporation to purchase 1 or more multifamily buildings in a public housing project from a public housing agency shall terminate after such date, unless the Secretary determines that such purchase is necessary for the development of a homeownership program that was initiated, as determined by the Secretary, before November 28, 1990.

(4) Conditions of resale

(A)(i) A resident management corporation may sell a dwelling unit or ownership rights in a dwelling unit only to a lower income family residing in, or eligible to reside in, public housing and only if the Secretary determines that the purchase will not interfere with the rights of other families residing in the housing project or harm the efficient operation of the project, and the family will be able to purchase and maintain the property.

(ii) The sale of dwelling units or ownership rights in dwelling units under clause (i) shall be made to families in the following order of priority:

(I) a lower income family residing in the public housing project in which the dwelling unit is located;

(iii) Each resident management corporation shall provide each family described in clause (ii) with a notice of the eligibility of the family to purchase a dwelling unit under this paragraph.

(B) A purchase under subparagraph (A) may be made under any of the following arrangements:

(i) Limited dividend cooperative ownership.

(ii) Condominium ownership.

(iii) Fee simple ownership.

(iv) Shared appreciation with a public housing agency providing financing under paragraph (6).

(v) Any other arrangement determined by the Secretary to be appropriate.

(C) Property purchased under this section shall be resold only to the resident management corporation, a lower income family residing in or eligible to reside in public housing or housing assisted under section 1437f of this title, or to the public housing agency.

(D) In no case may the owner receive consideration for his or her interest in the property that exceeds the total of—

(i) the contribution to equity paid by the owner;

(ii) the value, as determined by such means as the Secretary shall determine through regulation, of any improvements installed at the expense of the owner during the owner's tenure as owner; and

(iii) the appreciated value determined by an inflation allowance at a rate which may be based on a cost of living index, an income index, or market index as determined by the Secretary through regulation and agreed to by the purchaser and the resident management corporation or the public housing agency, whichever is appropriate, at the time of initial sale, and applied against the contribution to equity; the resident management corporation or the public housing agency may, at the time of initial sale, enter into an agreement with the owner to set a maximum amount which this appreciation may not exceed.

(E) Upon sale, the resident management corporation or the public housing agency, whichever is appropriate, shall ensure that subsequent owners are bound by the same limitations on resale and further restrictions on equity appreciation.

(5) Use of proceeds

Notwithstanding any other provision of this chapter or other law to the contrary, proceeds from the sale of a building or buildings under paragraph (3) and amounts recaptured under paragraph (4) shall be paid to the public housing agency and shall be retained and used by the public housing agency only to increase the number of public housing units available for occupancy. The resident management corporation shall keep and make available to the public housing agency and the Secretary all records necessary to calculate accurately payments due the local housing agency under this section. The Secretary shall not reduce or delay payments under other provisions of law as a result of amounts made available to the local housing agency under this section.

(6) Financing

When financing for the purchase of the property is not otherwise available for purposes of assisting any purchase by a family or resident management corporation under this section, the public housing agency involved may make a loan on the security of the property involved to the family or resident management corporation at a rate of interest that shall not be lower than 70 percent of the market interest rate for conventional mortgages on the date on which the loan is made.

(7) Capital and operating assistance

Notwithstanding the purchase of a building in a public housing project under this section, the Secretary shall continue to provide assistance under section 1437g of this title with respect to the project. The Secretary may adjust the payment standard for such assistance to take into account conditions under which the building was purchased.

(4) Rental and relocation assistance

If any family resides in a dwelling unit in a public housing project in which other dwelling units are purchased under this section, and the family decides not to purchase the dwelling unit, the Secretary shall offer (to be selected by the family, at its option)—

(A) to assist the family in relocating to a comparable appropriate sized dwelling unit in another public housing project, and to reimburse the family for their cost of relocation; and

(B) to provide to the family the financial assistance necessary to permit the family to stay in the dwelling unit or to move to another comparable dwelling unit and to pay no more for rent than required under subparagraph (A), (B), or (C) of section 1437a(a)(1) of this title.

§ 1437t. Authority to convert public housing to vouchers

(a) Authority

A public housing agency may convert any public housing project (or portion thereof) owned by the public housing agency to tenant-based assistance, but only in accordance with the requirements of this section.

(b) Conversion assessment

(1) In general

To convert public housing under this section, a public housing agency shall conduct an

assessment of the public housing that includes—

(A) a cost analysis that demonstrates whether or not the cost (both on a net present value basis and in terms of new budget authority requirements) of providing tenant-based assistance under section 1437f of this title for the same families in substantially similar dwellings over the same period of time is less expensive than continuing public housing assistance in the public housing project for the remaining useful life of the project;

(B) an analysis of the market value of the public housing project both before and after rehabilitation, and before and after conversion;

(C) an analysis of the rental market conditions with respect to the likely success of the use of tenant-based assistance under section 1437f of this title in that market for the specific residents of the public housing project, including an assessment of the availability of decent and safe dwellings renting at or below the payment standard established for tenant-based assistance under section 1437f of this title by the agency;

(D) the impact of the conversion to tenant-based assistance under this section on the neighborhood in which the public housing project is located; and

(E) a plan that identifies actions, if any, that the public housing agency would take with regard to converting any public housing project or projects (or portions thereof) of the public housing agency to tenant-based assistance.

(2) Timing

Not later than 2 years after the effective date under section 503(a) of the Quality Housing and Work Responsibility Act of 1998, each public housing agency shall conduct an assessment under paragraph (1) or (3) of the status of each public housing project owned by such agency and shall submit to the Secretary such assessment. A public housing agency may otherwise undertake an assessment under this subsection at any time and for any public housing project (or portion thereof) owned by the agency. A public housing agency may update a previously conducted assessment for a project (or portion thereof) for purposes of compliance with the one-year limitation under subsection (c).

(3) Streamlined assessment

At the discretion of the Secretary or at the request of a public housing agency, the Secretary may waive any or all of the requirements of paragraph (1) or (3) or otherwise require a streamlined assessment with respect to any public housing project or class of public housing projects.

(c) Criteria for implementation of conversion plan

A public housing agency may convert a public housing project (or portion thereof) owned by the agency to tenant-based assistance only pursuant to a conversion assessment under sub-
