

or that manages land on which one or more underground storage tanks are located, shall submit to the Administrator, the Committee on Energy and Commerce of the United States House of Representatives, and the Committee on the Environment and Public Works of the Senate a compliance strategy report that—

(A) lists the location and owner of each underground storage tank described in this paragraph;

(B) lists all tanks that are not in compliance with this subchapter that are owned or operated by the Federal agency;

(C) specifies the date of the last inspection by a State or Federal inspector of each underground storage tank owned or operated by the agency;

(D) lists each violation of this subchapter respecting any underground storage tank owned or operated by the agency;

(E) describes the operator training that has been provided to the operator and other persons having primary daily on-site management responsibility for the operation and maintenance of underground storage tanks owned or operated by the agency; and

(F) describes the actions that have been and will be taken to ensure compliance for each underground storage tank identified under subparagraph (B).

(2) Not a safe harbor

This subsection does not relieve any person from any obligation or requirement under this subchapter.

AMENDMENTS

2005—Pub. L. 109-58 amended section generally. Prior to amendment, section required each department, agency, and instrumentality of the executive, legislative, and judicial branches of the Federal Government having jurisdiction over any underground storage tank to comply with all Federal, State, interstate, and local requirements, applicable to such tank, both substantive and procedural, in the same manner, and to the same extent, as any other person is subject to such requirements, including payment of reasonable service charges, provided that neither the United States, nor any agent, employee, or officer thereof, was immune or exempt from any process or sanction of any State or Federal court with respect to the enforcement of any such injunctive relief, and authorized the President to exempt any tank from compliance with such requirements upon certain determinations.

§ 6991g. State authority

Nothing in this subchapter shall preclude or deny any right of any State or political subdivision thereof to adopt or enforce any regulation, requirement, or standard of performance respecting underground storage tanks that is more stringent than a regulation, requirement, or standard of performance in effect under this subchapter or to impose any additional liability with respect to the release of regulated substances within such State or political subdivision.

(Pub. L. 89-272, title II, §9008, as added Pub. L. 98-616, title VI, §601(a), Nov. 8, 1984, 98 Stat. 3286;

amended Pub. L. 99-499, title II, §205(g), Oct. 17, 1986, 100 Stat. 1702.)

AMENDMENTS

1986—Pub. L. 99-499 amended section generally. Prior to amendment, section read as follows: “Nothing in this subchapter shall preclude or deny any right of any State or political subdivision thereof to adopt or enforce any regulation, requirement or standard of performance respecting underground storage tanks that is more stringent than a regulation, requirement, or standard of performance in effect under this subchapter.”

§ 6991h. Study of underground storage tanks

(a) Petroleum tanks

Not later than twelve months after November 8, 1984, the Administrator shall complete a study of underground storage tanks used for the storage of regulated substances defined in section 6991(7)(B) of this title.

(b) Other tanks

Not later than thirty-six months after November 8, 1984, the Administrator shall complete a study of all other underground storage tanks.

(c) Elements of studies

The studies under subsections (a) and (b) shall include an assessment of the ages, types (including methods of manufacture, coatings, protection systems, the compatibility of the construction materials and the installation methods) and locations (including the climate of the locations) of such tanks; soil conditions, water tables, and the hydrogeology of tank locations; the relationship between the foregoing factors and the likelihood of releases from underground storage tanks; the effectiveness and costs of inventory systems, tank testing, and leak detection systems; and such other factors as the Administrator deems appropriate.

(d) Farm and heating oil tanks

Not later than thirty-six months after November 8, 1984, the Administrator shall conduct a study regarding the tanks referred to in subparagraphs (A) and (B) of section 6991(10) of this title. Such study shall include estimates of the number and location of such tanks and an analysis of the extent to which there may be releases or threatened releases from such tanks into the environment.

(e) Reports

Upon completion of the studies authorized by this section, the Administrator shall submit reports to the President and to the Congress containing the results of the studies and recommendations respecting whether or not such tanks should be subject to the preceding provisions of this subchapter.

(f) Reimbursement

(1) If any owner or operator (excepting an agency, department, or instrumentality of the United States Government, a State or a political subdivision thereof) shall incur costs, including the loss of business opportunity, due to the closure or interruption of operation of an underground storage tank solely for the purpose of conducting studies authorized by this section, the Administrator shall provide such person fair and equitable reimbursement for such costs.

(2) All claims for reimbursement shall be filed with the Administrator not later than ninety days after the closure or interruption which gives rise to the claim.

(3) Reimbursements made under this section shall be from funds appropriated by the Congress pursuant to the authorization contained in section 6916(g)¹ of this title.

(4) For purposes of judicial review, a determination by the Administrator under this subsection shall be considered final agency action.

(Pub. L. 89-272, title II, §9009, as added Pub. L. 98-616, title VI, §601(a), Nov. 8, 1984, 98 Stat. 3287; amended Pub. L. 109-58, title XV, §1532(b)(3), Aug. 8, 2005, 119 Stat. 1105.)

AMENDMENTS

2005—Subsec. (a). Pub. L. 109-58, §1532(b)(3)(A), substituted “6991(7)(B)” for “6991(2)(B)”.

Subsec. (d). Pub. L. 109-58, §1532(b)(3)(B), substituted “subparagraphs (A) and (B) of section 6991(10)” for “section 6991(1)(A) and (B)”.

§ 6991i. Operator training

(a) Guidelines

(1) In general

Not later than 2 years after August 8, 2005, in consultation and cooperation with States and after public notice and opportunity for comment, the Administrator shall publish guidelines that specify training requirements for—

(A) persons having primary responsibility for on-site operation and maintenance of underground storage tank systems;

(B) persons having daily on-site responsibility for the operation and maintenance of underground storage tanks systems; and

(C) daily, on-site employees having primary responsibility for addressing emergencies presented by a spill or release from an underground storage tank system.

(2) Considerations

The guidelines described in paragraph (1) shall take into account—

(A) State training programs in existence as of the date of publication of the guidelines;

(B) training programs that are being employed by tank owners and tank operators as of August 8, 2005;

(C) the high turnover rate of tank operators and other personnel;

(D) the frequency of improvement in underground storage tank equipment technology;

(E) the nature of the businesses in which the tank operators are engaged;

(F) the substantial differences in the scope and length of training needed for the different classes of persons described in subparagraphs (A), (B), and (C) of paragraph (1); and

(G) such other factors as the Administrator determines to be necessary to carry out this section.

(b) State programs

(1) In general

Not later than 2 years after the date on which the Administrator publishes the guidelines under subsection (a)(1), each State that receives funding under this subchapter shall develop State-specific training requirements that are consistent with the guidelines developed under subsection (a)(1).

(2) Requirements

State requirements described in paragraph (1) shall—

(A) be consistent with subsection (a);

(B) be developed in cooperation with tank owners and tank operators;

(C) take into consideration training programs implemented by tank owners and tank operators as of August 8, 2005; and

(D) be appropriately communicated to tank owners and operators.

(3) Financial incentive

The Administrator may award to a State that develops and implements requirements described in paragraph (1), in addition to any funds that the State is entitled to receive under this subchapter, not more than \$200,000, to be used to carry out the requirements.

(c) Training

All persons that are subject to the operator training requirements of subsection (a) shall—

(1) meet the training requirements developed under subsection (b); and

(2) repeat the applicable requirements developed under subsection (b), if the tank for which they have primary daily on-site management responsibilities is determined to be out of compliance with—

(A) a requirement or standard promulgated by the Administrator under section 6991b of this title; or

(B) a requirement or standard of a State program approved under section 6991c of this title.
