§ 7274e. Scholarship and fellowship program for environmental restoration and waste management

(a) Establishment

The Secretary of Energy shall conduct a scholarship and fellowship program for the purpose of enabling individuals to qualify for employment in environmental restoration and waste management positions in the Department of Energy. The scholarship and fellowship program shall be known as the "Marilyn Lloyd Scholarship and Fellowship Program".

(b) Eligibility

To be eligible to participate in the scholarship and fellowship program, an individual must—

- (1) be accepted for enrollment or be currently enrolled as a full-time student at an institution of higher education (as defined in section 101 of the Higher Education Act of 1965 [20 U.S.C. 1001]);
- (2) be pursuing a program of education that leads to an appropriate higher education degree in a qualifying field of study, as determined by the Secretary;
- (3) sign an agreement described in subsection (c);
- (4) be a citizen or national of the United States or be an alien lawfully admitted to the United States for permanent residence; and
- (5) meet such other requirements as the Secretary prescribes.

(c) Agreement

An agreement between the Secretary and a participant in the scholarship and fellowship program established under this section shall be in writing, shall be signed by the participant, and shall include the following provisions:

- (1) The Secretary's agreement to provide the participant with educational assistance for a specified number of school years (not exceeding 5) during which the participant is pursuing a program of education in a qualifying field of study. The assistance may include payment of tuition, fees, books, laboratory expenses, and a stipend.
- (2) The participant's agreement (A) to accept such educational assistance, (B) to maintain

enrollment and attendance in the program of education until completed, (C) while enrolled in such program, to maintain satisfactory academic progress as prescribed by the institution of higher education in which the participant is enrolled, and (D) after completion of the program of education, to serve as a full-time employee in an environmental restoration or waste management position in the Department of Energy for a period of 12 months for each school year or part thereof for which the participant is provided a scholarship or fellowship under the program established under this section.

(d) Repayment

(1) Any person participating in a scholarship or fellowship program established under this section shall agree to pay to the United States the total amount of educational assistance provided to the person under the program, plus interest at the rate prescribed by paragraph (4), if the person—

(A) does not complete the course of education as agreed to pursuant to subsection (c), or completes the course of education but declines to serve in a position in the Department of Energy as agreed to pursuant to subsection (c); or

(B) is voluntarily separated from service or involuntarily separated for cause from the Department of Energy before the end of the period for which the person has agreed to continue in the service of the Department of Energy.

(2) If an employee fails to fulfill his agreement to pay to the Government the total amount of educational assistance provided to the person under the program, plus interest at the rate prescribed by paragraph (4), a sum equal to the amount of the educational assistance (plus such interest) is recoverable by the Government from the person or his estate by—

(A) in the case of a person who is an employee, setoff against accrued pay, compensation, amount of retirement credit, or other amount due the employee from the Government; and

(B) such other method as is provided by law for the recovery of amounts owing to the Government.

(3) The Secretary may waive in whole or in part a required repayment under this subsection if the Secretary determines the recovery would be against equity and good conscience or would be contrary to the best interests of the United States.

(4) For purposes of repayment under this section, the total amount of educational assistance provided to a person under the program shall bear interest at the applicable rate of interest under section 427A(c) of the Higher Education Act of 1965 (20 U.S.C. 1077a(c)).

(e) Preference for cooperative education students

In evaluating applicants for award of scholarships and fellowships under the program, the Secretary of Energy may give a preference to an individual who is enrolled in, or accepted for enrollment in, an educational institution that has

a cooperative education program with the Department of Energy.

(f) Coordination of benefits

A scholarship or fellowship awarded under this section shall be taken into account in determining the eligibility of the student for Federal student financial assistance provided under title IV of the Higher Education Act of 1965 (20 U.S.C. 1070 et seq.).

(g) Award of scholarships and fellowships

(1) Subject to paragraph (2), the Secretary shall award at least 20 scholarships (for undergraduate students) and 20 fellowships (for graduate students) during fiscal year 1992.

(2) The requirement to award 20 scholarships and 20 fellowships under paragraph (1) applies only to the extent there is a sufficient number of applicants qualified for such awards.

(h) Report to Congress

Not later than January 1, 1993, the Secretary of Energy shall submit to Congress a report on activities undertaken under the program and recommendations for future activities under the program.

(i) Funding

Of the funds authorized to be appropriated pursuant to section 3101(9)(B), \$1,000,000 may be used for the purpose of carrying out this section.

§ 7274g. Environmental restoration and waste management five-year plan and budget reports

(a) Five-year plan

(1) Not later than September 1 of each year, the Secretary of Energy shall issue a plan for environmental restoration and waste management activities to be conducted, during the five-year period beginning on October 1 of the next calendar year, at all facilities owned or operated by the Department of Energy except defense nuclear facilities. The plan also shall contain a description of environmental restoration and waste management activities conducted during the fiscal year in which the plan is submitted and of such activities to be conducted during the fiscal year beginning on October 1 of the same calendar year. Such five-year plan shall be designed to complete environmental restoration at all such Department of Energy facilities not later than the year 2019.

(2) The Secretary shall prepare each annual five-year plan in a preliminary form at least four months before the date on which that plan is required to be issued under paragraph (1). The preliminary plan shall contain the matters referred to in paragraph (4) (other than the matters referred to in subparagraph (J) of that paragraph). The Secretary shall provide the preliminary plan to the Governors and Attorneys General of affected States, appropriate representatives of affected Indian tribes, and the public for coordination, review, and comment.

(3) At the same time the Secretary issues an annual five-year plan under paragraph (1), the Secretary shall submit the plan to the President and Congress, publish a notice of the issuance of the plan in the Federal Register, and make the plan available to the Governors and Attorneys General of affected States, appropriate representatives of affected Indian tribes, and the public.

(4) The annual five-year plan, and the actions and other matters contained in the plan, shall be in accordance with all laws, regulations, permits, orders, and agreements. The plan shall include, with respect to the Department of Energy facilities required by paragraph (1) to be covered by the plan, the following matters:

(A) A description of the actions, including identification of specific projects, necessary to maintain or achieve compliance with Federal, State, or local environmental laws, regulations, permits, orders, and agreements.

(B) A description of the actions, including identification of specific projects, to be taken at each Department of Energy facility in order
