

thorized by this Act and amendments made thereby and those weatherization activities undertaken, independently of this Act and such amendments. The President shall report to the Congress within one year from November 9, 1978, and annually thereafter, concerning—

(1) the extent of progress being made through weatherization activities toward the achievement of national energy conservation goals;

(2) adequacy and costs of materials necessary for weatherization activities; and

(3) the need for and desirability of modifying weatherization activities authorized by this Act, and amendments made thereby and of extending such activities to a broader range of income groups than are being assisted under this Act and such amendments.

(Pub. L. 95-619, title II, §254, Nov. 9, 1978, 92 Stat. 3237.)

REFERENCES IN TEXT

This Act, referred to in text, is Pub. L. 95-619, Nov. 9, 1978, 92 Stat. 3206, as amended, known as the National Energy Conservation Policy Act. For complete classification of this Act to the Code, see Short Title note set out under section 8201 of this title and Tables.

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of provisions in this section relating to the requirement that the President report annually to Congress, see section 3003 of Pub. L. 104-66, as amended, set out as a note under section 1113 of Title 31, Money and Finance, and the last item on page 40 of House Document No. 103-7.

PART C—RESIDENTIAL ENERGY EFFICIENCY PROGRAMS

§ 8235. “Residential building” defined

As used in this part, the term “residential building” means any building used as a residence which is not a new building to which final standards under sections 6833(a) and 6834¹ of this title apply and which has a system for heating, cooling, or both.

(Pub. L. 95-619, title II, §261, as added Pub. L. 96-294, title V, §562, June 30, 1980, 94 Stat. 746.)

REFERENCES IN TEXT

Section 6834 of this title, referred to in text, was repealed by Pub. L. 97-35, title X, §1041(b), Aug. 13, 1981, 95 Stat. 621.

STATEMENT OF PURPOSE

Pub. L. 96-294, title V, §561, June 30, 1980, 94 Stat. 746, provided that: “It is the purpose of this subtitle [subtitle C (§§561-563) of title V of Pub. L. 96-294, enacting this part]—

“(1) to establish a program under which the Secretary of Energy may provide assistance to State and local governments to encourage up to four demonstration programs that make energy conservation measures available without charge to residential property owners and tenants under a plan designed to maximize the energy savings available in residential buildings in designated areas; and

“(2) to demonstrate through such program prototype residential energy efficiency plans under which State and local governments, State regulatory authorities, and public utilities may participate in a co-

operative manner with public or private entities to install energy conservation measures in the greatest possible number of residential buildings within their respective jurisdictions or service areas.”

§ 8235a. Approval of plans for prototype residential energy efficiency programs and provision of financial assistance for such programs

(a) Plan approval

The Secretary may approve any plan developed by a State or local government, for the establishment of a prototype residential energy efficiency program, which is designed to demonstrate the feasibility, economics, and energy conserving potential of such program, if an application for such plan is submitted pursuant to section 8235b of this title, the application is approved pursuant to section 8235c of this title, and the plan provides for—

(1) the entering into a contract by a public utility with one or more persons not under the control of, and not affiliates or subsidiaries of, such utility for the implementation of a program to encourage energy conservation, including the supply and installation of the energy conservation measures as specified in such contract in residential buildings located in the portion of the utility’s service area designated by the contract, which contract includes the provisions described in subsection (b);

(2) the selection by the public utility in a fair, open, and nondiscriminatory manner of the person or persons to contract with pursuant to paragraph (1);

(3) the payment by the public utility to the person or persons contracted with under paragraph (1) of a specified price for each unit of energy saved by such utility as a result of the program during the period the contract is in effect, which price is based on the value to the utility of the energy saved;

(4) the determination, by a procedure established by the State or local government developing the plan, of the amount of energy saved by a public utility as a result of the program carried out under the plan, which procedure is described in the contract;

(5) in the case of a regulated public utility, the approval in writing by the State regulatory authority exercising ratemaking authority over such utility of the contract described in paragraph (1), the manner of selection described in paragraph (2), the payment described in paragraph (3), and the procedure described in paragraph (4); and

(6) the enforcement of the provisions of the contract, entered into pursuant to paragraph (1), which are required to be included pursuant to subsection (b).

(b) Contract requirements

Any contract entered into by a public utility under subsection (a)(1) shall require any person or persons entering into such contract with a public utility to offer to the owner or occupant of each residential building in the portion of the utility’s service area designated in the contract, without charge—

(1) an inspection of such building to determine and inform such owner or occupant of—
