

port to the Committee on Governmental Affairs and the Committee on Energy and Natural Resources of the Senate and the Committee on Energy and Commerce and the Committee on Post Office and Civil Service of the House of Representatives on the United States Postal Service's building management program as it relates to energy efficiency. The report shall include, but not be limited to—

- (1) a description of actions taken to reduce energy consumption;
- (2) future plans to reduce energy consumption;
- (3) an assessment of the success of the energy conservation program;
- (4) a statement of energy costs incurred in operating and maintaining all United States Postal Service facilities; and
- (5) the status of the energy efficient procurement program established under section 8262h of this title.

Committee on Oversight Reform of House of Representatives changed to Committee on Oversight and Reform of House of Representatives by House Resolution No. 6, One Hundred Sixteenth Congress, Jan. 9, 2019.

§ 8262j. Energy management requirements for United States Postal Service

(a) Energy management requirements for postal facilities

(1) The Postmaster General shall, to the maximum extent practicable, ensure that each United States Postal Service facility meets the energy management requirements for Federal buildings and agencies specified in section 8253 of this title.

(2) The Postmaster General may exclude from the requirements of such section any facility or collection of facilities, and the associated energy consumption and gross square footage if the Postmaster General finds that compliance with the requirements of such section would be impracticable. A finding of impracticability shall be based on the energy intensiveness of activities carried out in such facility or collection of facilities, the type and amount of energy consumed, or the technical feasibility of making the desired changes. The Postmaster General shall identify and list in the report required under section 8262i of this title the facilities designated by it for such exclusion.

(b) Implementation steps

In carrying¹ subsection (a), the Postmaster General shall—

(1) not later than 1 year after October 24, 1992, prepare or update, as appropriate, a plan (which may be submitted as part of the first report submitted under section 8262i of this title)—

- (A) describing how this section will be implemented;
- (B) designating personnel primarily responsible for achieving the requirements of this section; and
- (C) identifying high priority projects;

(2) perform energy surveys of United States Postal Service facilities as necessary to achieve the requirements of this section;

(3) install those energy conservation measures that will attain the requirements of this section in a cost-effective manner as defined in section 8254 of this title; and

(4) ensure that the operation and maintenance procedures applied under this section are continued.

(Pub. L. 102-486, title I, §166, Oct. 24, 1992, 106 Stat. 2861.)

CODIFICATION

Section was enacted as part of the Energy Policy Act of 1992, and not as part of the National Energy Conservation Policy Act which comprises this chapter.

§ 8262k. Government contract incentives

(a) Establishment of criteria

Each agency, in consultation with the Federal Acquisition Regulatory Council, shall establish criteria for the improvement of energy efficiency in Federal facilities operated by Federal Government contractors or subcontractors.

(b) Purpose of criteria

The criteria established under subsection (a) shall be used to encourage Federal contractors,

PART C—FEDERAL PHOTOVOLTAIC UTILIZATION

§ 8271. “Federal facility” and “Secretary” defined

For purposes of this part—

(1) The term “Federal facility” means any building, structure, or fixture or part thereof which is owned by the United States or any Federal agency or which is held by the United States or any Federal agency under a lease-acquisition agreement under which the United States or a Federal agency will receive fee simple title under the terms of such agreement without further negotiation. Such term also applies to facilities related to programs administered by Federal agencies.

(2) The term “Secretary” means the Secretary of Energy.

(Pub. L. 95-619, title V, §562, Nov. 9, 1978, 92 Stat. 3280; Pub. L. 96-294, title IV, §407(1), June 30, 1980, 94 Stat. 717.)

AMENDMENTS

1980—Par. (1). Pub. L. 96-294 inserted applicability to facilities related to programs administered by Federal agencies.

SHORT TITLE

For short title of this part as the “Federal Photovoltaic Utilization Act”, see section 561 of Pub. L. 95-619, set out as a note under section 8201 of this title.

§ 8272. Photovoltaic energy program

There is hereby established a photovoltaic energy commercialization program for the accelerated procurement and installation of photovoltaic solar electric systems for electric production in Federal facilities.

(Pub. L. 95-619, title V, §563, Nov. 9, 1978, 92 Stat. 3280.)

§ 8273. Purpose of program

The purpose of the program established by section 8272 of this title is to—

(1) accelerate the growth of a commercially viable and competitive industry to make photovoltaic solar electric systems available to the general public as an option in order to reduce national consumption of fossil fuel;

(2) reduce fossil fuel costs to the Federal Government;

(3) stimulate the general use within the Federal Government of methods for the minimization of life cycle costs; and

(4) develop performance data on the program established by section 8272 of this title.

(Pub. L. 95-619, title V, §564, Nov. 9, 1978, 92 Stat. 3280.)

§ 8274. Acquisition of systems

The program established by section 8272 of this title shall provide for the acquisition of photovoltaic solar electric systems and associated storage capability by the Secretary for their use by Federal agencies, and for the acquisition of such systems and associated capability by Federal agencies for their own use in cases where the authority to make such acquisition has been delegated to the agency involved by the Secretary. The acquisition of photovoltaic solar electric systems shall be at an annual level substantial enough to allow use of low-cost production techniques by suppliers of such systems. The Secretary (or other Federal agency acting under delegation from the Secretary) is authorized to make such acquisitions through the use of multiyear contracts. Authority under this part to enter into acquisition contracts shall be only to the extent as may be provided in advance in appropriation Acts.

(Pub. L. 95-619, title V, §565, Nov. 9, 1978, 92 Stat. 3281; Pub. L. 96-294, title IV, §407(2)(A), (B), June 30, 1980, 94 Stat. 717.)

AMENDMENTS

1980—Pub. L. 96-294 inserted provisions relating to acquisition of systems and associated capability by Federal agencies and inserted “(or other Federal agency acting under delegation from the Secretary)”.

§ 8275. Administration

The Secretary shall administer the program established under section 8272 of this title and shall—

(1) consult with the Secretary of Defense to insure that the installation and purchase of photovoltaic solar electric systems pursuant to this part shall not interfere with defense-related activities;

(2) prescribe such requirements as may be appropriate to monitor and assess the performance and operation of photovoltaic electric systems installed pursuant to this part; and

(3) report annually to the Congress on the status of the program.

Notwithstanding any other provision of law, the Secretary shall not be subject to the requirements of section 553 of title 5, in the performance of his functions under this part.

(Pub. L. 95-619, title V, §566, Nov. 9, 1978, 92 Stat. 3281; Pub. L. 96-294, title IV, §407(3), (4), June 30, 1980, 94 Stat. 717, 718.)

AMENDMENTS

1980—Pub. L. 96-294 inserted provisions relating to inapplicability of section 553 of title 5 and substituted “requirements” for “rules and regulations” in par. (2).

TERMINATION OF REPORTING REQUIREMENTS

For termination, effective May 15, 2000, of the reporting provision in par. (3) of this section, see section 3003 of Pub. L. 104-66, as amended, set out as a note under section 1113 of Title 31, Money and Finance, and the 3rd item on page 87 of House Document No. 103-7.

§ 8276. System evaluation and purchase program

(a) Program

The Secretary shall establish, within 60 days after November 9, 1978, a photovoltaic systems
