In subsection (a)(1)(A), the words “and report the facts, conditions, and circumstances related to each accident and the probable cause thereof” in 49 App.:1441(a)(2) are omitted as unnecessary because of section 1131(d) of the revised title.

In subsection (a)(1)(B), the words “provide for” in 49 App.:1442(a) are omitted as surplus.

In subsection (a)(2), the words “any member of the National Transportation Safety Board or any officer or employee of the National Transportation Safety Board” in 49 App.:1441(c) are omitted as unnecessary because of sections 1113 and 1134 of the revised title.

Section 6(c)(1) of the Department of Transportation Act (Public Law 89–670, 80 Stat. 938) transferred all duties and powers of the Federal

Aviation Agency and the Administrator to the Secretary of Transportation. However, the Secretary was to carry out certain provisions through the Administrator. All provisions of law the Secretary is required to carry out through the Administrator are included in 49:106(g).

In subsection (c), the words “and his representatives” in 49 App.:1441(g) are omitted because of 49:322(b). The words “when participation is necessary to carry out the duties and powers” are substituted for “In order to assure the proper discharge . . . of his duties and responsibilities” to eliminate unnecessary words. The words “or his representatives” are omitted because of 49:322(b).

The National Transportation Safety Board shall review on appeal—

(1) the denial, amendment, modification, suspension, or revocation of a certificate issued by the Secretary of Transportation under section 44703, 44709, or 44710 of this title;

§ 1134. Inspections and autopsies

(a) ENTRY AND INSPECTION.—An officer or employee of the National Transportation Safety Board—

(b) INSPECTION, TESTING, PRESERVATION, AND MOVING OF AIRCRAFT AND PARTS.—(1) In investigating an aircraft accident under this chapter, the Board may inspect and test, to the extent necessary, any civil aircraft, aircraft engine, propeller, appliance, or property on an aircraft involved in an accident in air commerce.

(2) to the maximum extent feasible, preserves evidence related to the accident, consistent with the needs of the investigation and with the cooperation of that owner or operator.

(d) EXCLUSIVE AUTHORITY OF BOARD.—Only the Board has the authority to decide on the way in which testing under this section will be conducted, including decisions on the person that will conduct the test, the type of test that will be conducted, and any individual who will witness the test. Those decisions are committed to the discretion of the Board. The Board shall make any of those decisions based on the needs of the investigation being conducted and, when applicable, subsections (a), (c), and (e) of this section.

(e) PROMPTNESS OF TESTS AND AVAILABILITY OF RESULTS.—An inspection, examination, or test under subsection (a) or (c) of this section shall be started and completed promptly, and the results shall be made available.

(f) AUTOPSIES.—(1) The Board may order an autopsy to be performed and have other tests made when necessary to investigate an accident under this chapter. However, local law protecting religious beliefs related to autopsies shall be observed to the extent consistent with the needs of the accident investigation.

(2) With or without reimbursement, the Board may obtain a copy of an autopsy report performed by a State or local official on an individual who died because of a transportation accident investigated by the Board under this chapter.
