

Department who are not employees of the Agency and shall, in conjunction with the heads of other Executive agencies, designate employees of those other Executive agencies, as appropriate, to serve on the Surge Capacity Force.

**(c) Capabilities**

The plan shall ensure that the Surge Capacity Force—

(1) includes a sufficient number of individuals credentialed in accordance with section 320 of this title that are capable of deploying rapidly and efficiently after activation to prepare for, respond to, and recover from natural disasters, acts of terrorism, and other man-made disasters, including catastrophic incidents; and

(2) includes a sufficient number of full-time, highly trained individuals credentialed in accordance with section 320 of this title to lead and manage the Surge Capacity Force.

**(d) Training**

The plan shall ensure that the Administrator provides appropriate and continuous training to members of the Surge Capacity Force to ensure such personnel are adequately trained on the Agency's programs and policies for natural disasters, acts of terrorism, and other man-made disasters.

**(e) No impact on agency personnel ceiling**

Surge Capacity Force members shall not be counted against any personnel ceiling applicable to the Federal Emergency Management Agency.

**(f) Expenses**

The Administrator may provide members of the Surge Capacity Force with travel expenses, including per diem in lieu of subsistence, at rates authorized for employees of agencies under subchapter I of chapter 57 of title 5 for the purpose of participating in any training that relates to service as a member of the Surge Capacity Force.

**(g) Immediate implementation of Surge Capacity Force involving Federal employees**

As soon as practicable after October 4, 2006, the Administrator shall develop and implement—

- (1) the procedures under subsection (b); and
- (2) other elements of the plan needed to establish the portion of the Surge Capacity Force consisting of individuals designated under those procedures.

GUIDANCE ON EVACUATION ROUTES

Pub. L. 115-254, div. D, § 1209, Oct. 5, 2018, 132 Stat. 3441, provided that:

“(a) IN GENERAL.—

“(1) IDENTIFICATION.—The Administrator [of the Federal Emergency Management Agency], in coordination with the Administrator of the Federal Highway Administration, shall develop and issue guidance for State, local, and Indian tribal governments regarding the identification of evacuation routes.

“(2) GUIDANCE.—The Administrator of the Federal Highway Administration, in coordination with the Administrator, shall revise existing guidance or issue new guidance as appropriate for State, local, and Indian tribal governments regarding the design, construction, maintenance, and repair of evacuation routes.

“(b) CONSIDERATIONS.—

“(1) IDENTIFICATION.—In developing the guidance under subsection (a)(1), the Administrator shall consider—

“(A) whether evacuation routes have resisted impacts and recovered quickly from disasters, regardless of cause;

“(B) the need to evacuate special needs populations, including—

“(i) individuals with a physical or mental disability;

“(ii) individuals in schools, daycare centers, mobile home parks, prisons, nursing homes and other long-term care facilities, and detention centers;

“(iii) individuals with limited-English proficiency;

“(iv) the elderly; and

“(v) individuals who are tourists, seasonal workers, or homeless;

“(C) the sharing of information and other public communications with evacuees during evacuations;

“(D) the sheltering of evacuees, including the care, protection, and sheltering of animals;

“(E) the return of evacuees to their homes; and

“(F) such other items the Administrator considers appropriate.

“(2) DESIGN, CONSTRUCTION, MAINTENANCE, AND REPAIR.—In revising or issuing guidance under subsection (a)(2), the Administrator of the Federal Highway Administration shall consider—

“(A) methods that assist evacuation routes to—

“(i) withstand likely risks to viability, including flammability and hydrostatic forces;

“(ii) improve durability, strength (including the ability to withstand tensile stresses and compressive stresses), and sustainability; and

“(iii) provide for long-term cost savings;

“(B) the ability of evacuation routes to effectively manage contraflow operations;

“(C) for evacuation routes on public lands, the viewpoints of the applicable Federal land management agency regarding emergency operations, sustainability, and resource protection; and

“(D) such other items the Administrator of the Federal Highway Administration considers appropriate.

“(c) STUDY.—The Administrator, in coordination with the Administrator of the Federal Highway Administration and State, local, territorial, and Indian tribal governments, may—

“(1) conduct a study of the adequacy of available evacuation routes to accommodate the flow of evacuees; and

“(2) submit recommendations on how to help with anticipated evacuation route flow, based on the study conducted under paragraph (1), to—

“(A) the Federal Highway Administration;

“(B) the [Federal Emergency Management] Agency;

“(C) State, local, territorial, and Indian tribal governments; and

“(D) Congress.”

## § 727. Improvements to information technology systems

### (a) Measures to improve information technology systems

The Administrator, in coordination with the Chief Information Officer of the Department, shall take appropriate measures to update and improve the information technology systems of the Agency, including measures to—

(1) ensure that the multiple information technology systems of the Agency (including the National Emergency Management Information System, the Logistics Information Management System III, and the Automated Deployment Database) are, to the extent practicable, fully compatible and can share and access information, as appropriate, from each other;

(2) ensure technology enhancements reach the headquarters and regional offices of the Agency in a timely fashion, to allow seamless integration;

(3) develop and maintain a testing environment that ensures that all system components are properly and thoroughly tested before their release;

(4) ensure that the information technology systems of the Agency have the capacity to track disaster response personnel, mission assignments task orders, commodities, and supplies used in response to a natural disaster, act of terrorism, or other man-made disaster;

(5) make appropriate improvements to the National Emergency Management Information System to address shortcomings in such system on October 4, 2006; and

(6) provide training, manuals, and guidance on information technology systems to personnel, including disaster response personnel, to help ensure employees can properly use information technology systems.

### (b) Report

Not later than 270 days after October 4, 2006, the Administrator shall submit to the appropriate committees of Congress a report describing the implementation of this section, includ-
