**§ 12528. Reserve Mobilization Income Insurance Fund**

(a) ESTABLISHMENT.—There is established on the books of the Treasury a fund to be known as the “Reserve Mobilization Income Insurance Fund”, which shall be administered by the Secretary of the Treasury. The Fund shall be used for the accumulation of funds in order to finance the liabilities of the insurance program on an actuarially sound basis.

(b) ASSETS OF FUND.—There shall be deposited into the Fund the following:

- (1) Premiums paid under section 12527 of this title.
- (2) Any amount appropriated to the Fund.
- (3) Any return on investment of the assets of the Fund.

(c) AVAILABILITY.—Amounts in the Fund shall be available for paying insurance benefits under the insurance program.

(d) INVESTMENT OF ASSETS OF FUND.—The Secretary of the Treasury shall invest such portion of the Fund as is not in the judgment of the Secretary of Defense required to meet current liabilities. Such investments shall be in public debt securities with maturities suitable to the needs of the Fund, as determined by the Secretary of Defense, and bearing interest at rates determined by the Secretary of the Treasury, taking into consideration current market yields on outstanding marketable obligations of the United States of comparable maturities. The income on such investments shall be credited to the Fund.

(e) ANNUAL ACCOUNTING.—At the beginning of each fiscal year, the Secretary, in consultation with the Board of Actuaries and the Secretary of the Treasury, shall determine the following:

- (1) The projected amount of the premiums to be collected, investment earnings to be received, and any transfers or appropriations to be made for the Fund for that fiscal year.
- (2) The amount for that fiscal year of any cumulative unfunded liability (including any negative amount or any gain to the Fund) resulting from payments of benefits.
- (3) The amount for that fiscal year (including any negative amount) of any cumulative actuarial gain or loss to the Fund.

(Added Pub. L. 104-106, div. A, title V, §512(a)(1), Feb. 10, 1996, 110 Stat. 302.)

**§ 12529. Board of Actuaries**

(a) ACTUARIAL RESPONSIBILITY.—The Board of Actuaries shall have the actuarial responsibility for the insurance program.

(b) VALUATIONS AND PREMIUM RECOMMENDATIONS.—The Board of Actuaries shall carry out periodic actuarial valuations of the benefits under the insurance program and determine a premium rate methodology for the Secretary to use in setting premium rates for the insurance program. The Board shall conduct the first valuation and determine a premium rate methodology not later than six months after the insurance program is established.

(c) EFFECTS OF CHANGED BENEFITS.—If at the time of any actuarial valuation under subsection (b) there has been a change in benefits under the insurance program that has been made since the last such valuation and such change in benefits increases or decreases the present value of amounts payable from the Fund, the Board of Actuaries shall determine a premium rate methodology, and recommend to the Secretary a premium schedule, for the liquidation of any liability (or actuarial gain to the Fund) resulting from such change and any previous such changes so that the present value of the sum of the scheduled premium payments (or reduction in payments that would otherwise be made) equals the cumulative increase (or decrease) in the present value of such benefits.

(d) ACTUARIAL GAINS OR LOSSES.—If at the time of any such valuation the Board of Actuaries determines that there has been an actuarial gain or loss to the Fund as a result of changes in actuarial assumptions since the last valuation or as a result of any differences, between actual and expected experience since the last valuation, the Board shall recommend to the Secretary a premium rate schedule for the amortization of the cumulative gain or loss to the Fund resulting from such changes in assumptions and any previous such changes in assumptions or from the differences in actual and expected experience, respectively, through an increase or decrease in the payments that would otherwise be made to the Fund.

(e) INSUFFICIENT ASSETS.—If at any time liabilities of the Fund exceed assets of the Fund as a result of members of the Ready Reserve being ordered to active duty as described in section 12521(2) of this title, and funds are unavailable to pay benefits completely, the Secretary shall request the President to submit to Congress a request for a special appropriation to cover the unfunded liability. If appropriations are not made to cover an unfunded liability in any fiscal year, the Secretary shall reduce the amount of the benefits paid under the insurance program to a total amount that does not exceed the assets of the Fund expected to accrue by the end of such fiscal year. Benefits that cannot be paid because of such a reduction shall be deferred and may be paid only after and to the extent that additional funds become available.

(f) DEFINITION OF PRESENT VALUE.—The Board of Actuaries shall define the term “present value” for purposes of this subsection.
