

supervisor of the State in which such credit union is chartered fails to make a determination pursuant to such clause by the end of the 6-month period beginning on the date of the application, the credit union shall be deemed to have met the requirements of clause (i).

(C) Security interests of Federal home loan bank not avoidable

Notwithstanding any provision of State law authorizing a conservator or liquidating agent of a credit union to repudiate contracts, no such provision shall apply with respect to—

(ii) the Bank has the same right to access such collateral that the Bank would have had if the advance had been made to a federally insured credit union.

(b) Location requirement

An institution eligible to become a member under this section may become a member only of, or secure advances from, the Federal Home Loan Bank of the district in which is located the institution's principal place of business, or of the bank of a district adjoining such district, if demanded by convenience and then only with the approval of the Director.

(c) Inspection and regulation requirements

Notwithstanding the provisions of clause (2) of subsection (a) of this section requiring inspection and regulation under law as a condition with respect to eligibility for membership, any building and loan association which would be eligible to become a member of a Federal Home Loan Bank except for the fact that it is not subject to inspection and regulation under the banking laws or similar laws of the State in which such association is organized shall, upon subjecting itself to such inspection and regulation as the Director shall prescribe, be eligible to become a member.

§ 1426. Capital structure of Federal home loan banks

(a) Regulations

(1) Capital standards

Not later than 18 months after November 12, 1999, the Director shall issue regulations prescribing uniform capital standards applicable to each Federal home loan bank, which shall require each such bank to meet—

(A) the leverage requirement specified in paragraph (2); and

(B) the risk-based capital requirements, in accordance with paragraph (3).

(2) Leverage requirement

(A) In general

The leverage requirement shall require each Federal home loan bank to maintain a minimum amount of total capital based on the total assets of the bank and shall be 5 percent.

(B) Treatment of stock and retained earnings

In determining compliance with the minimum leverage ratio established under subparagraph (A), the paid-in value of the outstanding Class B stock and the amount of retained earnings shall be multiplied by 1.5, and such higher amounts shall be deemed to be capital for purposes of meeting the 5 percent minimum leverage ratio, except that a Federal home loan bank's total capital (determined without taking into account any such multiplier) shall not be less than 4 percent of the total assets of the bank.

(3) Risk-based capital standards

(A) Risk-based capital standards

The Director shall, by regulation, establish risk-based capital standards for the Federal Home Loan Banks to ensure that the Federal Home Loan Banks operate in a safe and sound manner, with sufficient permanent capital and reserves to support the risks that arise in the operations and management of the Federal Home Loans Banks.

(B) Consideration of other risk-based standards

In establishing the risk-based standard under subparagraph (A), the Director shall take due consideration of any risk-based capital test established pursuant to section 1361 of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 (12 U.S.C. 4611) for the enterprises (as defined in that Act [12 U.S.C. 4501 et seq.]), with such modifications as the Director determines to be appropriate to reflect differences in operations between the Federal home loan banks and those enterprises.

(4) Other regulatory requirements

The regulations issued by the Director under paragraph (1) shall—

(A) permit each Federal home loan bank to issue, with such rights, terms, and preferences, not inconsistent with this chapter and the regulations issued hereunder, as the board of directors of that bank may approve, any 1 or more of—

(i) Class A stock, which shall be redeemable in cash and at par 6 months following submission by a member of a written notice of its intent to redeem such shares; and

(ii) Class B stock, which shall be redeemable in cash and at par 5 years following submission by a member of a written notice of its intent to redeem such shares;

(B) provide that the stock of a Federal home loan bank may be issued to and held by only members of the bank, and that a bank may not issue any stock other than as provided in this section;

(C) prescribe the manner in which stock of a Federal home loan bank may be sold, transferred, redeemed, or repurchased; and

(D) provide the manner of disposition of outstanding stock held by, and the liquidation of any claims of the Federal home loan bank against, an institution that ceases to be a member of the bank, through merger or otherwise, or that provides notice of intention to withdraw from membership in the bank.

(5) Definitions of capital

For purposes of determining compliance with the capital standards established under this subsection—

(A) permanent capital of a Federal home loan bank shall include—

(i) the amounts paid for the Class B stock; and

(ii) the retained earnings of the bank (as determined in accordance with generally accepted accounting principles); and

(B) total capital of a Federal home loan bank shall include—

(i) permanent capital;

(ii) the amounts paid for the Class A stock;

(iii) consistent with generally accepted accounting principles, and subject to the regulation of the Director, a general allowance for losses, which may not include any
