(c) Definitions

For purposes of this section:

(1) The term “base loan” means any mortgage loan for a residential building eligible for insurance under title II of the National Housing Act [12 U.S.C. 1707 et seq.] or title 38 that does not include the cost of cost-effective energy improvements.

(2) The term “cost-effective” means, with respect to energy efficiency improvements to a residential building, improvements that result in the total present value cost of the improvements (including any maintenance and repair expenses) being less than the total present value of the energy saved over the useful life of the improvement, when 100 percent of the cost of improvements is added to the base loan. For purposes of this paragraph, savings and cost-effectiveness shall be determined pursuant to a home energy rating report sufficient for purposes of the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation, or by other technically accurate methods.

(3) The term “energy efficient mortgage” means a mortgage on a residential building that recognizes the energy savings of a home that has cost-effective energy saving construction or improvements (including solar water heaters, solar-assisted air conditioners and ventilators, super-insulation, and insulating glass and film) and that has the effect of not disqualifying a borrower who, but for the expenditures on energy saving construction or improvements, would otherwise have qualified for a base loan.

(4) The term “residential building” means any attached or unattached single family residence.

(d) Rule of construction

This section may not be construed to affect any other programs of the Secretary of Housing and Urban Development for energy-efficient mortgages. The pilot program carried out under this section shall not replace or result in the termination of such other programs.

(e) Regulations

The Secretary shall issue any regulations necessary to carry out this section not later than the expiration of the 180-day period beginning on October 24, 1992. The regulations shall be issued after notice and opportunity for public comment pursuant to the provisions of section 553 of title 5 (notwithstanding subsections (a)(2), (b)(B), and (d)(3) of such section).

(f) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary to carry out this section.
