§ 715c. Suspension of operation of section 715b of this title

Whenever the President finds that the amount of petroleum and petroleum products moving in interstate commerce is so limited as to be the cause, in whole or in part, of a lack of parity between supply (including imports and reasonable withdrawals from storage) and consumptive demand (including exports and reasonable additions to storage) resulting in an undue burden on or restriction of interstate commerce in petroleum and petroleum products, he shall by proclamation declare such finding, and thereupon the provisions of section 715b of this title shall be inoperative until such time as the President shall find and by proclamation declare that the conditions which gave rise to the suspension of the operation of the provisions of such section no longer exist. If any provision of this section or the application thereof shall be held to be invalid, the validity of application of section 715b of this title shall not be affected thereby.

(Feb. 22, 1935, ch. 18, § 4, 49 Stat. 31.)

§ 715d. Enforcement of chapter

(a) Rules and regulations

The President shall prescribe such regulations as he finds necessary or appropriate for the enforcement of the provisions of this chapter, including but not limited to regulations requiring reports, maps, affidavits, and other documents relating to the production, storage, refining, processing, transporting, or handling of petroleum and petroleum products, and providing for the keeping of books and records, and for the inspection of such books and records and of properties and facilities.

(b) Certificate of clearance for petroleum and petroleum products

Whenever the President finds it necessary or appropriate for the enforcement of the provisions of this chapter he shall require certificates of clearance for petroleum and petroleum products moving or to be moved in interstate commerce from any particular area, and shall establish a board or boards for the issuance of such certificates. A certificate of clearance shall be issued by a board so established in any case where such board determines that the petroleum or petroleum products in question does not constitute contraband oil. Denial of any such certificate shall be by order of the board, and only after reasonable opportunity for hearing. Whenever a certificate of clearance is required for any area in any State, it shall be unlawful to ship or transport petroleum or petroleum products in interstate commerce from such area unless a certificate has been obtained therefor.

(c) Review of order of denial of certificate of clearance

Any person whose application for a certificate of clearance is denied may obtain a review of the order denying such application in the United States District Court for the district wherein the board is sitting by filing in such court with-

in thirty days after the entry of such order a written petition praying that the order of the board be modified or set aside, in whole or in part. A copy of such petition shall be forthwith served upon the board, and thereupon the board shall certify and file in the court a transcript of the record upon which the order complained of was entered. Upon the filing of such transcript, such court shall have jurisdiction to affirm, modify, or set aside such order, in whole or in part. No objection to the order of the board shall be considered by the court unless such objection shall have been urged before the board. The finding of the board as to the facts, if supported by evidence, shall be conclusive. The judgment and decree of the court shall be final, subject to review as provided in sections 1254, 1291, and 1292 of title 28.
