"CHAPTER 1

"SEC. 101. EMERGENCY STEEL LOAN GUARANTEE PROGRAM. (a) SHORT TITLE.—This chapter may be cited as the 'Emergency Steel Loan Guarantee Act of 1999'.

"(b) CONGRESSIONAL FINDINGS.—Congress finds that—

"(1) the United States steel industry has been severely harmed by a record surge of more than 40,000,000 tons of steel imports into the United States since 1998, caused by the world financial crisis;

"(2) this surge in imports resulted in the loss of more than 10,000 steel worker jobs since 1998, and was the imminent cause of three bankruptcies by medium-sized steel companies, Acme Steel, Laclede Steel, and Geneva Steel;

"(3) the crisis also forced almost all United States steel companies into—

"(A) reduced volume, lower prices, and financial losses; and

“(B) an inability to obtain credit for continued operations and reinvestment in facilities;

“(4) the crisis also has affected the willingness of private banks and investment institutions to make loans to the United States steel industry for continued operation and reinvestment in facilities;

“(5) these steel bankruptcies, job losses, and financial losses are also having serious negative effects on the tax base of cities, counties, and States, and on the essential health, education, and municipal services that these government entities provide to their citizens; and

“(6) a strong steel industry is necessary to the adequate defense preparedness of the United States in order to have sufficient steel available to build the ships, tanks, planes, and armaments necessary for the national defense.

“(c) DEFINITIONS.—For purposes of this section:

“(1) BOARD.—The term ‘Board’ means the Loan Guarantee Board established under subsection (e).

“(C) has experienced layoffs, production losses, or financial losses since the beginning of the steel import crisis in 1998, and thereafter, or that operates substantial assets of a company that meets these qualifications.

“(d) ESTABLISHMENT OF EMERGENCY STEEL GUARANTEE LOAN PROGRAM.—There is established the Emergency Steel Guarantee Loan Program, to be administered by the Board, the purpose of which is to provide loan guarantees to qualified steel companies in accordance with this section.

“(2) the prospective earning power of that company, together with the character and value of the security pledged, furnish reasonable assurance of repayment of the loan to be guaranteed in accordance with its terms;

“(3) the loan to be guaranteed bears interest at a rate determined by the Board to be reasonable, taking into account the current average yield on outstanding obligations of the United States with remaining periods of maturity comparable to the maturity of such loan;

“(4) the company has agreed to an audit by the Government Accountability Office prior to the issuance of the loan guarantee and annually thereafter while any such guaranteed loan is outstanding; and

“(5) in the case of a purchaser of substantial assets of a qualified steel company, the qualified steel company establishes that it is unable to reorganize itself.

“FEDERAL ADMINISTRATIVE AND TRAVEL EXPENSES

“(RESCISSIONS)

“SEC. 102. (a) Of the funds available in the nondefense category to the agencies of the Federal Government, \$145,000,000 are hereby rescinded: *Provided*, That rescissions pursuant to this subsection shall be taken only from administrative and travel accounts: *Provided further*, That rescissions shall be taken on a pro rata basis from funds available to every Federal agency, department, and office in the executive branch, including the Office of the President.

“CHAPTER 2

“SEC. 201. PETROLEUM DEVELOPMENT MANAGEMENT. (a) SHORT TITLE.—This chapter may be cited as the ‘Emergency Oil and Gas Guaranteed Loan Program Act’.

“(b) FINDINGS.—Congress finds that—

“(1) consumption of foreign oil in the United States is estimated to equal 56 percent of all oil consumed, and that percentage could reach 68 percent by 2010 if current prices prevail;

“(2) the number of oil and gas rigs operating in the United States is at its lowest since 1944, when records of this tally began;

“(3) if prices do not increase soon, the United States could lose at least half its marginal wells, which in aggregate produce as much oil as the United States imports from Saudi Arabia;

“(4) oil and gas prices are unlikely to increase for at least several years;

“(5) declining production, well abandonment, and greatly reduced exploration and development are shrinking the domestic oil and gas industry;

“(6) the world’s richest oil producing regions in the Middle East are experiencing increasingly greater political instability;

“(7) United Nations policy may make Iraq the swing oil producing nation, thereby granting Saddam Hussein tremendous power;

“(8) reliance on foreign oil for more than 60 percent of our daily oil and gas consumption is a national security threat;

“(9) the level of United States oil security is directly related to the level of domestic production of oil, natural gas liquids, and natural gas; and

“(10) a national security policy should be developed that ensures that adequate supplies of oil are available at all times free of the threat of embargo or other foreign hostile acts.

“(c) DEFINITIONS.—In this section:

“(1) BOARD.—The term ‘Board’ means the Loan Guarantee Board established by subsection (e).

“(2) PROGRAM.—The term ‘Program’ means the Emergency Oil and Gas Guaranteed Loan Program established by subsection (d).

“(ii) a small business concern under section 3 of the Small Business Act (15 U.S.C. 632) (or a company based in Alaska, including an Alaska Native Corporation created pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.)) that is an oil field service company whose main business is providing tools, products, personnel, and technical solutions on a contractual basis to exploration and production operators that drill, complete wells, and produce, transport, refine, and sell hydrocarbons and their byproducts as the main commercial business of the concern or company; and

“(B) has experienced layoffs, production losses, or financial losses since the beginning of the oil import crisis, after January 1, 1997.

“(d) EMERGENCY OIL AND GAS GUARANTEED LOAN PROGRAM.—

“(f) REQUIREMENTS FOR LOAN GUARANTEES.—The Board may issue a loan guarantee on application by a qualified oil and gas company under an agreement by a private bank or investment company to provide a loan to the qualified oil and gas company, if the Board determines that—

“(1) credit is not otherwise available to the company under reasonable terms or conditions sufficient to meet its financing needs, as reflected in the financial and business plans of the company;

“(2) the prospective earning power of the company, together with the character and value of the security pledged, provide a reasonable assurance of repayment of the loan to be guaranteed in accordance with its terms;

“(4) GUARANTEE LEVEL.—No loan guarantee may be provided under this section if the guarantee exceeds 85 percent of the amount of principal of the loan.

“(h) REPORTS.—During fiscal year 1999 and each fiscal year thereafter until each guaranteed loan has been repaid in full, the Secretary of Commerce shall submit to Congress a report on the activities of the Board.
