This Act, referred to in subsec. (f), is Pub. L. 95-238, Feb. 25, 1978, 92 Stat. 47, known as the Department of Energy Act of 1978—Civilian Applications. For complete classification of this Act to the Code, see Tables.

AMENDMENTS

1994—Subsec. (f)(3). Pub. L. 103-437 substituted “Committee on Science, Space, and Technology” for “Committee on Science and Technology”.

§ 2704. Evaluation by Secretary of Transportation on utilization of advanced technology by automobile industry

The Secretary of Transportation, in furtherance of the purposes of this chapter, shall evaluate the extent to which the automobile industry utilizes advanced automotive technology which is or could be made available to it.

(Pub. L. 95-238, title III, §305, Feb. 25, 1978, 92 Stat. 81; Pub. L. 104-66, title I, §1121(i), Dec. 21, 1995, 109 Stat. 724.)

AMENDMENTS

1995—Pub. L. 104-66 struck out at end “The Secretary of Transportation shall submit a report to the Congress each year on the results of such evaluation including any appropriate recommendations which may encourage the utilization of advanced automobile technology by the automobile industry.”

§ 2705. Coordinating and consulting requirements and authorities of Secretary of Energy

(a) Conduct of overall management responsibilities

The Secretary of Energy shall have overall management responsibility for carrying out the program under section 2703 of this title. In carrying out such program, the Secretary of Energy, consistent with such overall management responsibility—

(1) shall utilize the expertise of the Department of Transportation to the extent deemed appropriate by the Secretary of Energy; and

(2) may utilize any other Federal agency (except as provided in paragraph (1)) in accordance with subsection (c) in carrying out any activities under this chapter, to the extent that the Secretary of Energy determines that any such agency has capabilities which would allow such agency to contribute to the purposes of this chapter.

(b) Exercise of powers by Secretary of Transportation

The Secretary of Transportation, whenever the expertise of the Department of Transportation is utilized in accordance with subsection (a), may exercise the powers granted to the Secretary of Energy under subsection (c) and shall enter into contracts and make grants for such purpose, subject to the overall management responsibility of the Secretary of Energy.

(c) Requests for assistance of Federal departments, etc.

The Secretary of Energy may, in accordance with subsection (a), obtain the assistance of any

department, agency, or instrumentality of the executive branch of the Federal Government upon written request, on a reimbursable basis or otherwise and with the consent of such department, agency, or instrumentality. Each such request shall identify the assistance the Secretary of Energy deems necessary to carry out any duty under this chapter.

(d) Consultations with Administrator of Environmental Protection Agency and Secretary of Transportation; establishment of procedures for periodic consultation with interested groups; establishment and functions of advisory panels

The Secretary of Energy shall consult with the Administrator of the Environmental Protection Agency and the Secretary of Transportation, and shall establish procedures for periodic consultation with representatives of science, industry, and such other groups as may have special expertise in the area of automobile propulsion system research, development, and technology. The Secretary of Energy may establish such advisory panels as he deems appropriate to review and make recommendations with respect to applications for funding under this chapter.

(e) Responsibilities under other Federal automotive research, development, and demonstration provisions unaffected

Nothing contained in this chapter shall be construed to reduce in any way the responsibilities of the Secretary of Energy for automotive research, development, and demonstration under the Energy Reorganization Act of 1974 (42 U.S.C. 5801 et seq.) and the Federal Nonnuclear Energy Research and Development Act of 1974 (42 U.S.C. 5901 et seq.).

§ 2706. Informational and testing functions of Secretary of Energy

(a) Evaluations of new or improved technologies pursuant to written submissions

The Secretary of Energy shall, for the purposes of performing his responsibilities under this chapter, consider any reasonable new or improved technology, a description of which is submitted to the Secretary of Energy in writing, which could lead or contribute to the development of advanced automobile propulsion system technology.

(b) Testing by Administrator of Environmental Protection Agency of systems developed under research and development program or submitted by Secretary; scope and purposes of tests; submission of test data and results to Secretary

The Administrator of the Environmental Protection Agency shall test, or cause to be tested, in a facility subject to Environmental Protection Agency supervision, each advanced automobile propulsion system in an appropriately modified production vehicle equipped with such a system developed in whole or in part with Federal financial assistance under this chapter, or referred to the Administrator of the Environmental Protection Agency for such purpose by the Secretary of Energy, to determine whether such vehicle complies with any exhaust emission standards or any other requirements promulgated or reasonably expected to be promulgated under any provision of the Clean Air Act (42 U.S.C. 1857 et seq.) [42 U.S.C. 7401 et seq.], the Noise Control Act of 1972 (42 U.S.C. 4901 et seq.), or any other provision of Federal law administered by the Administrator of the Environmental Protection Agency. In conjunction with any test for compliance with exhaust emission standards under this section, the Administrator of the Environmental Protection Agency shall also conduct tests to determine the fuel economy of such vehicle. The Administrator of the Environmental Protection Agency shall submit all test data and the results of such tests to the Secretary of Energy.

(c) Collection, analysis, and dissemination of information, data, and materials to developers

The Secretary of Energy shall collect, analyze, and disseminate to developers information, data, and materials that may be relevant to the development of advanced automobile propulsion system technology.

§ 2709. Reports to Congress by Secretary of Energy

(a) Comprehensive program, etc.

As a separate part of the annual report submitted under section 5914(a)¹ of title 42 with respect to the comprehensive plan and program then in effect under section 5905(a) and (b) of title 42, the Secretary of Energy shall submit to Congress an annual report of activities under this chapter. Such report shall include—

- (1) a current comprehensive program definition for implementing this chapter;
- (2) an evaluation of the state of automobile propulsion system research and development in the United States;
- (3) the number and amount of contracts and grants made under this chapter;
- (4) an analysis of the progress made in developing advanced automobile propulsion system technology; and
- (5) suggestions for improvements in advanced automobile propulsion system research and development, including recommendations for legislation.

(b) Study on financial obligation guarantees

The Secretary of Energy shall conduct a survey of developers, lending institutions, and other appropriate persons or institutions and shall otherwise make a study for the purpose of determining whether, and under what conditions, research, development, demonstration, and commercial availability of advanced automobile propulsion system technology may be aided by the guarantee of financial obligations by the Federal Government. The Secretary of Energy shall report the results of such survey and study to the Congress within 1 year after February 25, 1978. Such report shall include an examination of those stages of advanced automobile propulsion system technology research, development, demonstration, and commercialization for which financial obligation guarantees may be useful or appropriate and shall contain such legislative recommendations as may be necessary.
