

(1) to the maximum extent practicable, be aligned with industry best practices and Standards 29147 and 30111 of the International Standards Organization (or any successor standard) or any other appropriate, relevant, and widely-used standard;

(2) incorporate guidelines on—

(A) receiving information about a potential security vulnerability relating to an information system owned or controlled by an agency (including an Internet of Things device); and

(B) disseminating information about the resolution of a security vulnerability relating to an information system owned or controlled by an agency (including an Internet of Things device); and

(3) be consistent with the policies and procedures produced under section 659(m) of title 6.

(c) Information items

The guidelines published under subsection (a) shall include example content, on the information items that should be reported, coordinated, published, or received pursuant to this section by a contractor, or any subcontractor thereof at any tier, providing an information system (including Internet of Things device) to the Federal Government.

(d) Oversight

The Director of OMB shall oversee the implementation of the guidelines published under subsection (a).

(e) Operational and technical assistance

The Secretary, in consultation with the Director of OMB, shall administer the implementation of the guidelines published under subsection (a) and provide operational and technical assistance in implementing such guidelines.

(Pub. L. 116–207, § 5, Dec. 4, 2020, 134 Stat. 1004.)

CODIFICATION

Section was enacted as part of the Internet of Things Cybersecurity Improvement Act of 2020, also known as the IoT Cybersecurity Improvement Act of 2020, and not as part of the National Institute of Standards and Technology Act which comprises this chapter.

DEFINITIONS

For definitions of terms used in this section, see section 278g–3a of this title.

§ 278g–3d. Implementation of coordinated disclosure of security vulnerabilities relating to agency information systems, including Internet of Things devices

(a) Agency guidelines required

Not later than 2 years after December 4, 2020, the Director of OMB, in consultation with the Secretary, shall develop and oversee the implementation of policies, principles, standards, or guidelines as may be necessary to address security vulnerabilities of information systems (including Internet of Things devices).

(b) Operational and technical assistance

Consistent with section 3553(b) of title 44, the Secretary, in consultation with the Director of OMB, shall provide operational and technical as-

sistance to agencies on reporting, coordinating, publishing, and receiving information about security vulnerabilities of information systems (including Internet of Things devices).

(c) Consistency with guidelines from National Institute of Standards and Technology

The Secretary shall ensure that the assistance provided under subsection (b) is consistent with applicable standards and publications developed by the Director of the Institute.

(d) Revision of Federal Acquisition Regulation

The Federal Acquisition Regulation shall be revised as necessary to implement the provisions under this section.

(Pub. L. 116–207, § 6, Dec. 4, 2020, 134 Stat. 1005.)

CODIFICATION

Section was enacted as part of the Internet of Things Cybersecurity Improvement Act of 2020, also known as the IoT Cybersecurity Improvement Act of 2020, and not as part of the National Institute of Standards and Technology Act which comprises this chapter.

DEFINITIONS

For definitions of terms used in this section, see section 278g–3a of this title.

§ 278g–3e. Contractor compliance with coordinated disclosure of security vulnerabilities relating to agency Internet of Things devices

(a) Prohibition on procurement and use

(1) In general

The head of an agency is prohibited from procuring or obtaining, renewing a contract to procure or obtain, or using an Internet of Things device, if the Chief Information Officer of that agency determines during a review required by section 11319(b)(1)(C) of title 40 of a contract for such device that the use of such device prevents compliance with the standards and guidelines developed under section 278g–3b of this title or the guidelines published under section 278g–3c of this title with respect to such device.

(2) Simplified acquisition threshold

Notwithstanding section 1905 of title 41, the requirements under paragraph (1) shall apply to a contract or subcontract in amounts not greater than the simplified acquisition threshold.

(b) Waiver

(1) Authority

The head of an agency may waive the prohibition under subsection (a)(1) with respect to an Internet of Things device if the Chief Information Officer of that agency determines that—

(A) the waiver is necessary in the interest of national security;

(B) procuring, obtaining, or using such device is necessary for research purposes; or

(C) such device is secured using alternative and effective methods appropriate to the function of such device.

(2) Agency process

The Director of OMB shall establish a standardized process for the Chief Information Offi-
