(b) Authorized products

For the purposes of this section, a product is authorized if—

(1) as of January 1, 1999, the Comptroller of the Currency had determined in writing that national banks may provide such product as principal, or national banks were in fact lawfully providing such product as principal;

(2) no court of relevant jurisdiction had, by final judgment, overturned a determination of the Comptroller of the Currency that national banks may provide such product as principal; and

(3) the product is not title insurance, or an annuity contract the income of which is subject to tax treatment under section 72 of title 26.

(c) Definition

For purposes of this section, the term “insurance” means—

(1) any product regulated as insurance as of January 1, 1999, in accordance with the relevant State insurance law, in the State in which the product is provided;

(2) any product first offered after January 1, 1999, which—

(A) a State insurance regulator determines shall be regulated as insurance in the State in which the product is provided because the product insures, guarantees, or indemnifies against liability, loss of life, loss of health, or loss through damage to or destruction of property, including, but not limited to, surety bonds, life insurance, health insurance, title insurance, and property and casualty insurance (such as private passenger or commercial automobile, homeowners, mortgage, commercial multiperil, general liability, professional liability, workers’ compensation, fire and allied lines, farm owners multiperil, aircraft, fidelity, surety, medical malpractice, ocean marine, inland marine, and boiler and machinery insurance); and

(v) a financial guaranty, except that this subparagraph (B) shall not apply to a product that includes an insurance component such that if the product is offered or proposed to be offered by the bank as principal—

(I) it would be treated as a life insurance contract under section 7702 of title 26; or

(II) in the event that the product is not a letter of credit or other similar extension of credit, a qualified financial contract, or a financial guaranty, it would qualify for treatment for losses incurred with respect to such product under sec-

(3) any annuity contract, the income on which is subject to tax treatment under section 72 of title 26.

Except as provided in paragraphs (2) and (3) and notwithstanding subsections (a) and (b), a national bank, and a subsidiary of a national bank, may conduct title insurance activities which such national bank or subsidiary was actively and lawfully conducting before November 12, 1999.

In the case of a national bank which has a subsidiary which provides insurance as principal and has no affiliate other than a subsidiary which provides insurance as principal, the national bank may not directly engage in

any activity involving the underwriting of title insurance.

(d) “Affiliate” and “subsidiary” defined

For purposes of this section, the terms “affiliate” and “subsidiary” have the same meanings as in section 1841 of title 12.

The United States Court of Appeals in which a petition for review is filed in accordance with subsection (a) shall complete all action on such petition, including rendering a judgment, before the end of the 60-day period beginning on the date on which such petition is filed, unless all parties to such proceeding agree to any extension of such period.

§ 6716. Interagency consultation

(a) Purpose

It is the intention of the Congress that the Board of Governors of the Federal Reserve System, as the umbrella supervisor for financial holding companies, and the State insurance regulators, as the functional regulators of companies engaged in insurance activities, coordinate efforts to supervise companies that control both a depository institution and a company engaged in insurance activities regulated under State law. In particular, Congress believes that the Board and the State insurance regulators should share, on a confidential basis, information relevant to the supervision of companies that control both a depository institution and a company engaged in insurance activities, including information regarding the financial health of the consolidated organization and information regarding transactions and relationships between insurance companies and affiliated depository institutions.
