

tion shall be subject to an agreement that conversion, use, or disposal of the project so assisted for purposes contrary to the purposes of this subchapter, as determined by the Secretary, shall entitle the United States to reimbursement of the greater of—

(A) all funds paid by the Secretary to such project; or

(B) the proportion of the increased value of the project attributable to such payments, determined at the time of such conversion, use, or disposal.

**(e) Acquisition**

**(1) Ford Assembly Building**

The Secretary may acquire a leasehold interest in the Ford Assembly Building for the purposes of operating a World War II Home Front Education Center.

**(2) Other facilities**

The Secretary may acquire, from willing sellers, lands or interests in the Child Development Field Centers (Ruth C. Powers) (Maritime), Atchison Housing, the Kaiser-Permanente Field Hospital, and Richmond Fire Station 67A, through donation, purchase with donated or appropriated funds, transfer from any other Federal agency, or exchange.

**(3) Artifacts**

The Secretary may acquire and provide for the curation of historic artifacts that relate to the park.

**(f) Donations**

The Secretary may accept and use donations of funds, property, and services to carry out this subchapter.

**(g) General management plan**

**(1) In general**

Not later than 3 complete fiscal years after the date funds are made available, the Secretary shall prepare, in consultation with the City of Richmond, California, and transmit to the Committee on Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a general management plan for the park in accordance with the provisions of section 100502 of title 54 and other applicable law.

**(2) Preservation of setting**

The general management plan shall include a plan to preserve the historic setting of the Rosie the Riveter/World War II Home Front National Historical Park, which shall be jointly developed and approved by the City of Richmond.

**(3) Additional sites**

The general management plan shall include a determination of whether there are additional representative sites in Richmond that should be added to the park or sites in the rest of the United States that relate to the industrial, governmental, and citizen efforts during World War II that should be linked to and interpreted at the park. Such determination shall consider any information or findings developed in the National Park Service study of the World War II Home Front under section 410ggg-2 of this title.

## SUBCHAPTER LIX-FF—GREAT SAND DUNES NATIONAL PARK AND PRESERVE

**§ 410hhh. Findings**

Congress finds that—

(1) the Great Sand Dunes National Monument in the State of Colorado was established by Presidential proclamation in 1932 to preserve Federal land containing spectacular and unique sand dunes and additional features of scenic, scientific, and educational interest for the benefit and enjoyment of future generations;

(2) the Great Sand Dunes, together with the associated sand sheet and adjacent wetland and upland, contain a variety of rare ecological, geological, paleontological, archaeological, scenic, historical, and wildlife components, which—

(A) include the unique pulse flow characteristics of Sand Creek and Medano Creek that are integral to the existence of the dunes system;

(B) interact to sustain the unique Great Sand Dunes system beyond the boundaries of the existing National Monument;

(C) are enhanced by the serenity and rural western setting of the area; and

(D) comprise a setting of irreplaceable national significance;

(3) the Great Sand Dunes and adjacent land within the Great Sand Dunes National Monument—

(A) provide extensive opportunities for educational activities, ecological research, and recreational activities; and

(B) are publicly used for hiking, camping, and fishing, and for wilderness value (including solitude);

(4) other public and private land adjacent to the Great Sand Dunes National Monument—

(A) offers additional unique geological, hydrological, paleontological, scenic, scientific, educational, wildlife, and recreational resources; and

(B) contributes to the protection of—

(i) the sand sheet associated with the dune mass;

(ii) the surface and ground water systems that are necessary to the preservation of the dunes and the adjacent wetland; and

(iii) the wildlife, viewshed, and scenic qualities of the Great Sand Dunes National Monument;

(5) some of the private land described in paragraph (4) contains important portions of the sand dune mass, the associated sand sheet, and unique alpine environments, which would be threatened by future development pressures;

(6) the designation of a Great Sand Dunes National Park, which would encompass the existing Great Sand Dunes National Monument and additional land, would provide—

(A) greater long-term protection of the geological, hydrological, paleontological, scenic, scientific, educational, wildlife, and recreational resources of the area (including the sand sheet associated with the dune mass and the ground water system on which the sand dune and wetland systems depend); and

(B) expanded visitor use opportunities;

(7) land in and adjacent to the Great Sand Dunes National Monument is—

(A) recognized for the culturally diverse nature of the historical settlement of the area;

(B) recognized for offering natural, ecological, wildlife, cultural, scenic, paleontological, wilderness, and recreational resources; and

(C) recognized as being a fragile and irreplaceable ecological system that could be destroyed if not carefully protected; and

(8) preservation of this diversity of resources would ensure the perpetuation of the entire ecosystem for the enjoyment of future generations.
