(3) is the only known site where members of the Columbus expeditions set foot on what is now United States territory;

(4) was a focal point of various European attempts to colonize the area during the post-Columbian period and contains sites of Spanish, French, Dutch, English, and Danish settlements, including Fort Sale, one of the few remaining earthwork fortifications in the Western Hemisphere;

(5) presents an outstanding opportunity to preserve and interpret Caribbean history and culture, including the impact of European exploration and settlement;

(6) has been a national natural landmark since February 1980 and has been nominated for acquisition as a nationally significant wildlife habitat;

(7) contains the largest remaining mangrove forest in the United States Virgin Islands and a variety of tropical marine and terrestrial ecosystems which should be preserved and kept unimpaired for the benefit of present and future generations; and
