(i) Release of wilderness study areas

(1) Finding

Congress finds that, for the purposes of section 603(c) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1782(c)), the Zook Creek and Buffalo Creek wilderness study areas in the State have been adequately studied for wilderness designation.

(2) Release

The Zook Creek and Buffalo Creek wilderness study areas—

(A) are no longer subject to—

(i) section 603(c) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1782(c)); or

(ii) Secretarial Order 3310 issued on December 22, 2010; and

(B) shall be managed in accordance with the applicable land use plans adopted under section 202 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1712).

(j) Assessment update

(1) In general

Not later than 5 years after December 19, 2014, the Secretary shall review and update the assessment for oil and gas potential for the following wilderness study areas in the State:

(A) Bridge Coulee.

(B) Musselshell Breaks.

(2) Report

Not later than 30 days after the date on which the review is completed under paragraph (1), the Secretary shall submit to the Committee on Energy and Natural Resources of the Senate and the Committee on Natural Resources of the House of Representatives a report that describes the oil and gas potential for the wilderness study areas.

(c) Frank and Jeanne Moore Wild Steelhead Special Management Area, Oregon

(1) Designation

The approximately 99,653 acres of Forest Service land in the State, as generally depicted on the Map, is designated as the “Frank and Jeanne Moore Wild Steelhead Special Management Area”.

(2) Map; legal description

(A) In general

As soon as practicable after March 12, 2019, the Secretary shall prepare a map and legal description of the Special Management Area.

(B) Force of law

The map and legal description prepared under subparagraph (A) shall have the same force and effect as if included in this section, except that the Secretary may correct clerical and typographical errors in the map and legal description.

(C) Availability

The map and legal description prepared under subparagraph (A) shall be on file and available for public inspection in the appropriate offices of the Forest Service.

(3) Administration

Subject to valid existing rights, the Special Management Area shall be administered by the Secretary—

(A) in accordance with all laws (including regulations) applicable to the National Forest System; and

(B) in a manner that—

(i) conserves and enhances the natural character, scientific use, and the botanical, recreational, ecological, fish and wildlife, scenic, drinking water, and cultural values of the Special Management Area;

(ii) maintains and seeks to enhance the wild salmonid habitat of the Special Management Area;

(iii) maintains or enhances the watershed as a thermal refuge for wild salmonids; and

(iv) preserves opportunities for recreation, including primitive recreation.

(4) Fish and wildlife

Nothing in this section affects the jurisdiction or responsibilities of the State with respect to fish and wildlife in the State.

(5) Adjacent management

Nothing in this section—

(A) creates any protective perimeter or buffer zone around the Special Management Area; or

(B) modifies the applicable travel management plan for the Special Management Area.

(6) Wildfire management

Nothing in this section prohibits the Secretary, in cooperation with other Federal, State, and local agencies, as appropriate, from conducting wildland fire operations in the Special Management Area, consistent with the purposes of this section, including the use of aircraft, machinery, mechanized equipment, fire breaks, backfires, and retardant.

(7) Vegetation management

Nothing in this section prohibits the Secretary from conducting vegetation management projects within the Special Management Area in a manner consistent with—

(A) the purposes described in paragraph (3); and

(B) the applicable forest plan.

(8) Protection of tribal rights

Nothing in this section diminishes any treaty rights of an Indian Tribe.

(9) Withdrawal

Subject to valid existing rights, the Federal land within the boundaries of the Special Management Area river segments designated by paragraph (1) is withdrawn from all forms of—

(A) entry, appropriation, or disposal under the public land laws;

(B) location, entry, and patent under the mining laws; and

(C) disposition under all laws relating to mineral and geothermal leasing or mineral materials.
