§ 576a. Authorization of appropriation for reforestation

There is authorized to be appropriated for each fiscal year after year ending June 30, 1934, not to exceed \$400,000, to enable the Secretary of Agriculture to establish and operate nurseries, to collect or to purchase tree seed or young trees, to plant trees, and to do all other things necessary for reforestation by planting or seeding national forests and for the additional protection, care, and improvement of the resulting plantations or young growth.

(June 9, 1930, ch. 416, § 2, 46 Stat. 527.)

§ 576b. Purchasers of national-forest timber; deposits of money in addition to payments for timber; use of deposits; seedlings and young trees for burned-over areas in national parks

(a) The Secretary of Agriculture may, when in his or her judgment such action will be in the public interest, require any purchaser of national-forest timber to make deposits of money in addition to the payments for the timber, to cover the cost to the United States of (1) planting (including the production or purchase of young trees), (2) sowing with tree seeds (including the collection or purchase of such seeds), (3)

The Secretary of Agriculture is authorized, upon application of the Secretary of the Interior, to furnish seedlings and/or young trees for replanting of burned-over areas in any national park.

(1) the excess amounts will not be needed for emergency wildfire suppression during the fiscal year in which the transfer would be made; and

(2) the amount to be transferred to miscellaneous receipts, National Forest Fund, exceeds the outstanding balance of unreimbursed funds transferred from the special fund in prior fiscal years for wildfire suppression.
