## CHAPTER 57A—PARTNERSHIPS FOR WILDLIFE

Sec.	
3741.	Findings.
3742.	Purposes.
3743.	Definitions.
3744.	Wildlife partnership program.

## § 3741. Findings

The Congress finds the following:

(1) Three-fourths of all American children and adults participate in wildlife-related recreational activities other than hunting, fishing and trapping.

(2) In 1985, Americans spent over \$14 billion on non-consumptive wildlife-related recreation.

(3) The United States and Canada are inhabited by approximately two thousand six hundred vertebrate species of native fish and wildlife, which have provided food, clothing, and other essentials to a rapidly expanding human population.

(4) Over 80 percent of vertebrate fish and wildlife species in North America are not harvested for human use.

(5) The continued well-being of this once-abundant fish and wildlife resource, and even the very existence of many species, is in peril.
