(a) The Attorney General shall cause each individual convicted of a Federal offense who is sentenced to incarceration for a period of 6 months or more to be tested for the presence of the human immunodeficiency virus, as appropriate, after the commencement of that incarceration, if such individual is determined to be at risk for infection with such virus in accordance with the guidelines issued by the Bureau of Prisons relating to infectious disease management.

(b) If the Attorney General has a well-founded reason to believe that a person sentenced to a term of imprisonment for a Federal offense, or
