

L. 114-95, set out as a note under section 6301 of this title.

EFFECTIVE DATE OF 2002 AMENDMENT

Amendment by Pub. L. 107-110 effective Jan. 8, 2002, except with respect to certain noncompetitive programs and competitive programs, see section 5 of Pub. L. 107-110, set out as an Effective Date note under section 6301 of this title.

FINDINGS

Pub. L. 106-25, §2, Apr. 29, 1999, 113 Stat. 41, provided that: “Congress makes the following findings:

“(1) States differ substantially in demographics, in school governance, and in school finance and funding. The administrative and funding mechanisms that help schools in one State improve may not prove successful in other States.

“(2) Although the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.] and other Federal education statutes afford flexibility to State educational agencies and local educational agencies in implementing Federal programs, certain requirements of Federal education statutes or regulations may impede local efforts to reform and improve education.

“(3) By granting waivers of certain statutory and regulatory requirements, the Federal Government can remove impediments for local educational agencies in implementing educational reforms and raising the achievement levels of all children.

“(4) State educational agencies are closer to local school systems, implement statewide educational reforms with both Federal and State funds, and are responsible for maintaining accountability for local activities consistent with State standards and assessment systems. Therefore, State educational agencies are often in the best position to align waivers of Federal and State requirements with State and local initiatives.

“(5) The Education Flexibility Partnership Demonstration Act [former 20 U.S.C. 5891(e)] allows State educational agencies the flexibility to waive certain Federal requirements, along with related State requirements, but allows only 12 States to qualify for such waivers.

“(6) Expansion of waiver authority will allow for the waiver of statutory and regulatory requirements that impede implementation of State and local educational improvement plans, or that unnecessarily burden program administration, while maintaining the intent and purposes of affected programs, such as the important focus on improving mathematics and science performance under title II of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6601 et seq.] (Dwight D. Eisenhower Professional Development Program), and maintaining such fundamental requirements as those relating to civil rights, educational equity, and accountability.

“(7) To achieve the State goals for the education of children in the State, the focus must be on results in raising the achievement of all students, not process.”

§ 5891b. Educational flexibility program

(a) Educational flexibility program

(1) Program authorized

(A) In general

The Secretary may carry out an educational flexibility program under which the Secretary authorizes a State educational agency that serves an eligible State to waive statutory or regulatory requirements applicable to one or more programs described in subsection (b), other than requirements described in subsection (c), for any local educational agency, educational service agency, or school within the State.

(ii) if the State has adopted new challenging State academic standards under section 1111(b)(1) of the Elementary and Secondary Education Act of 1965, as a result of the amendments made to such Act [20 U.S.C. 6301 et seq.] by the Every Student Succeeds Act, made substantial progress (as determined by the Secretary) toward developing and implementing such standards and toward producing the report cards required under section 1111(h) of such Act;

(B) will hold local educational agencies, educational service agencies, and schools accountable for meeting the educational goals described in the local applications submitted under paragraph (4) and for engaging in technical assistance and, as applicable and appropriate, implementing comprehensive support and improvement activities and targeted support and improvement activities under section 1111(d) of the Elementary and Secondary Education Act of 1965; and

Each State educational agency desiring to participate in the educational flexibility program under this section shall submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may reasonably require. Each such application shall demonstrate that the eligible State has adopted an educational flexibility plan for the State that includes—

(v) a description of how the State educational agency will evaluate (consistent with the requirements of title I of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.]) the performance of students in the schools, educational service agencies, and local educational agencies affected by the waivers; and

(vi) a description of how the State educational agency will meet the requirements of paragraph (7).

(B) Approval and considerations

(i) In general

(ii) Approval

The Secretary may approve an application described in subparagraph (A) only if the Secretary determines that such application demonstrates substantial promise of assisting the State educational agency and affected local educational agencies, educational service agencies, and schools within the State in carrying out comprehensive educational reform, after considering—

(I) the eligibility of the State as described in paragraph (2);

(II) the comprehensiveness and quality of the educational flexibility plan described in subparagraph (A);

(III) the ability of the educational flexibility plan to ensure accountability for the activities and goals described in such plan;

(IV) the degree to which the State's objectives described in subparagraph (A)(iii)—

(aa) are clear and have the ability to be assessed; and

(bb) take into account the performance of local educational agencies, educational service agencies, or schools, and students, particularly those affected by waivers;

(V) the significance of the State statutory or regulatory requirements relating to education that will be waived; and

(VI) the quality of the State educational agency's process for approving applications for waivers of Federal statutory or regulatory requirements as described in paragraph (1)(A) and for monitoring and evaluating the results of such waivers.

(4) Local application

(A) In general

Each local educational agency, educational service agency, or school requesting a waiver of a Federal statutory or regulatory requirement as described in paragraph (1)(A) and any relevant State statutory or regulatory requirement from a State educational agency shall submit an application to the State educational agency at such time, in such manner, and containing such information as the State educational agency may reasonably require. Each such application shall—

(i) indicate each Federal program affected and each statutory or regulatory requirement that will be waived;

(ii) describe the purposes and overall expected results of waiving each such requirement, which may include innovative methods to leverage resources to improve program efficiencies that benefit students;

(B) Evaluation of applications

A State educational agency shall evaluate an application submitted under subparagraph (A) in accordance with the State's educational flexibility plan described in paragraph (3)(A).

(C) Approval

A State educational agency shall not approve an application for a waiver under this paragraph unless—

(i) the local educational agency, educational service agency, or school requesting such waiver has developed a local reform plan that—

(I) is applicable to such agency or school, respectively; and

(II) may include innovative methods to leverage resources to improve program efficiencies that benefit students;

(ii) the waiver of Federal statutory or regulatory requirements as described in paragraph (1)(A) will assist the local edu-

(iii) the State educational agency is satisfied that the underlying purposes of the statutory requirements of each program for which a waiver is granted will continue to be met.

(D) Termination

The State educational agency shall annually review the performance of any local educational agency, educational service agency, or school granted a waiver of Federal statutory or regulatory requirements as described in paragraph (1)(A) in accordance with the evaluation requirement described in paragraph (3)(A)(v), and shall terminate or temporarily suspend any waiver granted to the local educational agency, educational service agency, or school if the State educational agency determines, after notice and an opportunity for a hearing, that—

(i) there is compelling evidence of systematic waste, fraud, or abuse;

(ii) the performance of the local educational agency, educational service agency, or school with respect to meeting the accountability requirement described in paragraph (2)(C) and the goals described in subparagraph (A)(iii) has been inadequate to justify continuation of such waiver;

(iii) student achievement in the local educational agency, educational service agency, or school has decreased; or

(iv) substantial progress has not been made toward meeting the long-term goals and measurements of interim progress established by the State under section 1111(c)(4)(A)(i) of the Elementary and Secondary Education Act of 1965.

(5) Oversight and reporting

The State educational agency shall submit to the Secretary an annual report on the results of such oversight and the impact of the waivers on school and student performance.

(ii) Performance data

Not later than 2 years after the date a State is designated an Ed-Flex Partnership State, each such State shall include, as part of the State's annual report submitted under clause (i), data demonstrating the degree to which progress has been made toward meeting the State's educational objectives. The data, when applicable, shall include—

(I) information on the total number of waivers granted for Federal and State

statutory and regulatory requirements under this section, including the number of waivers granted for each type of waiver;

(II) information describing the effect of the waivers on the implementation of State and local educational reforms pertaining to school and student performance;

(III) information describing the relationship of the waivers to the performance of schools and students affected by the waivers; and

(IV) an assurance from State program managers that the data reported under this section are reliable, complete, and accurate, as defined by the State, or a description of a plan for improving the reliability, completeness, and accuracy of such data as defined by the State.

(C) Secretary's reports

The Secretary shall annually—

(i) make each State report submitted under subparagraph (B) available to Congress and the public; and

(ii) submit to Congress a report that summarizes the State reports and describes the effects that the educational flexibility program under this section had on the implementation of State and local educational reforms and on the performance of students affected by the waivers.

(6) Duration of Federal waivers

(A) In general

(i) Duration

The Secretary shall approve the application of a State educational agency under paragraph (3) for a period of not more than 5 years.

(ii) Automatic extension during review

The Secretary shall automatically extend the authority of a State to continue as an Ed-Flex Partnership State until the Secretary has—

(I) completed the performance review of the State educational agency's educational flexibility plan as described in subparagraph (B); and

(II) issued a final decision on any pending request for renewal that was submitted by the State educational agency.

(iii) Extension of approval

The Secretary may extend the authority of a State to continue as an Ed-Flex Partnership State if the Secretary determines that the authority of the State educational agency to grant waivers—

(I) has been effective in enabling such State or affected local educational agencies, educational service agencies, or schools to carry out their State or local reform plans and to continue to meet the accountability requirement described in paragraph (2)(C); and

(II) has improved student performance.

(B) Performance review

(i) In general

Following the expiration of an approved educational flexibility program for a State

that is designated an Ed-Flex Partnership State, the Secretary shall have not more than 180 days to complete a review of the performance of the State educational agency in granting waivers of Federal statutory or regulatory requirements as described in paragraph (1)(A) to determine if the State educational agency—

(I) has achieved, or is making substantial progress towards achieving, the objectives described in the application submitted pursuant to paragraph (3)(A)(iii) and the specific long-term goals and measurements of interim progress established under section 1111(c)(4)(A)(i) of the Elementary and Secondary Education Act of 1965; and

(II) demonstrates that local educational agencies, educational service agencies, or schools affected by the waiver authority or waivers have achieved, or are making progress toward achieving, the desired goals described in the application submitted pursuant to paragraph (4)(A)(iii).

(ii) Termination of authority

The Secretary shall terminate the authority of a State educational agency to grant waivers of Federal statutory or regulatory requirements as described in paragraph (1)(A) if the Secretary determines, after providing the State educational agency with notice and an opportunity for a hearing, that such agency's performance has been inadequate to justify continuation of such authority based on such agency's performance against the specific long-term goals and measurements of interim progress established under section 1111(c)(4)(A)(i) of the Elementary and Secondary Education Act of 1965.

(C) Renewal

(i) In general

Each State educational agency desiring to renew an approved educational flexibility program under this section shall submit a request for renewal to the Secretary not later than the date of expiration of the approved educational flexibility program.

(ii) Timing for renewal

The Secretary shall either approve or deny the request for renewal by not later than 90 days after completing the performance review of the State described in subparagraph (B).

(iii) Determination

In deciding whether to extend a request of a State educational agency for the authority to issue waivers under this section, the Secretary shall review the progress of the State educational agency to determine if the State educational agency—

(I) has made progress toward achieving the objectives described in the State application submitted pursuant to paragraph (3)(A)(iii); and

(II) demonstrates in the request that local educational agencies, educational

service agencies, or schools affected by the waiver authority or waivers have made progress toward achieving the desired goals described in the local application submitted pursuant to paragraph (4)(A)(iii).

(D) Termination

(i) In general

The Secretary shall terminate or temporarily suspend the authority of a State educational agency to grant waivers under this section if the Secretary determines that—

(I) there is compelling evidence of systematic waste, fraud or abuse; or

(II) after notice and an opportunity for a hearing, such agency's performance (including performance with respect to meeting the objectives described in paragraph (3)(A)(iii)) has been inadequate to justify continuation of such authority.

(ii) Limited compliance period

A State whose authority to grant such waivers has been terminated shall have not more than 1 additional fiscal year to come into compliance in order to seek renewal of the authority to grant waivers under this section.

(7) Public notice and comment

Each State educational agency seeking waiver authority under this section and each local educational agency, educational service agency, or school seeking a waiver under this section—

(A) shall provide the public with adequate and efficient notice of the proposed waiver authority or waiver, consisting of a description of the agency's application for the proposed waiver authority or waiver on each agency's website, including a description of any improved student performance that is expected to result from the waiver authority or waiver;

(B) shall provide the opportunity for parents, educators, school administrators, and all other interested members of the community to comment regarding the proposed waiver authority or waiver;

(C) shall provide the opportunity described in subparagraph (B) in accordance with any applicable State law specifying how the comments may be received, and how the comments may be reviewed by any member of the public; and

(D) shall submit the comments received with the application of the agency or school to the Secretary or the State educational agency, as appropriate.

(b) Included programs

The statutory or regulatory requirements referred to in subsection (a)(1)(A) are any such requirements for programs that are authorized under the following provisions and under which the Secretary provides funds to State educational agencies on the basis of a formula:

(H) use of Federal funds to supplement, not supplant, non-Federal funds; and

(2) Determination

The determination referred to in paragraph (1) is a determination that the performance of the State educational agency, in carrying out the programs for which the State has received a waiver under the educational flexibility pro-

gram, justifies the extension of the designation.

(e) Publication

A notice of the Secretary's decision to authorize State educational agencies to issue waivers under this section, including a description of the rationale the Secretary used to approve applications under subsection (a)(3)(B), shall be published in the Federal Register and the Secretary shall provide for the dissemination of such notice to State educational agencies, interested parties (including educators, parents, students, and advocacy and civil rights organizations), and the public.
