

(Pub. L. 89-80, title IV, §403, July 22, 1965, 79 Stat. 254.)

§ 1962d-3. Utilization of personnel

The Council may, with the consent of the head of any other department or agency of the United States, utilize such officers and employees of such agency on a reimbursable basis as are necessary to carry out the provisions of this chapter.

(Pub. L. 89-80, title IV, §404, July 22, 1965, 79 Stat. 254.)

§ 1962d-4. Northeastern United States water supply

(a) Plans for Federal construction, operation, and maintenance of reservoir system within certain river basins and conveyance and purification facilities through cooperation of Secretary of the Army and government agencies; financial participation of States

Congress hereby recognizes that assuring adequate supplies of water for the great metropolitan centers of the United States has become a problem of such magnitude that the welfare and prosperity of this country require the Federal Government to assist in the solution of water supply problems. Therefore, the Secretary of the Army, acting through the Chief of Engineers, is authorized to cooperate with Federal, State, and local agencies in preparing plans in accordance with the Water Resources Planning Act [42 U.S.C. 1962 et seq.] to meet the long-range water needs of the northeastern United States. This plan may provide for the construction, operation, and maintenance by the United States of (1) a system of major reservoirs to be located within those river basins of the northeastern United States which drain into the Chesapeake Bay, those that drain into the Atlantic Ocean north of the Chesapeake Bay, those that drain into Lake Ontario, and those that drain into the Saint Lawrence River, (2) major conveyance facilities by which water may be exchanged between these river basins to the extent found desirable in the national interest, and (3) major purification facilities. Such plans shall provide for appropriate financial participation by the States, political subdivisions thereof, and other local interests.

(b) Construction, operation, and maintenance of reservoirs and conveyance and purification facilities

The Secretary of the Army, acting through the Chief of Engineers, shall construct, operate, and maintain those reservoirs, conveyance facilities, and purification facilities, which are recommended in the plan prepared in accordance with subsection (a) of this section, and which are specifically authorized by law enacted after October 27, 1965.

(c) Reservoirs as components of river basin and water supply plans

Each reservoir included in the plan authorized by this section shall be considered as a component of a comprehensive plan for the optimum development of the river basin in which it is situated, as well as a component of the plan established in accordance with this section.

(Pub. L. 89-298, title I, §101, Oct. 27, 1965, 79 Stat. 1073.)

REFERENCES IN TEXT

The Water Resources Planning Act, referred to in subsec. (a), is Pub. L. 89-80, July 22, 1965, 79 Stat. 244, as amended, which is classified generally to this chapter (§1962 et seq.). For complete classification of this Act to the Code, see Short Title note set out under section 1962 of this title and Tables.

CODIFICATION

Section was not enacted as a part of the Water Resources Planning Act which comprises this chapter.

§ 1962d-5. Water resources development projects involving navigation, flood control, and shore protection

(a) Construction, operation, and maintenance; limitation on estimated Federal first cost of construction; Congressional committee approval of projects; reports to Congress

The Secretary of the Army, acting through the Chief of Engineers, is authorized to construct, operate, and maintain any water resource development project, including single and multiple purpose projects involving, but not limited to, navigation, flood control, and shore protection, if the estimated Federal first cost of constructing such project is less than \$15,000,000. No appropriation shall be made to construct, operate, or maintain any such project if such project has not been approved by resolutions adopted by the Committee on Environment and Public Works of the Senate and the Committee on Public Works and Transportation of the House of Representatives, respectively. For the purpose of securing consideration of such approval the Secretary shall transmit to Congress a report of such proposed project, including all relevant data and all costs.

(b) Local cooperation requirements based on certain estimated Federal first cost of construction

Any water resource development project authorized to be constructed by this section shall be subject to the same requirements of local cooperation as it would be if the estimated Federal first cost of such project were \$15,000,000 or more.

(Pub. L. 89-298, title II, §201, Oct. 27, 1965, 79 Stat. 1073; Pub. L. 94-587, §131, Oct. 22, 1976, 90 Stat. 2928; Pub. L. 103-437, §15(d), Nov. 2, 1994, 108 Stat. 4592.)

CODIFICATION

Section was enacted as part of the Flood Control Act of 1965, and not as part of the Water Resources Planning Act which comprises this chapter.

AMENDMENTS

1994—Subsec. (a). Pub. L. 103-437 substituted “Committee on Environment and Public Works of the Senate and the Committee on Public Works and Transportation of the House” for “Committees on Public Works of the Senate and House”.

1976—Subsec. (a). Pub. L. 94-587, §131(a), substituted “\$15,000,000” for “\$10,000,000”.

Subsec. (b). Pub. L. 94-587, §131(b), substituted “\$15,000,000” for “\$10,000,000”.
