

Related Agencies Appropriations Act, 2019, and not as part of the Public Health Service Act which comprises this chapter.

REPORTS REQUIRED

Pub. L. 116-136, div. B, title VIII, Mar. 27, 2020, 134 Stat. 555, provided in part: “That the Secretary of Health and Human Services, in consultation with the Director of the CDC [Centers for Disease Control and Prevention], shall provide a report to the Committees on Appropriations of the House of Representatives and the Senate every 14 days, for one year from the date from any such declaration or determination described in the third proviso of section 231 of division B of Public Law 115-245 [42 U.S.C. 247d-4a], that details commitment and obligation information for the [Infectious Diseases Rapid Response] Reserve Fund during the prior two weeks, as long as such report would detail obligations in excess of \$5,000,000, and upon the request by such Committees”.

§ 247d-4b. Children’s Preparedness Unit

(a) Enhancing emergency preparedness for children

The Secretary, acting through the Director of the Centers for Disease Control and Prevention (referred to in this subsection as the “Director”), shall maintain an internal team of experts, to be known as the Children’s Preparedness Unit (referred to in this subsection as the “Unit”), to work collaboratively to provide guidance on the considerations for, and the specific needs of, children before, during, and after public health emergencies. The Unit shall inform the Director regarding emergency preparedness and response efforts pertaining to children at the Centers for Disease Control and Prevention.

(b) Expertise

The team described in subsection (a) shall include one or more pediatricians, which may be a developmental-behavioral pediatrician, and may also include behavioral scientists, child psychologists, epidemiologists, biostatisticians, health communications staff, and individuals with other areas of expertise, as the Secretary determines appropriate.

(c) Duties

The team described in subsection (a) may—

- (1) assist State, local, Tribal, and territorial emergency planning and response activities related to children, which may include developing, identifying, and sharing best practices;
- (2) provide technical assistance, training, and consultation to Federal, State, local, Tribal, and territorial public health officials to improve preparedness and response capabilities with respect to the needs of children, including providing such technical assistance, training, and consultation to eligible entities in order to support the achievement of measurable evidence-based benchmarks and objective standards applicable to sections 247d-3a and 247d-3b of this title;
- (3) improve the utilization of methods to incorporate the needs of children in planning for and responding to a public health emergency, including public awareness of such methods;
- (4) coordinate with, and improve, public-private partnerships, such as health care coalitions pursuant to sections 247d-3b and 247d-3c

of this title, to address gaps and inefficiencies in emergency preparedness and response efforts for children;

(5) provide expertise and input during the development of guidance and clinical recommendations to address the needs of children when preparing for, and responding to, public health emergencies, including pursuant to section 247d-3c of this title; and

(6) carry out other duties related to preparedness and response activities for children, as the Secretary determines appropriate.

(July 1, 1944, ch. 373, title III, §319D-1, as added Pub. L. 116-22, title III, §304, June 24, 2019, 133 Stat. 936.)

§ 247d-5. Combating antimicrobial resistance

(a) Task force

(1) In general

The Secretary shall establish an Antimicrobial Resistance Task Force to provide advice and recommendations to the Secretary and coordinate Federal programs relating to antimicrobial resistance. The Secretary may appoint or select a committee, or other organization in existence as of November 13, 2000, to serve as such a task force, if such committee, or other organization meets the requirements of this section.

(2) Members of task force

The task force described in paragraph (1) shall be composed of representatives from such Federal agencies, and shall seek input from public health constituencies, manufacturers, veterinary and medical professional societies and others, as determined to be necessary by the Secretary, to develop and implement a comprehensive plan to address the public health threat of antimicrobial resistance.

(3) Agenda

(A) In general

The task force described in paragraph (1) shall consider factors the Secretary considers appropriate, including—

- (i) public health factors contributing to increasing antimicrobial resistance;
- (ii) public health needs to detect and monitor antimicrobial resistance;
- (iii) detection, prevention, and control strategies for resistant pathogens;
- (iv) the need for improved information and data collection;
- (v) the assessment of the risk imposed by pathogens presenting a threat to the public health; and
- (vi) any other issues which the Secretary determines are relevant to antimicrobial resistance.

(B) Detection and control

The Secretary, in consultation with the task force described in paragraph (1) and State and local public health officials, shall—

- (i) develop, improve, coordinate or enhance participation in a surveillance plan to detect and monitor emerging antimicrobial resistance; and
