

(d) Grant terms**(1) Number**

A State may not receive more than one grant under this section at a time.

(2) Period

A grant under this section shall be for a period of 3 years.

(3) Limitation

A State may use not more than 20 percent of a grant under this section for educating the public pursuant to subsection (a)(4).

(e) Applications

To be eligible to receive a grant under this section, a State shall submit an application to the Secretary in such form and manner and containing such information as the Secretary may reasonably require, including detailed proposed expenditures of grant funds.

(f) Reporting

A State that receives a grant under this section shall, at least annually for the duration of the grant, submit a report to the Secretary evaluating the progress of the activities supported through the grant. Such reports shall include information on the number of pharmacies in the State that dispense a drug or device approved or cleared under the Federal Food, Drug, and Cosmetic Act for emergency treatment of known or suspected opioid overdose under a standing order, and other information as the Secretary determines appropriate to evaluate the use of grant funds.

(g) Definitions

In this section the term “standing order” means a document prepared by a person authorized to prescribe medication that permits another person to acquire, dispense, or administer medication without a person-specific prescription.

(h) Authorization of appropriations**(1) In general**

To carry out this section, there are authorized to be appropriated \$5,000,000 for the period of fiscal years 2017 through 2019.

(2) Administrative costs

Not more than 3 percent of the amounts made available to carry out this section may be used by the Secretary for administrative expenses of carrying out this section.

§ 290ee-1. First responder training**(a) Program authorized**

The Secretary shall make grants to States, local governmental entities, and Indian tribes and tribal organizations (as defined in section 5304 of title 25) to allow first responders and members of other key community sectors to administer a drug or device approved or cleared under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] for emergency treatment of known or suspected opioid overdose.

(b) Application**(1) In general**

An entity seeking a grant under this section shall submit an application to the Secretary—

(A) that meets the criteria under paragraph (2); and

(B) at such time, in such manner, and accompanied by such information as the Secretary may require.

(2) Criteria

An entity, in submitting an application under paragraph (1), shall—

(A) describe the evidence-based methodology and outcome measurements that will be used to evaluate the program funded with a grant under this section, and specifically explain how such measurements will provide valid measures of the impact of the program;

(B) describe how the program could be broadly replicated if demonstrated to be effective;

(C) identify the governmental and community agencies with which the entity will coordinate to implement the program; and

(D) describe how the entity will ensure that law enforcement agencies will coordinate with their corresponding State substance abuse and mental health agencies to identify protocols and resources that are available to overdose victims and families, including information on treatment and recovery resources.

(c) Use of funds

An entity shall use a grant received under this section to—

(1) make a drug or device approved or cleared under the Federal Food, Drug, and Cosmetic Act for emergency treatment of known or suspected opioid overdose available to be carried and administered by first responders and members of other key community sectors;

(2) train and provide resources for first responders and members of other key community sectors on carrying and administering a drug or device approved or cleared under the

Federal Food, Drug, and Cosmetic Act for emergency treatment of known or suspected opioid overdose;

(3) establish processes, protocols, and mechanisms for referral to appropriate treatment, which may include an outreach coordinator or team to connect individuals receiving opioid overdose reversal drugs to followup services; and

(4) train and provide resources for first responders and members of other key community sectors on safety around fentanyl, carfentanil, and other dangerous licit and illicit drugs to protect themselves from exposure to such drugs and respond appropriately when exposure occurs.

(d) Technical assistance grants

The Secretary shall make a grant for the purpose of providing technical assistance and training on the use of a drug or device approved or cleared under the Federal Food, Drug, and Cosmetic Act for emergency treatment of known or suspected opioid overdose, mechanisms for referral to appropriate treatment, and safety around fentanyl, carfentanil, and other dangerous licit and illicit drugs.

(e) Geographic distribution

In making grants under this section, the Secretary shall ensure that not less than 20 percent of grant funds are awarded to eligible entities that are not located in metropolitan statistical areas (as defined by the Office of Management and Budget). The Secretary shall take into account the unique needs of rural communities, including communities with an incidence of individuals with opioid use disorder that is above the national average and communities with a shortage of prevention and treatment services.

(f) Evaluation

The Secretary shall conduct an evaluation of grants made under this section to determine—

(1) the number of first responders and members of other key community sectors equipped with a drug or device approved or cleared under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.] for emergency treatment of known or suspected opioid overdose;

(2) the number of opioid and heroin overdoses reversed by first responders and members of other key community sectors receiving training and supplies of a drug or device approved or cleared under the Federal Food, Drug, and Cosmetic Act for emergency treatment of known or suspected opioid overdose, through a grant received under this section;

(3) the number of responses to requests for services by the entity or subgrantee, to opioid and heroin overdose;

(4) the extent to which overdose victims and families receive information about treatment services and available data describing treatment admissions; and

(5) the number of first responders and members of other key community sectors trained on safety around fentanyl, carfentanil, and other dangerous licit and illicit drugs.

(g) Other key community sectors

In this section, the term “other key community sectors” includes substance use disorder

treatment providers, emergency medical services agencies, agencies and organizations working with prison and jail populations and offender reentry programs, health care providers, harm reduction groups, pharmacies, community health centers, tribal health facilities, and mental health providers.

(h) Authorization of appropriations

To carry out this section, there are authorized to be appropriated \$36,000,000 for each of fiscal years 2019 through 2023.
