

ventions related to those topic areas, including those related to specific sub-populations and age groups;

(B) at least once during every 5-year period, review¹ interventions and update² recommendations related to existing topic areas, including new or improved techniques to assess the health effects of interventions;

(C) improved integration with Federal Government health objectives and related target setting for health improvement;

(D) the enhanced dissemination of recommendations;

(E) the provision of technical assistance to those health care professionals, agencies and organizations that request help in implementing the Guide³ recommendations; and

(F) the submission of yearly reports to Congress and related agencies identifying gaps in research, such as preventive services that receive an insufficient evidence statement, and recommending priority areas that deserve further examination, including areas related to populations and age groups not adequately addressed by current recommendations.

(3) Role of Agency

The Agency shall provide ongoing administrative, research, and technical support for the operations of the Task Force, including coordinating and supporting the dissemination of the recommendations of the Task Force, ensuring adequate staff resources, and assistance to those organizations requesting it for implementation of the Guide's recommendations.

(4) Coordination with Community Preventive Services Task Force

The Task Force shall take appropriate steps to coordinate its work with the Community Preventive Services Task Force and the Advisory Committee on Immunization Practices, including the examination of how each task force's recommendations interact at the nexus of clinic and community.

(5) Operation

Operation.⁴ In carrying out the duties under paragraph (2), the Task Force is not subject to the provisions of Appendix 2 of title 5.

(6) Independence

All members of the Task Force convened under this subsection, and any recommendations made by such members, shall be independent and, to the extent practicable, not subject to political pressure.

(7) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary for each fiscal year to carry out the activities of the Task Force.

(b) Primary care research

(1) In general

There is established within the Agency a Center for Primary Care Research (referred to

in this subsection as the "Center") that shall serve as the principal source of funding for primary care practice research in the Department of Health and Human Services. For purposes of this paragraph, primary care research focuses on the first contact when illness or health concerns arise, the diagnosis, treatment or referral to specialty care, preventive care, and the relationship between the clinician and the patient in the context of the family and community.

(2) Research

In carrying out this section, the Center shall conduct and support research concerning—

(A) the nature and characteristics of primary care practice;

(B) the management of commonly occurring clinical problems;

(C) the management of undifferentiated clinical problems; and

(D) the continuity and coordination of health services.

(July 1, 1944, ch. 373, title IX, §915, as added Pub. L. 106-129, §2(a), Dec. 6, 1999, 113 Stat. 1659; amended Pub. L. 111-148, title IV, §4003(a), Mar. 23, 2010, 124 Stat. 541.)

REFERENCES IN TEXT

Appendix 2 of title 5, referred to in subsec. (a)(5), probably means the Federal Advisory Committee Act, Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 770, which is set out in the Appendix to Title 5, Government Organization and Employees.

AMENDMENTS

2010—Subsec. (a). Pub. L. 111-148 added subsec. (a) and struck out former subsec. (a) which related to establishment and purpose of Preventive Services Task Force, provision of support by Agency, and nonapplicability of provisions of Appendix 2 of title 5.

§ 299b-4a. Studies on preventive interventions in primary care for older Americans

(a) Studies

The Secretary of Health and Human Services, acting through the United States Preventive Services Task Force, shall conduct a series of studies designed to identify preventive interventions that can be delivered in the primary care setting and that are most valuable to older Americans.

(b) Mission statement

The mission statement of the United States Preventive Services Task Force is amended to include the evaluation of services that are of particular relevance to older Americans.

(c) Report

Not later than 1 year after December 21, 2000, and annually thereafter, the Secretary of Health and Human Services shall submit to Congress a report on the conclusions of the studies conducted under subsection (a), together with recommendations for such legislation and administrative actions as the Secretary considers appropriate.

(Pub. L. 106-554, §1(a)(6) [title I, §126], Dec. 21, 2000, 114 Stat. 2763, 2763A-479.)

Act of 2000, and also as part of the Consolidated Appropriations Act, 2001, and not as part of the Public Health Service Act which comprises this chapter.

§ 299b-5. Health care practice and technology innovation

(a) In general

The Director shall promote innovation in evidence-based health care practices and technologies by—

- (1) conducting and supporting research on the development, diffusion, and use of health care technology;
- (2) developing, evaluating, and disseminating methodologies for assessments of health care practices and technologies;
- (3) conducting intramural and supporting extramural assessments of existing and new health care practices and technologies;
- (4) promoting education and training and providing technical assistance in the use of health care practice and technology assessment methodologies and results; and
- (5) working with the National Library of Medicine and the public and private sector to develop an electronic clearinghouse of currently available assessments and those in progress.

(b) Specification of process

(1) In general

Not later than December 31, 2000, the Director shall develop and publish a description of the methods used by the Agency and its contractors for health care practice and technology assessment.

(2) Consultations

In carrying out this subsection, the Director shall cooperate and consult with the Assistant Secretary for Health, the Administrator of the Centers for Medicare & Medicaid Services, the Director of the National Institutes of Health, the Commissioner of Food and Drugs, and the heads of any other interested Federal department or agency, and shall seek input, where appropriate, from professional societies and other private and public entities.

(3) Methodology

The Director shall, in developing the methods used under paragraph (1), consider—

- (A) safety, efficacy, and effectiveness;
- (B) legal, social, and ethical implications;
- (C) costs, benefits, and cost-effectiveness;
- (D) comparisons to alternate health care practices and technologies; and
- (E) requirements of Food and Drug Administration approval to avoid duplication.

(c) Specific assessments

(1) In general

The Director shall conduct or support specific assessments of health care technologies and practices.

(2) Requests for assessments

The Director is authorized to conduct or support assessments, on a reimbursable basis, for the Centers for Medicare & Medicaid Services, the Department of Defense, the Department of Veterans Affairs, the Office of Per-

sonnel Management, and other public or private entities.

(3) Grants and contracts

In addition to conducting assessments, the Director may make grants to, or enter into cooperative agreements or contracts with, entities described in paragraph (4) for the purpose of conducting assessments of experimental, emerging, existing, or potentially outmoded health care technologies, and for related activities.

(4) Eligible entities

An entity described in this paragraph is an entity that is determined to be appropriate by the Director, including academic medical centers, research institutions and organizations, professional organizations, third party payers, governmental agencies, minority institutions of higher education (such as Historically Black Colleges and Universities, and Hispanic institutions), and consortia of appropriate research entities established for the purpose of conducting technology assessments.

(d) Medical examination of certain victims

(1) In general

The Director shall develop and disseminate a report on evidence-based clinical practices for—

(A) the examination and treatment by health professionals of individuals who are victims of sexual assault (including child molestation) or attempted sexual assault; and

(B) the training of health professionals, in consultation with the Health Resources and Services Administration, on performing medical evidentiary examinations of individuals who are victims of child abuse or neglect, sexual assault, elder abuse, or domestic violence.

(2) Certain considerations

In identifying the issues to be addressed by the report, the Director shall, to the extent practicable, take into consideration the expertise and experience of Federal and State law enforcement officials regarding the victims referred to in paragraph (1), and of other appropriate public and private entities (including medical societies, victim services organizations, sexual assault prevention organizations, and social services organizations).

(July 1, 1944, ch. 373, title IX, §916, as added Pub. L. 106-129, §2(a), Dec. 6, 1999, 113 Stat. 1660; Pub. L. 108-173, title IX, §900(e)(2)(C), Dec. 8, 2003, 117 Stat. 2372.)

AMENDMENTS

2003—Subsecs. (b)(2), (c)(2). Pub. L. 108-173 substituted “Centers for Medicare & Medicaid Services” for “Health Care Financing Administration”.

§ 299b-6. Coordination of Federal Government quality improvement efforts

(a) Requirement

(1) In general

To avoid duplication and ensure that Federal resources are used efficiently and effec-
