§ 300u-9. Education regarding DES

(a) In general

The Secretary, acting through the heads of the appropriate agencies of the Public Health Service, shall carry out a national program for the education of health professionals and the public with respect to the drug diethylstilbestrol (commonly known as DES). To the extent appropriate, such national program shall use methodologies developed through the education demonstration program carried out under section 283a-3¹ of this title. In developing and carrying out the national program, the Secretary shall consult closely with representatives of nonprofit private entities that represent individuals who have been exposed to DES and that have expertise in community-based information campaigns for the public and for health care providers. The implementation of the national program shall begin during fiscal year 1999.

(b) Authorization of appropriations

For the purpose of carrying out this section, there are authorized to be appropriated such sums as may be necessary for each of the fiscal years 1999 through 2003. The authorization of appropriations established in the preceding sentence is in addition to any other authorization of appropriation that is available for such purpose.

- (7) the Secretary of Homeland Security;
- (8) the Administrator of the Environmental Protection Agency;
- (9) the Director of the Office of National Drug Control Policy;
- (10) the Director of the Domestic Policy Council;
- (11) the Assistant Secretary for Indian Affairs;
- (12) the Chairman of the Corporation for National and Community Service; and
- (13) the head of any other Federal agency that the chairperson determines is appropriate.

(d) Purposes and duties

The Council shall—

- (1) provide coordination and leadership at the Federal level, and among all Federal departments and agencies, with respect to prevention, wellness and health promotion practices, the public health system, and integrative health care in the United States;
- (2) after obtaining input from relevant stakeholders, develop a national prevention, health promotion, public health, and integrative health care strategy that incorporates the most effective and achievable means of improving the health status of Americans and reducing the incidence of preventable illness and disability in the United States;
- (3) provide recommendations to the President and Congress concerning the most pressing health issues confronting the United States and changes in Federal policy to achieve national wellness, health promotion, and public health goals, including the reduction of tobacco use, sedentary behavior, and poor nutrition;
- (4) consider and propose evidence-based models, policies, and innovative approaches for the promotion of transformative models of preven-

tion, integrative health, and public health on individual and community levels across the United States;

(5) establish processes for continual public input, including input from State, regional, and local leadership communities and other relevant stakeholders, including Indian tribes and tribal organizations;

(6) submit the reports required under subsection (g);¹ and

(7) carry out other activities determined appropriate by the President.

(e) Meetings

The Council shall meet at the call of the Chairperson.

(f) Advisory Group

(1) In general

The President shall establish an Advisory Group to the Council to be known as the “Advisory Group on Prevention, Health Promotion, and Integrative and Public Health” (hereafter referred to in this section as the “Advisory Group”). The Advisory Group shall be within the Department of Health and Human Services and report to the Surgeon General.

(2) Composition

(A) In general

The Advisory Group shall be composed of not more than 25 non-Federal members to be appointed by the President.

(B) Representation

In appointing members under subparagraph (A), the President shall ensure that the Advisory Group includes a diverse group of licensed health professionals, including integrative health practitioners who have expertise in—

- (i) worksite health promotion;
- (ii) community services, including community health centers;
- (iii) preventive medicine;
- (iv) health coaching;
- (v) public health education;
- (vi) geriatrics; and
- (vii) rehabilitation medicine.

(3) Purposes and duties

The Advisory Group shall develop policy and program recommendations and advise the Council on lifestyle-based chronic disease prevention and management, integrative health care practices, and health promotion.

(g) National prevention and health promotion strategy

Not later than 1 year after March 23, 2010, the Chairperson, in consultation with the Council, shall develop and make public a national prevention, health promotion and public health strategy, and shall review and revise such strategy periodically. Such strategy shall—

- (1) set specific goals and objectives for improving the health of the United States through federally-supported prevention, health promotion, and public health programs,
