(b) Benchmark benefit packages

The benchmark benefit packages are as follows:

The standard Blue Cross/Blue Shield preferred provider option service benefit plan, described in and offered under section 8903(1) of title 5.

(4) Determination of actuarial value

The actuarial value of coverage of benchmark benefit packages, coverage offered under the State child health plan, and coverage of any categories of additional services under benchmark benefit packages and under coverage offered by such a plan, shall be set forth in an actuarial opinion in an actuarial report that has been prepared—

(A) by an individual who is a member of the American Academy of Actuaries;

(B) using generally accepted actuarial principles and methodologies;

(C) using a standardized set of utilization and price factors;

(D) using a standardized population that is representative of privately insured children of the age of children who are expected to be covered under the State child health plan;

(E) applying the same principles and factors in comparing the value of different coverage (or categories of services);

(F) without taking into account any differences in coverage based on the method of delivery or means of cost control or utilization used; and

(G) taking into account the ability of a State to reduce benefits by taking into account the increase in actuarial value of benefits coverage offered under the State child health plan that results from the limitations on cost sharing under such coverage.

The actuary preparing the opinion shall select and specify in the memorandum the standardized set and population to be used under subparagraphs (C) and (D).

(5) Mental health and substance use disorder services

Regardless of the type of coverage elected by a State under subsection (a), child health assistance provided under such coverage for targeted low-income children and, in the case that the State elects to provide pregnancy-related assistance under such coverage pursuant to section 1397*ll* of this title, such pregnancyrelated assistance for targeted low-income pregnant women (as defined in section 1397*ll*(d) of this title) shall—

In applying the previous sentence with respect to requirements under paragraph (8) of section 2726(a) of the Public Health Service Act [42 U.S.C. 300gg-26(a)], a State child health plan described in such sentence shall be treated as in compliance with such requirements if the State child health plan is in compliance with section 457.496 of title 42, Code of Federal Regulations, or any successor regulation.

(B) Deemed compliance

To the extent that a State child health plan includes coverage with respect to an individual described in section 1396d(a)(4)(B) of this title and covered under the State plan under section 1396a(a)(10)(A) of this title of services described in the section 1396d(a)(4)(B) of this title (relating to early and periodic screening, diagnostic, and treatment services defined in section 1396d(r) of this title) and provided in accordance with section 1396a(a)(43) of this title, such plan shall be deemed to satisfy the requirements of subparagraph (A).

(9) Availability of coverage for items and services furnished through school-based health centers

Nothing in this subchapter shall be construed as limiting a State's ability to provide child health assistance for covered items and services that are furnished through schoolbased health centers (as defined in section 1397jj(c)(9) of this title).

The child health assistance provided to a targeted low-income child shall include coverage of any in vitro diagnostic product described in section 1396d(a)(3)(B) of this title that is administered during any portion of the emergency period described in such section beginning on or after March 18, 2020^{1} (and the administration of such product).

(C) is offered in New York, Florida, or Pennsylvania; and

(D) was offered as of August 5, 1997.

(2) Modifications

A State may modify a program described in paragraph (1) from time to time so long as it continues to meet the requirement of subparagraph (A) and does not reduce the actuarial value of the coverage under the program below the lower of—

(A) the actuarial value of the coverage under the program as of August 5, 1997, or

(B) the actuarial value described in subsection (a)(2)(B),

evaluated as of the time of the modification.

(e) Cost-sharing

(1) Description; general conditions

A State child health plan shall include a description, consistent with this subsection, of the amount (if any) of premiums, deductibles, coinsurance, and other cost sharing imposed. Any such charges shall be imposed pursuant to a public schedule.

(B) Protection for lower income children

The State child health plan may only vary premiums, deductibles, coinsurance, and other cost sharing based on the family income of targeted low-income children in a manner that does not favor children from

¹See References in Text note below.

families with higher income over children from families with lower income.

(2) No cost sharing on benefits for preventive services, COVID-19 testing, or pregnancyrelated assistance

The State child health plan may not impose deductibles, coinsurance, or other cost sharing with respect to benefits for services within the categories of services described in subsection (c)(1)(D), in vitro diagnostic products described in subsection (c)(1)(D), in vitro diagnostic products described in subsection (c)(10) (and administration of such products), visits described in section 1396o(a)(2)(G) of this title, or for pregnancy-related assistance.

(3) Limitations on premiums and cost-sharing

(A) Children in families with income below 150 percent of poverty line

In the case of a targeted low-income child whose family income is at or below 150 percent of the poverty line, the State child health plan may not impose—

(ii) a deductible, cost sharing, or similar charge that exceeds an amount that is nominal (as determined consistent with regulations referred to in section 1396o(a)(3) of this title, with such appropriate adjustment for inflation or other reasons as the Secretary determines to be reasonable).

(B) Other children

For children not described in subparagraph (A), subject to paragraphs (1)(B) and (2), any premiums, deductibles, cost sharing or similar charges imposed under the State child health plan may be imposed on a sliding scale related to income, except that the total annual aggregate cost-sharing with respect to all targeted low-income children in a family under this subchapter may not exceed 5 percent of such family's income for the year involved.

(C) Premium grace period

The State child health plan—

(i) shall afford individuals enrolled under the plan a grace period of at least 30 days from the beginning of a new coverage period to make premium payments before the individual's coverage under the plan may be terminated; and

(ii) shall provide to such an individual, not later than 7 days after the first day of such grace period, notice—

(I) that failure to make a premium payment within the grace period will result in termination of coverage under the State child health plan; and

(II) of the individual's right to challenge the proposed termination pursuant to the applicable Federal regulations.

For purposes of clause (i), the term "new coverage period" means the month immediately following the last month for which the premium has been paid.

(4) Relation to medicaid requirements

Nothing in this subsection shall be construed as affecting the rules relating to the use of enrollment fees, premiums, deductions, cost sharing, and similar charges in the case of targeted low-income children who are provided child health assistance in the form of coverage under a medicaid program under section 1397aa(a)(2) of this title.

(f) Application of certain requirements

(1) Restriction on application of preexisting condition exclusions

(A) In general

Subject to subparagraph (B), the State child health plan shall not permit the imposition of any preexisting condition exclusion for covered benefits under the plan.

(B) Group health plans and group health insurance coverage

If the State child health plan provides for benefits through payment for, or a contract with, a group health plan or group health insurance coverage, the plan may permit the imposition of a preexisting condition exclusion but only insofar as it is permitted under the applicable provisions of part 7 of subtitle B of title I of the Employee Retirement Income Security Act of 1974 [29 U.S.C. 1181 et seq.] and title XXVII of the Public Health Service Act [42 U.S.C. 300gg et seq.].

(2) Compliance with other requirements

Coverage offered under this section shall comply with the requirements of subpart 2 of part A of title XXVII of the Public Health Service Act¹ insofar as such requirements apply with respect to a health insurance issuer that offers group health insurance coverage.

(3) Compliance with managed care requirements

The State child health plan shall provide for the application of subsections (a)(4), (a)(5), (b), (c), (d), and (e) of section 1396u-2 of this title (relating to requirements for managed care) to coverage, State agencies, enrollment brokers, managed care entities, and managed care organizations under this subchapter in the same manner as such subsections apply to coverage and such entities and organizations under subchapter XIX.
