

and acceptance of electronic signatures by Executive agencies.

“(b) REQUIREMENTS FOR PROCEDURES.—(1) The procedures developed under subsection (a)—

“(A) shall be compatible with standards and technology for electronic signatures that are generally used in commerce and industry and by State governments;

“(B) may not inappropriately favor one industry or technology;

“(C) shall ensure that electronic signatures are as reliable as is appropriate for the purpose in question and keep intact the information submitted;

“(D) shall provide for the electronic acknowledgment of electronic forms that are successfully submitted; and

“(E) shall, to the extent feasible and appropriate, require an Executive agency that anticipates receipt by electronic means of 50,000 or more submittals of a particular form to take all steps necessary to ensure that multiple methods of electronic signatures are available for the submittal of such form.

“(2) The Director shall ensure the compatibility of the procedures under paragraph (1)(A) in consultation with appropriate private bodies and State government entities that set standards for the use and acceptance of electronic signatures.

“SEC. 1704. DEADLINE FOR IMPLEMENTATION BY EXECUTIVE AGENCIES OF PROCEDURES FOR USE AND ACCEPTANCE OF ELECTRONIC SIGNATURES.

“In order to fulfill the responsibility to administer the functions assigned under chapter 35 of title 44, United States Code, the provisions of the Clinger-Cohen Act of 1996 (divisions D and E of Public Law 104-106) [see Short Title of 1996 Act note set out under section 101 of Title 41] and the amendments made by that Act, and the provisions of this title, the Director of the Office of Management and Budget shall ensure that, commencing not later than five years after the date of enactment of this Act [Oct. 21, 1998], Executive agencies provide—

“(1) for the option of the electronic maintenance, submission, or disclosure of information, when practicable as a substitute for paper; and

“(2) for the use and acceptance of electronic signatures, when practicable.

“SEC. 1705. ELECTRONIC STORAGE AND FILING OF EMPLOYMENT FORMS.

“In order to fulfill the responsibility to administer the functions assigned under chapter 35 of title 44, United States Code, the provisions of the Clinger-Cohen Act of 1996 (divisions D and E of Public Law 104-106) [see Short Title of 1996 Amendment Act set out under section 101 of Title 41] and the amendments made by that Act, and the provisions of this title, the Director of the Office of Management and Budget shall, not later than 18 months after the date of enactment of this Act [Oct. 21, 1998], develop procedures to permit private employers to store and file electronically with Executive agencies forms containing information pertaining to the employees of such employers.

“SEC. 1706. STUDY ON USE OF ELECTRONIC SIGNATURES.

“(a) ONGOING STUDY REQUIRED.—In order to fulfill the responsibility to administer the functions assigned under chapter 35 of title 44, United States Code, the provisions of the Clinger-Cohen Act of 1996 (divisions D and E of Public Law 104-106) [see Short Title of 1996 Act note set out under section 101 of Title 41] and the amendments made by that Act, and the provisions of this title, the Director of the Office of Management and Budget shall, in cooperation with the National Telecommunications and Information Administration, conduct an ongoing study of the use of electronic signatures under this title on—

“(1) paperwork reduction and electronic commerce;

“(2) individual privacy; and

“(3) the security and authenticity of transactions.

“(b) REPORTS.—The Director shall submit to Congress on a periodic basis a report describing the results of the study carried out under subsection (a).

“SEC. 1707. ENFORCEABILITY AND LEGAL EFFECT OF ELECTRONIC RECORDS.

“Electronic records submitted or maintained in accordance with procedures developed under this title, or electronic signatures or other forms of electronic authentication used in accordance with such procedures, shall not be denied legal effect, validity, or enforceability because such records are in electronic form.

“SEC. 1708. DISCLOSURE OF INFORMATION.

“Except as provided by law, information collected in the provision of electronic signature services for communications with an executive agency, as provided by this title, shall only be used or disclosed by persons who obtain, collect, or maintain such information as a business or government practice, for the purpose of facilitating such communications, or with the prior affirmative consent of the person about whom the information pertains.

“SEC. 1709. APPLICATION WITH INTERNAL REVENUE LAWS.

“No provision of this title shall apply to the Department of the Treasury or the Internal Revenue Service to the extent that such provision—

“(1) involves the administration of the internal revenue laws; or

“(2) conflicts with any provision of the Internal Revenue Service Restructuring and Reform Act of 1998 [Pub. L. 105-206, see Tables for classification] or the Internal Revenue Code of 1986 [26 U.S.C. 1 et seq.].

“SEC. 1710. DEFINITIONS.

“For purposes of this title:

“(1) ELECTRONIC SIGNATURE.—The term ‘electronic signature’ means a method of signing an electronic message that—

“(A) identifies and authenticates a particular person as the source of the electronic message; and

“(B) indicates such person’s approval of the information contained in the electronic message.

“(2) EXECUTIVE AGENCY.—The term ‘Executive agency’ has the meaning given that term in section 105 of title 5, United States Code.”

§ 3505. Assignment of tasks and deadlines

(a) In carrying out the functions under this subchapter, the Director shall—

(1) in consultation with agency heads, set an annual Governmentwide goal for the reduction of information collection burdens by at least 10 percent during each of fiscal years 1996 and 1997 and 5 percent during each of fiscal years 1998, 1999, 2000, and 2001, and set annual agency goals to—

(A) reduce information collection burdens imposed on the public that—

(i) represent the maximum practicable opportunity in each agency; and

(ii) are consistent with improving agency management of the process for the review of collections of information established under section 3506(c); and

(B) improve information resources management in ways that increase the productivity, efficiency and effectiveness of Federal programs, including service delivery to the public;

(2) with selected agencies and non-Federal entities on a voluntary basis, conduct pilot projects to test alternative policies, practices, regulations, and procedures to fulfill the pur-

poses of this subchapter, particularly with regard to minimizing the Federal information collection burden; and

(3) in consultation with the Administrator of General Services, the Director of the National Institute of Standards and Technology, the Archivist of the United States, and the Director of the Office of Personnel Management, develop and maintain a Governmentwide strategic plan for information resources management, that shall include—

(A) a description of the objectives and the means by which the Federal Government shall apply information resources to improve agency and program performance;

(B) plans for—

(i) reducing information burdens on the public, including reducing such burdens through the elimination of duplication and meeting shared data needs with shared resources;

(ii) enhancing public access to and dissemination of, information, using electronic and other formats; and

(iii) meeting the information technology needs of the Federal Government in accordance with the purposes of this subchapter; and

(C) a description of progress in applying information resources management to improve agency performance and the accomplishment of missions.

(b) For purposes of any pilot project conducted under subsection (a)(2), the Director may, after consultation with the agency head, waive the application of any administrative directive issued by an agency with which the project is conducted, including any directive requiring a collection of information, after giving timely notice to the public and the Congress regarding the need for such waiver.

(c)¹ **INVENTORY OF MAJOR INFORMATION SYSTEMS.**—(1) The head of each agency shall develop and maintain an inventory of major information systems (including major national security systems) operated by or under the control of such agency.

(2) The identification of information systems in an inventory under this subsection shall include an identification of the interfaces between each such system and all other systems or networks, including those not operated by or under the control of the agency.

(3) Such inventory shall be—

(A) updated at least annually;

(B) made available to the Comptroller General; and

(C) used to support information resources management, including—

(i) preparation and maintenance of the inventory of information resources under section 3506(b)(4);

(ii) information technology planning, budgeting, acquisition, and management under section 3506(h), subtitle III of title 40, and related laws and guidance;

(iii) monitoring, testing, and evaluation of information security controls under subchapter II;

(iv) preparation of the index of major information systems required under section 552(g) of title 5, United States Code; and

(v) preparation of information system inventories required for records management under chapters 21, 29, 31, and 33.

(4) The Director shall issue guidance for and oversee the implementation of the requirements of this subsection.

(c)¹ **INVENTORY OF INFORMATION SYSTEMS.**—(1) The head of each agency shall develop and maintain an inventory of the information systems (including national security systems) operated by or under the control of such agency;

(2) The identification of information systems in an inventory under this subsection shall include an identification of the interfaces between each such system and all other systems or networks, including those not operated by or under the control of the agency;

(3) Such inventory shall be—

(A) updated at least annually;

(B) made available to the Comptroller General; and

(C) used to support information resources management, including—

(i) preparation and maintenance of the inventory of information resources under section 3506(b)(4);

(ii) information technology planning, budgeting, acquisition, and management under section 3506(h), subtitle III of title 40, and related laws and guidance;

(iii) monitoring, testing, and evaluation of information security controls under subchapter II;

(iv) preparation of the index of major information systems required under section 552(g) of title 5, United States Code; and

(v) preparation of information system inventories required for records management under chapters 21, 29, 31, and 33.

(4) The Director shall issue guidance for and oversee the implementation of the requirements of this subsection.

§ 3506. Federal agency responsibilities

(a)(1) The head of each agency shall be responsible for—

(A) carrying out the agency’s information resources management activities to improve agency productivity, efficiency, and effectiveness; and

(B) complying with the requirements of this subchapter and related policies established by the Director.

(2)(A) Except as provided under subparagraph (B), the head of each agency shall designate a Chief Information Officer who shall report directly to such agency head to carry out the responsibilities of the agency under this subchapter.

(B) The Secretary of the Department of Defense and the Secretary of each military department may each designate Chief Information Officers who shall report directly to such Secretary to carry out the responsibilities of the department under this subchapter. If more than one Chief Information Officer is designated, the respective duties of the Chief Information Officers shall be clearly delineated.

(3) The Chief Information Officer designated under paragraph (2) shall head an office responsible for ensuring agency compliance with and prompt, efficient, and effective implementation of the information policies and information resources management responsibilities established under this subchapter, including the reduction of information collection burdens on the public. The Chief Information Officer and employees of such office shall be selected with special attention to the professional qualifications required to administer the functions described under this subchapter.

(4) Each agency program official shall be responsible and accountable for information resources assigned to and supporting the programs under such official. In consultation with the Chief Information Officer designated under paragraph (2) and the agency Chief Financial Officer (or comparable official), each agency program

official shall define program information needs and develop strategies, systems, and capabilities to meet those needs.

(b) With respect to general information resources management, each agency shall—

(1) manage information resources to—

(A) reduce information collection burdens on the public;

(B) increase program efficiency and effectiveness; and

(C) improve the integrity, quality, and utility of information to all users within and outside the agency, including capabilities for ensuring dissemination of public information, public access to government information, and protections for privacy and security;

(2) in accordance with guidance by the Director, develop and maintain a strategic information resources management plan that, to the extent practicable—

(A) describes how information resources management activities help accomplish agency missions;

(B) includes an open data plan for data that does not concern monetary policy that—

(i) requires the agency to develop processes and procedures that—

(I) require data collection mechanisms created on or after the date of the enactment of the OPEN Government Data Act to be available in an open format; and

(II) facilitate collaboration with non-Government entities (including businesses), researchers, and the public for the purpose of understanding how data users value and use government data;

(ii) identifies and implements methods for collecting and analyzing digital information on data asset usage by users within and outside of the agency, including designating a point of contact within the agency to assist the public and to respond to quality issues, usability issues, recommendations for improvements, and complaints about adherence to open data requirements within a reasonable period of time;

(iii) develops and implements a process to evaluate and improve the timeliness, completeness, consistency, accuracy, usefulness, and availability of open Government data assets;

(iv) includes requirements for meeting the goals of the agency open data plan, including the acquisition of technology, provision of training for employees, and the implementation of procurement standards, in accordance with existing law, regulation, and policy, that allow for the acquisition of innovative solutions from public and private sectors;

(v) identifies as priority data assets any data asset for which disclosure would be in the public interest and establishes a plan to evaluate each priority data asset for disclosure on the Federal Data Catalogue under section 3511 and for a determination under¹ 3511(a)(2)(A)(iii)(I)(bb), including an
