(b) Upon referral by the FCC of an application, the Committee shall conduct an initial review of the application to evaluate whether granting the requested license or transfer of license may pose a risk to national security or law enforcement interests of the United States.

(i) During the initial review, the Committee may determine:

(A) that granting an application for a license or the transfer of a license raises no current risk to national security or law enforcement interests;

(B) that any identified risk to national security or law enforcement interests raised by an application may be addressed through standard mitigation measures recommended by the Committee; or

(C) that a secondary assessment of an application is warranted because risk to national security or law enforcement interests cannot be mitigated by standard mitigation measures.

(ii) If the Committee determines that granting the application does not raise a current risk to national security or law enforcement interests or that standard mitigation measures would mitigate any risk to national security or law enforcement interests, such a determination and any recommendations shall be communicated to the FCC in a manner consistent with sections 9 and 10 of this order.

(iii) Except as provided in subsection 5(d) of this order, any initial review shall be completed before the

(c) When the Committee has determined that a secondary assessment of an application is warranted, it shall conduct such an assessment to further evaluate the risk posed to national security and law enforcement interests of the United States and to determine whether to make any recommendations pursuant to section 9 of this order. Any secondary assessment of an application shall be completed no more than 90 days after the Committee's determination that a secondary assessment is warranted. The Chair shall notify the FCC of a determination that a secondary assessment is warranted.

(d) During an initial review under subsection 5(b) of this order or a secondary assessment under subsection 5(c) of this order, if an applicant fails to respond to any additional requests for information after the Chair determines the responses are complete, the Committee may either extend the initial review or secondary assessment period or make a recommendation to the FCC to dismiss the application without prejudice. The Chair shall notify the FCC of a determination that the applicant's responses are complete, of any extensions of the initial review period, or when the Committee recommends dismissal under this subsection.

The Director of National Intelligence shall solicit and incorporate the views of the Intelligence Community, as appropriate.

(b) The analysis required under subsection (a) of this section shall be provided to the Committee within the earlier of 30 days from the date on which the Chair determines that an applicant's or licensee's responses to any questions and requests for information from the Committee are complete or 30 days from the date on which the Chair requests such an analysis. Such an analysis may be supplemented or amended as appropriate or upon a request for additional information by the Chair.

(c) The Director of National Intelligence shall ensure that the Intelligence Community continues to analyze and disseminate to the Committee any additional relevant information that may become available during the course of a review or assessment conducted with respect to an application or license.

Information submitted to the Committee pursuant to this subsection and analysis concerning such information shall not be disclosed beyond Committee Member entities and Committee Advisor entities, except as appropriate and consistent with procedures governing the handling of classified or otherwise privileged or protected information, under the following circumstances:

(a) to the extent required by law or for any administrative or judicial action or proceeding, or for law enforcement purposes;

close the shared information, including to members of the public; or

(c) to the Committee on Foreign Investment in the United States with respect to transactions reviewed by that Committee pursuant to 50 U.S.C. 4565, in which case this information and analysis shall be treated consistent with the disclosure protections of 50 U.S.C. 4565(c).

SEC. 9. Recommendations by the Committee Pursuant to the Committee Review Process. (a) With respect to applications that are reviewed or assessed pursuant to section 5 of this order, the Committee shall:

(i) advise the FCC that the Committee has no recommendation for the FCC on the application and no objection to the FCC granting the license or transfer of the license;

(ii) recommend that the FCC deny the application due to the risk to the national security or law enforcement interests of the United States; or

(iii) recommend that the FCC only grant the license or transfer of the license contingent on the applicant's compliance with mitigation measures, consistent with section 10 of this order.

(b) With respect to a license reviewed pursuant to section 6 of this order, the Committee may, when appropriate:

(i) recommend that the FCC modify the license to include a condition of compliance with mitigation measures negotiated by the Committee;

(iii) take no action with respect to the license.

(c) Any recommendation made by the Committee pursuant to subsections (a) and (b) of this section shall be based on a written risk-based analysis, conducted by the Committee Member entity or entities proposing the denial, mitigation measures, modification, revocation, or no action.

(d) The Committee shall make the recommendations described in subsections (a)(ii), (a)(iii), (b)(i), and (b)(ii) of this section if it determines that there is credible evidence that the application or license poses a risk to the national security or law enforcement interests of the United States.

(e) The Committee shall attempt to reach consensus on any recommendation authorized by this order. If senior executive Committee officials designated pursuant to subsection 3(e) of this order cannot reach consensus on a recommendation, the Chair shall present the issue to the Committee Members, who shall determine the Committee recommendation by majority vote. If the vote results in a tie, the Chair shall determine the recommendation.

(f) If the Committee's determination is a recommendation to deny an application, to grant an application contingent on compliance with non-standard mitigation measures, to modify a license to condition it upon compliance with non-standard mitigation measures, or to revoke a license, the Chair shall notify the Committee Advisors and, to the extent consistent with applicable law, provide them all available assessments, evaluations, or other analyses regarding such determination. Within 21 days of the notification, the Committee Advisors shall advise the Chair whether they oppose the recommendation.

(i) If one or more of the Committee Advisors opposes the recommendation, the senior executives designated by the Committee Members and Committee Advisors shall promptly confer in an effort to reach consensus on a recommendation. If consensus is reached, the recommendation shall be provided to the FCC consistent with subsection 9(h) of this order.

(iii) If the Committee Members and Committee Advisors are unable to reach consensus through the foregoing process, the Committee Members identified in subsection 3(b) of this order shall determine a recommendation by majority vote. If the vote results in a tie, the Chair shall determine the recommendation.

(g) The Chair shall notify the President of any intended recommendation, and any opposition thereto by a Committee Member or Committee Advisor, within 7 days of a majority or tie vote held under subsection 9(e) or 9(f)(iii) of this order if either the recommendation or any opposition thereto by a Committee Member or Committee Advisor involves the denial of an application, granting an application contingent on non-standard mitigation measures, modifying a license to condition it upon compliance with non-standard mitigation measures, or revoking a license. The FCC will receive notice of the recommendation, consistent with subsection 9(h) of this order, not earlier than 15 days after the date on which the President is notified of the intended action.

§ 155. Commission

(a) Chairman; duties; vacancy

The member of the Commission designated by the President as chairman shall be the chief executive officer of the Commission. It shall be his duty to preside at all meetings and sessions of the Commission, to represent the Commission in all matters relating to legislation and legislative reports, except that any commissioner may present his own or minority views or supplemental reports, to represent the Commission in all matters requiring conferences or communications with other governmental officers, departments or agencies, and generally to coordinate and organize the work of the Commission in such manner as to promote prompt and efficient disposition of all matters within the jurisdiction of the Commission. In the case of a vacancy in the office of the chairman of the Commission, or the absence or inability of the chairman to serve, the Commission may temporarily designate one of its members to act as chairman until the cause or circumstance requiring such designation shall have been eliminated or corrected.

(b) Organization of staff

From time to time as the Commission may find necessary, the Commission shall organize its staff into (1) integrated bureaus, to function on the basis of the Commission's principal workload operations, and (2) such other divisional organizations as the Commission may deem necessary. Each such integrated bureau shall include such legal, engineering, accounting, administrative, clerical, and other personnel as the Commission may determine to be necessary to perform its functions.

(c) Delegation of functions; exceptions to initial orders; force, effect and enforcement of orders; administrative and judicial review; qualifications and compensation of delegates; assignment of cases; separation of review and investigative or prosecuting functions; secretary; seal

(1) When necessary to the proper functioning of the Commission and the prompt and orderly conduct of its business, the Commission may, by published rule or by order, delegate any of its functions (except functions granted to the Commission by this paragraph and by paragraphs (4), (5), and (6) of this subsection and except any action referred to in sections 204(a)(2), 208(b), and 405(b) of this title) to a panel of commissioners, an individual commissioner, an employee board, or an individual employee, including functions with respect to hearing, determining, ordering, certifying, reporting, or otherwise acting as to any work, business, or matter; except that in delegating review functions to employees in cases of adjudication (as defined in section 551 of title 5), the delegation in any such case may be made only to an employee board consisting of two or more employees referred to in paragraph (8) of this subsection. Any such rule or order may be adopted, amended, or rescinded only by a vote of a majority of the members of the Commission then holding office. Except for cases involving the authorization of service in the instructional television fixed service, or as other-

wise provided in this chapter, nothing in this paragraph shall authorize the Commission to provide for the conduct, by any person or persons other than persons referred to in paragraph (2) or (3) of section 556(b) of title 5, of any hearing to which such section applies.

(2) As used in this subsection the term "order, decision, report, or action" does not include an initial, tentative, or recommended decision to which exceptions may be filed as provided in section 409(b) of this title.

(3) Any order, decision, report, or action made or taken pursuant to any such delegation, unless reviewed as provided in paragraph (4) of this subsection, shall have the same force and effect, and shall be made, evidenced, and enforced in the same manner, as orders, decisions, reports, or other actions of the Commission.

(4) Any person aggrieved by any such order, decision, report or action may file an application for review by the Commission within such time and in such manner as the Commission shall prescribe, and every such application shall be passed upon by the Commission. The Commission, on its own initiative, may review in whole or in part, at such time and in such manner as it shall determine, any order, decision, report, or action made or taken pursuant to any delegation under paragraph (1) of this subsection.

(5) In passing upon applications for review, the Commission may grant, in whole or in part, or deny such applications without specifying any reasons therefor. No such application for review shall rely on questions of fact or law upon which the panel of commissioners, individual commissioner, employee board, or individual employee has been afforded no opportunity to pass.

(6) If the Commission grants the application for review, it may affirm, modify, or set aside the order, decision, report, or action, or it may order a rehearing upon such order, decision, report, or action in accordance with section 405 of this title.

(7) The filing of an application for review under this subsection shall be a condition precedent to judicial review of any order, decision, report, or action made or taken pursuant to a delegation under paragraph (1) of this subsection. The time within which a petition for review must be filed in a proceeding to which section 402(a) of this title applies, or within which an appeal must be taken under section 402(b) of this title, shall be computed from the date upon which public notice is given of orders disposing of all applications for review filed in any case.

(8) The employees to whom the Commission may delegate review functions in any case of adjudication (as defined in section 551 of title 5) shall be qualified, by reason of their training, experience, and competence, to perform such review functions, and shall perform no duties inconsistent with such review functions. Such employees shall be in a grade classification or salary level commensurate with their important duties, and in no event less than the grade classification or salary level of the employee or employees whose actions are to be reviewed. In the performance of such review functions such employees shall be assigned to cases in rotation so far as practicable and shall not be responsible to
