In this section, before clause (1), the words “association, firm, or corporation” are omitted because of 1:1. The words “fined under title 18” are substituted for “a fine of not to exceed \$10,000” for consistency with title 18. In clauses (1)–(3), the words “false representation” are omitted as surplus. In clauses (1) and (2), the words “false report” are omitted as surplus. The words “included in a grant application” are added for clarity and consistency in this chapter. In clause (3), the words “to be made” are omitted as surplus.

§ 47127. Ground transportation demonstration projects

(a) GENERAL AUTHORITY.—To improve the airport and airway system of the United States consistent with regional airport system plans financed under section 13(b) of the Airport and Airway Development Act of 1970, the Secretary of Transportation may carry out ground transportation demonstration projects to improve ground access to air carrier airport terminals. The Secretary may carry out a demonstration project independently or by grant or contract, including an agreement with another department, agency, or instrumentality of the United States Government.

(b) PRIORITY.—In carrying out this section, the Secretary shall give priority to a demonstration project that—

(1) affects an airport in an area with an operating regional rapid transit system with existing facilities reasonably near the airport;

(2) includes connection of the airport terminal to that system;

(3) is consistent with and supports a regional airport system plan adopted by the planning agency for the region and submitted to the Secretary; and

(4) improves access to air transportation for individuals residing or working in the region by encouraging the optimal balance of use of airports in the region.

Section 13(b) of the Airport and Airway Development Act of 1970, referred to in subsec. (a), is section 13(b) of Pub. L. 91-258, which was classified to section 1713(b) of former Title 49, Transportation, prior to repeal by Pub. L. 97-248, title V, §523(a), Sept. 3, 1982, 96 Stat. 695.

§ 47128. State block grant program

(a) GENERAL REQUIREMENTS.—The Secretary of Transportation shall issue guidance to carry out a State block grant program. The guidance shall provide that the Secretary may designate not more than 20 qualified States for each fiscal year to assume administrative responsibility for all airport grant amounts available under this subchapter, except for amounts designated for use at primary airports.

(b) APPLICATIONS AND SELECTION.—A State wishing to participate in the program must submit an application to the Secretary. The Secretary shall select a State on the basis of its application only after—

(1) deciding the State has an organization capable of effectively administering a block grant made under this section;

(2) deciding the State uses a satisfactory airport system planning process;

(3) deciding the State uses a programming process acceptable to the Secretary;

(4) finding that the State has agreed to comply with United States Government standard requirements for administering the block grant, including the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), State and local environmental policy acts, Executive orders, agency regulations and guidance, and other Federal environmental requirements; and

(5) finding that the State has agreed to provide the Secretary with program information the Secretary requires.

(c) SAFETY AND SECURITY NEEDS AND NEEDS OF SYSTEM.—Before deciding whether a planning process is satisfactory or a programming process is acceptable under subsection (b)(2) or (b)(3) of this section, the Secretary shall ensure that the process provides for meeting critical safety and security needs and that the programming process ensures that the needs of the national airport system will be addressed in deciding which projects will receive money from the Government. In carrying out this subsection, the Secretary shall permit a State to use the priority system of the State if such system is not inconsistent with the national priority system.

(d) ENVIRONMENTAL ANALYSIS AND COORDINATION REQUIREMENTS.—A Federal agency, other than the Federal Aviation Administration, that is responsible for issuing an approval, license, or permit to ensure compliance with a Federal environmental requirement applicable to a project or activity to be carried out by a State using amounts from a block grant made under this section shall—

(1) coordinate and consult with the State;

(2) use the environmental analysis prepared by the State for the project or activity if such analysis is adequate; and
