

“A description of funds for the program expected to be received during that five-year period through contributions from or cost-sharing agreements with foreign governments consistent section 2569(f) of this title.”

§ 2576. Information relating to certain defense nuclear nonproliferation programs

(a) Technologies and capabilities

The Administrator shall document, for efforts that are not focused on basic research, the technologies and capabilities of the defense nuclear nonproliferation research and development program that—

- (1) are transitioned to end users for further development or deployment; and
- (2) are deployed.

(b) Assessments of status

(1) In assessing projects under the defense nuclear nonproliferation research and development program or the defense nuclear nonproliferation and arms control program, the Administrator shall compare the status of each such project, including with respect to the final results of such project, to the baseline targets and goals established in the initial project plan of such project.

(2) The Administrator may carry out paragraph (1) using a common template or such other means as the Administrator determines appropriate.

(Pub. L. 107–314, div. D, title XLIII, § 4310, as added Pub. L. 115–91, div. C, title XXXI, § 3114(a), Dec. 12, 2017, 131 Stat. 1885.)

§ 2577. Annual Selected Acquisition Reports on certain hardware relating to defense nuclear nonproliferation

(a) Annual Selected Acquisition Reports

(1) In general

At the end of each fiscal year, the Administrator shall submit to the congressional defense committees a report on each covered hardware project. The reports shall be known as Selected Acquisition Reports for the covered hardware project concerned.

(2) Matters included

The information contained in the Selected Acquisition Report for a fiscal year for a covered hardware project shall be the information contained in the Selected Acquisition Report for such fiscal year for a major defense acquisition program under section 2432 of title 10 expressed in terms of the covered hardware project.

(b) Covered hardware project defined

In this section, the term “covered hardware project” means a project carried out under the defense nuclear nonproliferation research and development program that—

- (1) is focused on the production and deployment of hardware, including with respect to the development and deployment of satellites or satellite payloads; and
- (2) exceeds \$500,000,000 in total program cost over the course of five years.
